PROCEEDINGS AND DEBATES OF THE 110<sup>th</sup> CONGRESS, SECOND SESSION

Vol. 154

WASHINGTON, WEDNESDAY, SEPTEMBER 17, 2008

No. 148

## House of Representatives

The House met at 10 a.m.

Rev. Danny Davis, Mount Hermon Baptist Church, Danville, Virginia, offered the following prayer:

Loving God, You have shown us what is good, and that is "to act justly, to love mercy, and to walk humbly with our God."

Help us, Your servants, to do exactly that, to be instruments of both justice and mercy, exercising those virtues in humility. Your word requires it. Our Nation needs it.

Forgive us when we have failed to do that. For therein not only have we failed ourselves, we have failed You as well.

Today, fresh and anew, we ask that those twin rivers of justice and mercy might roll down from on high. Let them saturate this Chamber, permeating every mind, flooding every heart, cleansing every motive, and springing forth in every action. And then let them flow forth from this place, nourishing our land, refreshing its citizens, and bringing glory to the God who placed in us such a sacred trust.

In Jesus' name, amen.

### THE JOURNAL

The SPEAKER. The Chair has examined the Journal of the last day's proceedings and announces to the House her approval thereof.

Pursuant to clause 1, rule I, the Journal stands approved.

### PLEDGE OF ALLEGIANCE

The SPEAKER. Will the gentlewoman from California (Ms. RICHARDSON) come forward and lead the House in the Pledge of Allegiance.

Ms. RICHARDSON led the Pledge of Allegiance as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

### WELCOMING REV. DANNY DAVIS

The SPEAKER. Without objection, the gentlewoman from Virginia (Mrs. DRAKE) is recognized for 1 minute.

There was no objection.

Mrs. DRAKE. Thank you, Madam Speaker.

I am proud to recognize and welcome Dr. Danny Davis, the senior pastor at Mount Hermon Baptist Church in Danville, Virginia. He is accompanied today by his wife of 30 years, Sandy.

Dr. Davis was born in Tennessee and grew up in Williamsburg, Kentucky. Having served in the ministry since 1985, he has pastored churches in Kentucky, North Carolina, Florida and Virginia. Not only does Dr. Davis have a heart for service in his local community but also for ministry through missions at home and abroad. He has been involved in multiple mission trips to Tanzania, Russia, Honduras, the Northern Cheyenne Reservation in Montana, the United Kingdom, Greece and even Communist Cuba.

Dr. Davis' only son, Jordan, has served as a member of my staff for the past 3 years. Jordan's hard work and dedication have helped me to better serve my constituents. I know I have Dr. Davis to thank for having instilled in his son the same values he displays in his ministry as well as the importance of service to others and his country.

I want to thank Dr. Davis for being here today and offering today's prayer and I wish him continued success in his ministry.

### ANNOUNCEMENT BY THE SPEAKER

The SPEAKER. The Chair will entertain up to 15 further requests for 1-minute speeches on each side of the aisle.

### REPUBLICANS TO BLAME FOR ENERGY CRISIS

(Ms. RICHARDSON asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. RICHARDSON. Madam Speaker, 3 years ago, Republicans passed an energy plan that they said would lower prices at the pump, drive economic growth and job creation and promote energy independence. I ask you, America, did it work? The answer is no.

Now we look 3 years later and the price of gas has gone up 59 percent, the economy is tanking and we've lost 600,000 jobs this year alone. The Republicans are saying they know how to solve the problem. Well, they had control of Washington for 6 years and the results are clear—the mission is not accomplished and everyone is feeling the effect of their failure today.

Democrats have been working hard to reverse the Republican failed policies of the past. Yesterday we passed a comprehensive energy package that will lower prices at the pump, expand domestic drilling off the Outer Continental Shelf, expand renewable energy sources, end subsidies for Big Oil and create good-paying jobs for Americans here.

I would like to know why Republicans did not solve the energy crisis. Yesterday Democrats continued a new direction and took action to solve the energy crisis.

### WELCOMING REV. DANNY DAVIS

(Mr. GOODE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GOODE. Mr. Speaker, I too want to say welcome to Dr. Danny Davis for delivering the opening prayer this morning. His son works in the office of Congresswoman THELMA DRAKE. But his church, Mount Hermon Baptist

Church, is located in the Fifth District of Virginia. His predecessor, Dr. Don Davidson, in the last Congress delivered an opening prayer. And Mount Hermon Baptist Church served as the host church for the memorial services of my predecessor in Congress, the late Dan Daniel, 20 years ago.

In closing, Mr. Speaker, I would like to say that the measure passed yesterday for the Commonwealth of Virginia was a hoax and a sham. It provides no funds for the Commonwealth, for its offshore natural gas and its offshore crude oil. I have talked with members of the General Assembly. They will be very reluctant to adopt any drill policy when they are not treated the same as Texas, Louisiana, Mississippi and Alabama. We need to be fair to encourage drilling.

#### FLAGS OVER MANTECA, CALIFORNIA

(Mr. McNERNEY asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. McNERNEY. Mr. Speaker, I rise today to commemorate the dedication of so many volunteers who eight times a year line the streets of Manteca, California, with 2,400 flags in a stunning display of patriotism. Flags Over Manteca began after September 11 to recognize those who lost their lives on that day and all Americans who have sacrificed in service to our country.

Each morning on days of remembrance during the year, volunteers and service groups place flags along eight miles of Manteca's main roads to celebrate our country's heroes. Coordinating it all is the Manteca Chamber of Commerce and volunteer Les Thomas who arrives early to ensure that everyone knows what to do. He is there at the end of the day to receive all 2,400 flags and carefully pack them away until the next holiday.

The event has become so meaningful that volunteers arrive at 4:30 in the morning to have the privilege of placing flags in honor of those who will not be forgotten.

Today I commend all those who make Flags Over Manteca work. I hope it continues to memorialize the sacrifices of our Nation's heroes.

#### A MISSED OPPORTUNITY

(Mr. WITTMAN of Virginia asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WITTMAN of Virginia. Mr. Speaker, yesterday we had a great opportunity to put forward a bipartisan approach to solve this Nation's energy problems. Unfortunately, we didn't do that. We had a bill that arrived at the last minute to us with very little time to look over and no attempt to make sure that it included the best ideas on how to solve this Nation's energy problems.

That opportunity was bypassed, and what we ended up with was a very narrowly banded bill that will not address this Nation's energy problems.

That is reprehensible. We need to make sure that we have that opportunity. We have a bill that passed out of here yesterday that has already been said by Democrats in the Senate that it's dead on arrival and that it's going to be vetoed by the President.

Why didn't this body take the opportunity to make sure that we adopted an energy policy that was going to be in the best long-term interest to this Nation, that had a chance of passing and that had a chance of making a difference in the gas prices of our men and women out there that their families have to deal with each and every day? That is reprehensible. We had a great opportunity yesterday that we missed, that we did not take advantage of, Mr. Speaker, and I tell you this Nation will suffer for it.

#### DEMOCRATS WANT TO JUMP START THIS ECONOMY BY PASS- ING A NEW ECONOMIC RECOVER- ERY PLAN

(Mr. BRALEY of Iowa asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BRALEY of Iowa. Mr. Speaker, the crisis on Wall Street impacts Americans across the country. In the coming days, House Democrats will continue our efforts to revive the economy and end the free for all on Wall Street and restore confidence on Main Street.

Democrats have restored the kind of oversight that was missing under President Bush and the Republican Congress. The GOP decision to turn a blind eye to financial markets helped pave the way for the financial crisis that has brought down home values across the country and has significantly weakened our economy. Democrats have and will continue to do things differently.

This month, Democrats will work to enact a second economic recovery package that will help Americans who have lost their jobs or who are barely making ends meet, and they will create good-paying jobs. That's what we need in our flood-ravaged communities in Iowa.

Mr. Speaker, these Bush-McCain economic policies have put America in an economic hole. This month, Republicans will again have a clear choice. Stand with the Bush-McCain plan for more of the same or take action to aid families who are struggling.

#### HOUSE CONCURRENT RESOLUTION 417

(Mr. McCOTTER asked and was given permission to address the House for 1 minute.)

Mr. McCOTTER. I've long thought that civics should be taught as earnestly as possible in our schools.

Yesterday, we saw the spectacle of a Democratic House sham energy bill being passed out of here and lauded as if the problem had been solved. The problem is no one had consulted with the Democratic Senate, which had declared it dead on arrival.

Now, for a bill to become law, it must pass both Chambers and be signed by the President of the United States. Only in that way can meaningful American energy security and independence be secured. That is why I have introduced House Concurrent Resolution 417 that says that it is the sense of this Congress that we will not adjourn until meaningful energy legislation has been passed into law to help the American people through this difficult time.

Now, again, I have to do this because there seem to be some who think that simply passing a sham energy bill for political cover out of this body is going to help any American struggling at the pump. It will not. Let them put your money where their mouth is and stay here until they get the job done.

#### IMMIGRATION REFORM

(Mr. BACA asked and was given permission to address the House for 1 minute.)

Mr. BACA. Mr. Speaker, I'm here on behalf of immigrant families who otherwise would not have a voice. There are those who insist that undocumented immigrants have broken the law, that they are criminals, but what image do you get when you hear that someone is a criminal? Your image is of a murderer, of a thief, of a drug dealer, of someone who intensely wants to hurt another person.

These families who are wrongly called "criminals" come to the United States without the intent to hurt anyone. Yet there are anti-immigrant attacks that continue to say otherwise. What happened to the Ten Commandments? to love thy neighbor?

There are those who say that these families should play by the rules. The rules now are to form a line and to wait many years and to pay a huge fine, but the reality is the immigration process is so complicated that some of us would have a difficult time getting through it. We need comprehensive immigration reform to address the 12 to 14 million people in the United States to play by the rules and to also fix this broken system.

I urge my colleagues to support comprehensive immigration.

#### UNFAIR AND UNBALANCED TRADE DEALS

(Mr. KAGEN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. KAGEN. Mr. Speaker, in Wisconsin and throughout the Nation,
