CONGRESSIONAL EARMARKS, LIMITED TAX BENEFITS, OR LIMITED TARIFF BENEFITS

Under clause 9 of rule XXI, lists or statements on congressional earmarks, limited tax benefits, or limited tariff benefits were submitted as follows:

OFFERED BY MR. JEFF FORTENBERRY

Bill Number: S. 2739.

Account: National Park Service.

Legal Name of Requesting Entity: Missouri River Basin Lewis and Clark Interpretive Trail and Visitor Center Foundation, Inc. (a 501(c)(3) not-for-profit organization).

Address of Requesting Entity: 100 Valmont Drive, Nebraska City, Nebraska 68410.

Description of Request: The request is very straightforward. It would simply convey certain federal land near Nebraska City associated with the Missouri River Basin Lewis and Clark Interpretive Trail and Visitor Center to the related non-profit group. The bill also authorizes \$150,000 annually for ten years to operate the facility. This legislation would actually save the federal government about \$50,000 a year since the National Park Service currently provides about \$200,000 for the center.

OFFERED BY MR. PETER T. KING OF NEW YORK

Bill Number: H.R. 2830.

Excess Coast Guard Property.

Legal Name of Requesting Entity: Nassau County Police Department.

Address of Requesting Entity: 1490 Franklin Avenue, Mineola, New York 11501.

Description of Request: Section 429 of the Coast Guard Authorization Act of 2008 being considered on the House floor today authorizes the conveyance of two excess 41-foot utility boats to the Nassau County Police Department's Marine Bureau.

NCPD is currently using a pair of 1984 Bertrams on the north shore to provide marine patrols in Long Island Sound. These boats, approximately 33 feet in length, are commercially available recreational boats.

The Coast Guard Authorization Act of 2008 allows for the Coast Guard to transfer two of its excess 41-foot utility boats to the Nassau County Police Department once decommissioned by the Coast Guard. The boats still have many years of serviceable life, but are being replaced throughout the Coast Guard over the course of the next 6 years with the 45-foot Response Boat-Medium, built by Marinette Marine Corp.

The 41-foot utility boat has been the workhorse of the Coast Guard's small boat fleet for three decades. The boats have a greater endurance with a fuel capacity of 370 gallons, are more durable with their aluminum hull, and can tow 100 tons, making them the ideal asset to assist mariners in distress.

Bill Number: S. 2739 (H.R. 30).

The Eastern Municipal Water District Recycled Water System Pressurization and Expansion Project will encourage and expand opportunities for recycled water use throughout Riverside County and southern California. Riverside County is one of the fastest growing regions of the United States. Rapid population growth has forced regional municipal water districts to seek out alternative sources to meet demand.

This project is a good use of taxpayer money because Eastern Municipal Water District's existing distribution system does not provide a "level of service" (pressure, flow control, peak pumping capacity) sufficient to meet the growing needs of its municipal irrigation customers. In order to meet the increased regional demand, Eastern must construct the necessary infrastructure needed to improve and expand the operating characteristics of an existing recycled water distribution system. This expanded system will be of great benefit to residents throughout the region.

The total cost of the project is \$49,451,500 with a Federal authorization of \$12 million

Below is a breakdown of the estimated costs of the project:

PROJECT COST ESTIMATE

	Quantity	Unit	\$/Unit*	Cost

Provision: Title IV Sec. 402.

Legal Name of Requesting Entity: Stabbert Maritime.

Address of Requesting Entity: 2629 NW 54th Street, W-201, Seattle, WA, 98107.

Description of Request: This provision would restore the coastwise privileges to the U.S.-build research ship, the *Ocean Veritas*, that was sold foreign in 1997 but now is in the process of being reflagged to the U.S. flag. The ship was built in 1974 by Halter Marine Fabricators, Gulfport, MS, which is also its homeport. However, unless this provision is enacted the vessel would be without coastwise privileges as a result of that prior sale to a foreign owner.
