Your mercy. Enable us, as Your free children, to move and act with responsibility, facing the consequences of all our decided words and actions today.

Give us faith, Lord, which is strong enough to sense Your presence in our midst and bold enough to seek Your holy inspiration in our ordered routine.

Then, in partnership with one another, empower us to broaden the field of justice and establish a Nation of mutual understanding and trust. So let us give You glory today and every day of our lives. Amen.

THE JOURNAL

The SPEAKER pro tempore. The Chair has examined the Journal of the last day's proceedings and announces to the House her approval thereof.

Pursuant to clause 1, rule I, the Journal stands approved.

Mr. BISHOP of Utah. Madam Speaker, pursuant to clause 1, rule I, I demand a vote on agreeing to the Speaker's approval of the Journal.

The SPEAKER pro tempore. The question is on the Speaker's approval of the Journal.

The question was taken; and the Speaker pro tempore announced that the ayes appeared to have it.

Mr. BISHOP of Utah. Madam Speaker, I object to the vote on the ground that a quorum is not present and make the point of order that a quorum is not present.

The SPEAKER pro tempore. Pursuant to clause 8, rule XX, further proceedings on this question will be postponed.

The point of no quorum is considered withdrawn.

PLEDGE OF ALLEGIANCE

The SPEAKER pro tempore. Will the gentleman from Pennsylvania (Mr. PITTS) come forward and lead the House in the Pledge of Allegiance.

Mr. PITTS led the Pledge of Allegiance as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

ETHANOL WILL SAVE US ALL?

(Mr. POE asked and was given permission to address the House for 1 minute.)

Mr. POE. Madam Speaker, they told us that ethanol from corn would save us all—save us from global warming and dependence on foreign oil, but it just isn't so.

The rush to till up more farmland may turn out to be a crop disaster. Science Magazine reports that "using good crop land to expand biofuels will increase global warming." The reason is, now farmers will need to plow under more forests and massive grasslands to grow enough of that "savior" corn. But doing so will release carbon stored in plants and soils. The new evidence indicates, "after taking into account worldwide land use changes, corn-based ethanol will increase greenhouse gasses by (a staggering) 93 percent compared to gasoline over a 30-year period."

It is only logical that if farmland once used to grow corn that we eat is used to grow corn that we burn as fuel, more land will be needed for both agricultural production and ethanol production.

So here comes the big wipe out of massive amounts of land, all to subsidize an unproven, unpredictable industry that is potentially hazardous to our health.

And that's just the way it is.

FISA

(Mr. PITTS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PITTS. Mr. Speaker, the 21-day FISA extension that our friends on the other side of the aisle fought hard to pass 2 weeks ago would have expired this week. This extension was the Democrat alternative to a permanent bill to provide our intelligence community with the tools they need to fight the war on terror, and yet we still have not voted on the bipartisan Senate bill, or any alternative bill for that matter. We've done nothing.

I believe this exposes the House leadership's plan for what it is, an abdication of their duty to provide our intelligence community with the tools needed to protect the United States.

It has been 17 days since the Protect America Act expired. In the words of the Democratic chairman of the Senate Intelligence Committee, our intelligence gathering capabilities have already been "degraded."

Contrary to what some say, there is urgency in this matter. We are losing out on obtaining new and evolving intelligence to enable our fight against terror. There are enough votes in the House to pass the bipartisan Senate bill. It's time for the Speaker to bring the legislation up for a vote.

COMMUNICATION FROM THE CLERK OF THE HOUSE

The SPEAKER pro tempore laid before the House the following communication from the Clerk of the House of Representatives:

> HOUSE OF REPRESENTATIVES, Washington, DC, March 3, 2008.

Hon. NANCY PELOSI, The Speaker, House of Representatives,

Washington, DC.

DEAR MADAM SPEAKER: Pursuant to the permission granted in Clause 2(h) of Rule II of the Rules of the U.S. House of Representatives, I have the honor to transmit a sealed envelope received from the White House on March 3, 2008, at 2:32 p.m. and said to contain a message from the President whereby he submits the 2008 National Drug Control Strategy. With best wishes, I am Sincerely,

LORRAINE C. MILLER, Clerk of the House.

2008 NATIONAL DRUG CONTROL STRATEGY—MESSAGE FROM THE PRESIDENT OF THE UNITED STATES (H. DOC. NO. 110-98)

The SPEAKER pro tempore laid before the House the following message from the President of the United States; which was read and, together with the accompanying papers, without objection, referred to the Committees on Armed Services, Education and Labor, Energy and Commerce, Foreign Affairs, Homeland Security, the Judiciary, Natural Resources, Oversight and Government Reform, Small Business, Transportation and Infrastructure, Veterans' Affairs, and Ways and Means and ordered to be printed:

To the Congress of the United States:

I am pleased to transmit the 2008 National Drug Control Strategy, consistent with the provisions of section 201 of the Office of National Drug Control Policy Reauthorization Act of 2006.

My Administration published its first National Drug Control Strategy in 2002, inspired by a great moral imperative: we must reduce illegal drug use because, over time, drugs rob men, women, and children of their dignity and of their character. Thanks to bipartisan support in the Congress; the work of Federal, State, local, and tribal officials; and the efforts of ordinary citizens, 6 years later fewer Americans know the sorrow of addiction.

We have learned much about the nature of drug use and drug markets, and demonstrated what can be have achieved with a balanced strategy that puts resources where they are needed most. Prevention programs are reaching Americans in their communities, schools, workplaces, and through the media, contributing to a 24 percent decline in youth drug use since 2001. Today, approximately 860,000 fewer young people are using drugs than in 2001. We have expanded access to treatment in public health settings, the criminal justice system, and in sectors of society where resources are limited. The Access to Recovery program alone has extended treatment services to an additional 190.000 Americans, exceeding its 3-year goal by over 50 percent. We have seized unprecedented amounts of illegal drugs and have denied drug traffickers and terrorists the profits they need to conduct their deadly work. During the first three quarters of 2007 we saw significant disruptions in the cocaine and methamphetamine markets, with prices rising by 44 percent and 73 percent, and purities falling by 15 percent and 31 percent, respectively.

These results do not mean that our work is done. Rather, they provide a charter for future efforts. By pursuing a balanced strategy that addresses the epidemiology of drug use and the economics of drug availability, we can further reduce drug use in America. I thank the Congress for its support and ask that it continue this noble work on behalf of the American people. GEORGE W. BUSH.

THE WHITE HOUSE, March 3, 2008.

GENERAL LEAVE

Mr. RAHALL. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous material on the resolution under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from West Virginia?

There was no objection.

Mr. REYES. Mr. Speaker, I wish to commend our distinguished colleague from the Virgin Islands, a valuable member of our Committee on Natural Resources and the chairwoman of our Insular Affairs Subcommittee, DONNA CHRISTENSEN, for sponsoring the pending legislation, H.R. 1143.

The bill would authorize the National Park Service to continue its successful relationship with Caneel Bay Resort, ensure that park resources are protected, and allow the resort to undertake needed maintenance and improvement programs that will benefit visitors to Virgin Islands National Park and the Caneel Bay Resort well into the future.

Congresswoman CHRISTENSEN deserves our thanks for her work in ensuring that visitor services at Virgin Islands National Park are available and that resources are protected.

I fully support passage of the pending bill and urge its adoption by the House today.

Mr. Speaker, I reserve the balance of my time.

Mr. BISHOP of Utah. Mr. Speaker, I rise to speak on H.R. 1143 and yield myself such time as I may consume.

This has been adequately explained by Chairman RAHALL. We support this legislation.

Mr. Speaker, I have no additional speakers, and I yield back the balance of my time.

Mr. REYES. Mr. Speaker, I yield such time as she may consume to the gentlelady from the Virgin Islands, Dr. CHRISTENSEN.

Mrs. CHRISTENSEN. I thank the chairman for yielding.

Mr. Speaker, I rise in, of course, strong support of H.R. 1143, legislation I introduced to authorize the Secretary of the Interior to enter into a new arrangement, a lease with the owners of Caneel Bay Resort in my congressional district.

I want to also thank Chairman RA-HALL as well as Chairman GRIJALVA for not only supporting the passage of this bill, but for traveling to my district to see for themselves the importance of Caneel Bay to the island and to the people of St. John.

Mr. Speaker, Caneel Bay traces its roots to Laurence Rockefeller's coming to the island of St. John in 1952. He purchased the then-existing resort facilities and also acquired more than 5,000 surrounding acres to protect the area. In 1956, he donated the additional land to create the Virgin Islands National Park. At the same time, he created Caneel Bay Resort, comprising 170 acres, which continues to complement and to be environmentally consistent with the natural beauty of the park's setting.

Mr. Rockefeller subsequently decided to transfer the land underlying Caneel Bay to the National Park Service, while retaining the improvements and continuing the Caneel Bay operations. He accomplished this through the execution of a series of unique agreements generally known as a retained use estate, or RUE.

H.R. 1143 became necessary because the RUE is slated to expire in 2023, and its current owners require more than the remaining 15 years to provide the capital and long-term financing necessary to reverse the decline of the facilities over the years and to return it to the grandeur and stature that it deserves.
