ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (during the vote). Two minutes remain in this vote.

□ 1304

So the concurrent resolution was agreed to.

The vote was announced as above recorded.

A motion to reconsider was laid on the table.

Stated for:

Mr. HERGER. Mr. Speaker, on rollcall No. 237, I was unavoidably detained. Had I been present, I would have voted "yea."

REMOVAL OF NAME OF MEMBER
AS COSPONSOR OF H. RES. 992

Ms. FALLIN. Mr. Speaker, I ask unanimous consent to remove my name as a cosponsor of House Resolution 992.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Oklahoma?

There was no objection.

CORRECTING ENROLLMENT OF
H.R. 493

Mr. GEORGE MILLER of California. Mr. Speaker, I move to suspend the rules and agree to the concurrent resolution (H. Con. Res. 340) to make technical corrections in the enrollment of the bill H.R. 493.

The Clerk read the title of the concurrent resolution.

The text of the concurrent resolution is as follows:

H. CON. RES. 340

Resolved by the House of Representatives (the Senate concurring), That in the enrollment of the bill H.R. 493 (to prohibit discrimination on the basis of genetic information with respect to health insurance and employment) the Clerk of the House of Representatives shall make the following technical corrections:

- (1) In section 104(d)—
 - (A) in paragraph (2), strike "June 30, 2008" and insert "October 31, 2008";
 - (B) in paragraph (3), strike "October 1, 2008" and insert "July 1, 2009"; and
 - (C) in paragraph (4)—
 - (i) in subparagraph (A)(ii), strike "October 1, 2008" and insert "July 1, 2009"; and
 - (ii) in subparagraph (B)(ii)—
 - (I) strike "in 2008" and insert "in 2009"; and
 - (II) strike "July 1, 2008" and insert "July 1, 2009".
 - (2) In section 202(b)(6), strike "law enforcement" and all that follows through "and requests" and insert "law enforcement purposes as a forensic laboratory or for purposes of human remains identification, and requests".
 - (3) In section 205(b)(6), strike "law enforcement" and all that follows through "and requests" and insert "law enforcement purposes as a forensic laboratory or for purposes of human remains identification, and requests".

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from California (Mr. GEORGE MILLER) and the gentleman from California (Mr. MCKEON) each will control 20 minutes.

The Chair recognizes the gentleman from California (Mr. GEORGE MILLER).

GENERAL LEAVE

Mr. GEORGE MILLER of California. Mr. Speaker, I request 5 legislative days during which Members may insert extraneous material on House Concurrent Resolution 340 into the RECORD.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from California?

There was no objection.

Mr. GEORGE MILLER of California. I yield myself such time as I may consume.

(Mr. GEORGE MILLER of California asked and was given permission to revise and extend his remarks.)

Mr. GEORGE MILLER of California. This concurrent resolution makes two technical corrections to the GINA legislation just passed. First, with respect to the Department of Defense Labs, in our current bill, section 202(b)(6) and section 205(b)(6) of H.R. 493 provides an exclusion for an employer to conduct DNA analysis for law enforcement purposes as a forensic laboratory, which submits analyses to the Combined DNA Index System, known as CODIS, if the employer only uses that analysis of DNA identification markers for quality control to detect sample contamination.

However, we recently learned that the Armed Forces DNA Identification Laboratory, AFDIL, of the Armed Forces Medical Examiner System, which identifies soldiers' remains, would not be included in this exclusion because it does not submit DNA to the CODIS system.

It was not our intent to prevent the Armed Forces, AFDIL, from using DNA analysis for human remains identification. This technical change would allow them to continue their mission.

With respect to NAIC, the other change is a very minor one. Section 104 of the bill, dealing with Medigap, requires the National Association of Insurance Commissioners to modify their regulations to conform to GINA. The deadline for NAIC to make these modifications is June 30, 2008. If NAIC does not make these modifications by this timeframe, HHS would be required to make the modifications by October 1, 2008.

When this bill moved through the House last April, these deadlines were not a problem. However, with today being May 1, NAIC will not be able to meet the June deadline. Thus, the other change to this bill pushes back the NAIC and HHS deadlines until October 30, 2008, and July 1, 2009.

I reserve the balance of my time.

Mr. MCKEON. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in support of House Concurrent Resolution 340. This resolution makes technical corrections to the Genetic Information Non-discrimination Act, commonly known as GINA, the act that we just passed. Specifically, this resolution will clarify the use of genetic information at forensic laboratories used by law enforcement agencies. This technical correction ensures the Department of Defense will be able to use genetic information to identify the remains of American servicemen and women.

The recent DNA identification of Staff Sergeant Matt Maupin, missing since his capture in Iraq in 2004, offers us a painful reminder of why genetic information may be needed to identify the heroic men and women who give their lives in service to this Nation.
