HONORING THE CHILDREN OF APPLETIME CHILDCARE CENTER

HON. BETTY McCOLLUM

OF MINNESOTA

IN THE HOUSE OF REPRESENTATIVES

Monday, September 22, 2008

Ms. McCOLLUM of Minnesota, Madam Speaker, I rise to honor the children of Appletime Childcare Center of Rogers, Minnesota, and the Trike-a-Thon they sponsored to help fight childhood cancer.

The children of Appletime Childcare Center worked hard to raise community support and resources with their families and friends through a Trike-a-Thon on May 16, 2008. Their efforts will support research at St. Jude's Children's Hospital, the world's largest cancer research center. St. Jude's contributions to pediatric medicine have assisted doctors around the world in treating children with cancer and other life-threatening diseases. This event demonstrated a remarkable commitment by these young Minnesotans to help others.

The story of this effort reached me by way of Sharon Wilson, a proud grandmother and constituent of mine from St. Paul whose grandson, Zach Schmitz, was one of the many children who worked so diligently to organize and complete this event. The Trike-a-Thon taught young children the importance of helping others while also introducing valuable concepts of bike riding safety. By combining the fun of riding bicycles and tricycles with charitable giving, the Trike-a-Thon was a wonderful

introduction to philanthropy for these youth, and an outstanding example for the rest of our community.

Madam Speaker, it is my honor to recognize the children of Appletime Childcare Center and their successful Trike-a-Thon to fight childhood cancer.

RECOGNIZING THE DALLAS CENTER FOR ARCHITECTURE

HON. EDDIE BERNICE JOHNSON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Monday, September 22, 2008

Ms. EDDIE BERNICE JOHNSON of Texas. Madam Speaker, I would like to take this opportunity to make my colleagues aware of an exciting new facility opening in my district. The Dallas Arts District will soon be home to the Dallas Center for Architecture.

Officially opening on October 7, 2008, the DCFA will add another facet to the ever-expanding Arts District in downtown Dallas. The Center will be at 1909 Woodall Rogers Freeway and will face the Woodall Rogers Plaza. In fact, the first exhibit at the DCFA will be about the soon-to-be-constructed plaza.

I am excited about this addition to the already world renowned arts district in my hometown. The DCFA is designed for those interested in learning more about the art and science of architecture and will feature a wide variety of exhibits on topics such as environmentally sustainable design, historic preservation, adaptive reuse of buildings, urban planning, and a personal interest of mine—brownfield redevelopment.

The DCFA, in addition to the exhibits for the public, will be a place of continuing education for the architecture community and the home of the Dallas Chapter of the American Institute of Architects.

I know this project is the culmination of the work of many people. Specifically I would like to acknowledge Tip Housewright, of the AIA, for being the commissioner of the Dallas Center for Architecture during its construction. This large project has been funded by gifts from 25 of the top local architecture firms and will be sustained by events hosted by the Dallas Chapter of the American Institute of Architects.

Finally, as a Texan I need to note that the size of the Dallas Center for Architecture—it will cover over 9,000 square feet—will make it the second largest Center for Architecture in the Nation. It will be quite an asset in the continuing enhancement of Dallas.

COMMENDING BARTOW ELEMEN- TARY ACADEMY'S DESIGNATION AS A 2008 BLUE RIBBON SCHOOL

HON. ADAM H. PUTNAM

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Monday, September 22, 2008

Mr. PUTNAM. Madam Speaker, I rise today to congratulate the faculty, staff, and students of Bartow Elementary Academy (BEA) for their designation as a 2008 No Child Left Behind—Blue Ribbon School by the U.S. Department of Education.

Bartow Elementary Academy achieved this distinguished honor as a school performing in the top 10 percent within the State of Florida in the category of schools with less than 40 percent of their students from disadvantaged backgrounds. One of 320 schools in the nation to receive this honor, the Blue Ribbon reflects the dedication and commitment shared among faculty and students alike at BEA.

Bartow Elementary Academy has long displayed excellence in education. Earning an 'A'

all but one year since Florida first implemented school grades during the 1998–99 school year, BEA's teachers and students continue to distinguish themselves—helping students to continually achieve at high levels while making significant progress in closing the achievement gap.

Further, the school's willingness to explore creative new learning techniques and methodologies, such as “brain-based” learning, attributes to BEA's academic progress and ability to create varying curriculums when it comes to Sunshine State Standards.

I would like to extend my congratulations to Principal Carol Borders and her team of inspiring educators and extraordinary students. You're making a true difference in the lives of so many, and building communities that improve students' learning.

TRIBUTE TO DAN DAVIS

HON. TOM LATHAM

OF IOWA

IN THE HOUSE OF REPRESENTATIVES

Monday, September 22, 2008

Mr. LATHAM. Madam Speaker, I rise today to recognize the recent heroic actions of Dan Davis of Badger, Iowa.

On Saturday, June 14th at 4:00 a.m., Dan heard the sound of popping tires when he looked outside and saw flames shooting out of the neighbor's house. He knew that two teens were in that home while their parents were away. Dan ran into the home and woke Hannah and Max Edwards, who were sleeping through the smoke alarms. Although the house and possessions were nearly a total loss, Dan, Hannah and Max made it out unharmed.

Dan's decisive decision making in such a critical situation goes above and beyond what we are asked of as citizens of this country. His courage illustrates the compassion of Iowans; willing to do whatever it takes for a neighbor in need. I know my colleagues in the United States Congress join me in congratulating Dan Davis on a job well done. It is an honor to rep-

resent such a compassionate Iowan in Congress, and I wish Dan the best in his future endeavors.

STENNIS CENTER PROGRAM FOR CONGRESSIONAL INTERNS

HON. BART GORDON

OF TENNESSEE

IN THE HOUSE OF REPRESENTATIVES

Thursday, September 22, 2008

Mr. GORDON of Tennessee. Madam Speaker, for 6 years now, the John C. Stennis Center for Public Service Leadership has conducted a program for summer interns working in Congressional offices. This 6-week program is designed to enhance their internship experience by giving them an inside view of how Congress really works. It also provides an opportunity for them to meet with senior congressional staff and other experts to discuss issues ranging from the legislative process to the influence of the media and lobbyists on Congress.

The program is a joint effort of the Stennis Center and a collection of current and former senior congressional staff leaders who are serving as Senior Stennis Fellows. These fellows use their experience and expertise to design the program and to participate in each of the interactive sessions and panel discussions.

Interns are selected for this program based on their college record, community service background, and interest in a career in public service. This year, 21 outstanding interns, most of them juniors and seniors in college, who are working for Democrats and Republicans in both the House and Senate participated.

Madam Speaker, I congratulate the interns for their participation in this valuable program and I thank the Stennis Center and the Senior Stennis Fellows for providing such a unique experience for these interns and for encouraging them to consider a future career in public service.

HONORING HOLOCAUST MUSEUM AND STUDY CENTER

HON. ELIOT L. ENGEL

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Monday, September 22, 2008

Mr. ENGEL. Madam Speaker, the Holocaust Museum and Study Center over the past 30 years has become an important museum, cultural and educational center for one of the greatest tragedies of history that must never be forgotten.

The museum originated in 1979 with the appointment of the Rockland County Holocaust Commission by the County Legislature. It opened its doors in 1988 dedicated to educate, examine and explore the history of the Holocaust. The museum uses educational programs, lectures, exhibitions, teaching training seminars, and commemoration ceremonies to ensure that the lessons of the Holocaust are not forgotten.

The Holocaust Museum and Study Center uses the witness of Holocaust survivors living in Rockland, stories of triumph and survival in the face of a highly efficient and determined Nazi death machine. The museum also includes the stories of Allied soldiers who, in defeating the Nazis, liberated the death camps.

Remembering and teaching the history of the Holocaust is essential if we are never to repeat its terrible events. The tragic events of Rwanda tell us that the lessons of the Holocaust are still to be learned.

The murder of six million Jews as well as millions more of Gypsies, the handicapped, Slavic peoples and others such as Communists, homosexuals, Jehovah Witnesses, and Socialists, just for being who they were must not be repeated.

The Holocaust Museum and Study Center teaches this dramatic lesson so that we never have to learn it again. It is a powerful force for good in a world that still needs it.
