POM-310. A resolution adopted by the House of Representatives of the State of Michigan urging Congress to pass the Foreclosure Prevention Act of 2008; to the Committee on Banking, Housing, and Urban Affairs.

#### HOUSE RESOLUTION NO. 306

Whereas, the cascading impact of houses that are lost to foreclosure for failure to pay the mortgage is becoming increasingly evident in many locations. The impact of the foreclosures over the past year is so great that it is estimated by some that as many as one homeowner in ten now owes more on their house's mortgage than the house is worth. All homes, even those without a mortgage, lose value quickly as houses stand empty. For many neighborhoods, the prospect of vacancy is accompanied by justifiable concerns over safety; and

Whereas, Congress is considering the Foreclosure Prevention Act of 2008 as a means of bringing a swift response to reverse the destructive trend of people walking away from homes because of loans they cannot possibly pay. This legislation offers a range of provisions, including allocations for foreclosure prevention counseling, expanding the capacity of governmental entities to redevelop properties, allowing housing finance agencies to help home buyers and issue refinancing bonds for owners with subprime loans, and empowering bankruptcy judges to change the terms of loans facing foreclosure. The bankruptcy adjustment provision would be consistent with the power bankruptcy judges already have for other kinds of debts, including those for vacation homes and rental properties; and

Whereas, clearly, the severity of the mortgage foreclosure crisis demands vigorous and swift action. Less comprehensive approaches and voluntary programs alone are not enough: Now, therefore, be it

*Resolved by the House of Representatives,* That we memorialize the Congress of the United States pass and the President to sign the Foreclosure Prevention Act of 2008; and be it further

*Resolved,* That copies of this resolution be transmitted to the Office of the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation. Adopted by the House of Representatives, March 20, 2008.

POM-311. A resolution adopted by the House of Representatives of the State of Kentucky urging Congress to act swiftly to renew the exemption of the Delta Queen from the Safety of Life at Sea Act of 1966; to the Committee on Commerce, Science, and Transportation.

#### HOUSE RESOLUTION NO. 109

A Resolution urging the United States Congress to act swiftly to renew the exemption of the Delta Queen from the Safety of Life at Sea Act of 1966.

Whereas, the Delta Queen is an integral part of the culture and character of the Ohio River valley; and

Whereas, the Delta Queen has made a lasting impression as a beloved part of the past in the hearts of passengers and crew members; and

Whereas, the Delta Queen is a part of the National Register of Historic Places, a National Historic Landmark, and a jewel of the United States's inland navigable water system; and

Whereas, the Delta Queen is the last of its kind, a sternwheel overnight passenger

steamboat like those that contributed to this nation's westward expansion; and

Whereas, the Delta Queen has been and continues to be a safe and reliable vessel; and

Whereas, the Delta Queen was constructed in 1926 to operate as a passenger vessel in northern California, during World War II was used in the United States Navy as a ferry for wounded being treated in San Francisco; and

Whereas, after being purchased in 1946 by Greene Line Steamers of Cincinnati, Ohio, the Delta Queen was carried from California, to and along the Mississippi and Ohio Rivers, to Pittsburgh, Pennsylvania for refurbishment in order to carry passengers on the nation's inland navigable water system; and

Whereas, the Safety of Life at Sea Act of 1966 (P.L. 89-777) mandates that all passenger vessels having berth or stateroom accommodations for 50 or more passengers obey safety requirements, particularly fire safety requirements; and

Whereas, after this act was passed, the wooden construct of the Delta Queen was treated with fire resistant materials and a modern sprinkler system, thereby making this vessel considerably more fire resistant; and

Whereas, the Delta Queen has historically been exempted from the Safety of Life at Sea Act; and

Whereas, the Delta Queen's safety records do not indicate that she is any less safe today than at any point since the passage of the act in 1966; and

Whereas, the current exemption for the Delta Queen is to expire in 2008, and the United States Congress has not acted to grant another exemption for the Delta Queen to allow her to continue operating: Now therefore, be it

*Resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:*

Section 1. The House of Representatives of the Commonwealth of Kentucky hereby urges the United States Congress to act swiftly to continue the exemption of the Delta Queen from the Safety of Life at Sea Act of 1966.

Section 2. The Clerk of the House of Representatives shall forward a copy of this Resolution to the Clerk of the United States Senate, the Clerk of the United States House of Representatives, and all of the members of Kentucky's Congressional Delegation.

POM-312. A concurrent resolution adopted by the Senate of the State of Louisiana urging Congress to review and consider eliminating provisions of federal law which reduce Social Security benefits for those receiving the benefits from government retirement or pension plans; to the Committee on Finance.

#### SENATE CONCURRENT RESOLUTION NO. 3

To memorialize the Congress of the United States to review and consider eliminating provisions of federal law which reduce Social Security benefits for those receiving pension benefits from federal, state, or local government retirement or pension systems, plans, or funds.

Whereas, the Congress of the United States has enacted both the Government Pension Offset (GPO), reducing the spousal and survivor Social Security benefit, and the Windfall Elimination Provision (WEP), reducing the earned Social Security benefit for any person who also receives a federal, state, or local retirement or pension benefit; and

Whereas, the intent of Congress in enacting the GPO and the WEP provisions was to address concerns that a public employee who had worked primarily in federal, state, or local government employment might receive a public pension in addition to the same So-

cial Security benefit as a person who had worked only in employment covered by Social Security throughout his career; and

Whereas, the purpose of Congress in enacting these reduction provisions was to provide a disincentive for public employees to receive two pensions; and

Whereas, the GPO negatively affects a spouse or survivor receiving a federal, state, or local government retirement or pension benefit who would also be entitled to a Social Security benefit earned by a spouse; and

Whereas, the GPO formula reduces the spousal or survivor Social Security benefit by two-thirds of the amount of the federal, state, or local government retirement or pension benefit received by the spouse or survivor, in many cases completely eliminating the Social Security benefit; and

Whereas, the WEP applies to those persons who have earned federal, state, or local government retirement or pension benefits, in addition to working in employment covered under Social Security and paying into the Social Security system; and

Whereas, the WEP reduces the earned Social Security benefit using an averaged indexed monthly earnings formula and may reduce Social Security benefits for affected persons by as much as one-half of the retirement benefit earned as a public servant in employment not covered under Social Security; and

Whereas, because of these calculation characteristics, the GPO and the WEP have a disproportionately negative effect on employees working in lower-wage government jobs, like policemen, firefighters, teachers, and state employees; and

Whereas, because the Social Security benefit statements do not calculate the GPO and the WEP, many public employees in Louisiana are unaware that their expected Social Security benefits shown on such statements will be significantly lower or non-existent due to the service in public employment through which they are required to be members of a Louisiana public retirement or pension system, plan, or fund; and

Whereas, these provisions also have a greater adverse effect on women than on men because of the gender differences in salary that continue to plague our nation and the longer life expectancy of women; and

Whereas, Louisiana is making every effort to improve the quality of life of her citizens and to encourage them to live here lifelong: Now therefore, be it

*Resolved*, that the Legislature of Louisiana does hereby memorialize the Congress of the United States to review the GPO and the WEP Social Security benefit reductions and to consider eliminating or reducing them; and be it further

*Resolved*, that a copy of this Resolution shall be transmitted to the secretary of the United States Senate and the clerk of the United States House of Representatives and to each member of the Louisiana delegation to the United States Congress.

POM-313. A joint resolution adopted by the Legislature of the State of Washington urging support for Taiwan's participation in the World Health Organization; to the Committee on Foreign Relations.

#### SENATE JOINT MEMORIAL 8028

To The Honorable George W. Bush, President of the United States, and to the President of the Senate and the Speaker of the House of Representatives, and to the Senate and House of Representatives of the United States, in Congress Assembled, and to the United States Secretary of State, and to the United States Secretary of Health and Human Services, and to the United States Representative to the World Health Assem-

bly, and to the Director-General of the World Health Organization, and to the representative of the Taipei Economic and Cultural Representative Office in the United States:

We, your Memorialists, the Senate and House of Representatives of the State of Washington, in legislative session assembled, respectfully represent and petition as follows:

Whereas, Direct and unobstructed participation in international health cooperation forums and programs is crucial for all parts of the world, especially with today's greater potential for the cross-border spread of various infectious diseases such as AIDS; and

Whereas, Taiwan's achievements in the field of health care are substantial, including life expectancy levels that are some of the highest in Asia, maternal and infant mortality rates that are comparable to those of western countries, free hepatitis B vaccinations for children and the eradication of polio, cholera, smallpox, and the plague; and

Whereas, The Centers for Disease Control and Prevention and its Taiwanese counterpart have enjoyed close collaboration on a wide range of public health issues; and

Whereas, In recent years Taiwan has expressed a willingness to assist financially and technically the international aid and health activities supported by the World Health Organization; and

Whereas, Taiwan's population of 23 million is larger than that of 75 percent of World Health Organization member states; and

Whereas, The United States, in its 1994 Taiwan Policy Review, declared its intention to support Taiwan's participation in appropriate international Organizations; and

Whereas, Taiwan's participation in the World Health Organization could bring many benefits to the state of health not only in Taiwan but also regionally and globally: Now, therefore

Your Memorialists respectfully pray that Congress support the participation by Taiwan in a meaningful and appropriate way in the World Health Organization: Now, therefore, be it

*Resolved*, That copies of this memorial shall be immediately transmitted to the Honorable George W. Bush, President of the United States, the United States Secretary of State, the United States Secretary of Health and Human Services, the United States representative to the World Health Assembly, the Director-General of the World Health Organization, the representative of the Taipei Economic and Cultural Representative Office in the United States, the President of the United States Senate, the Speaker of the House of Representatives and each member of Congress from the State of Washington.

POM-314. A resolution adopted by the Senate of the State of Kansas urging Congress to amend the No Child Left Behind Act; to the Committee on Health, Education, Labor, and Pensions.

#### SENATE RESOLUTION NO. 1831

A RESOLUTION urging the Congress of the United States to amend the No Child Left Behind Act so that states will be allowed to continue to work toward the goal of closing the achievement gap without overly prescriptive federal rules, unfunded mandates and the coercion of losing federal funds.

Whereas, The purpose of the No Child Left Behind Act (NCLB), which was enacted on a bipartisan basis and scheduled to be reauthorized in 2008, is to increase the academic achievement of all students in language arts, mathematics and science, and to close achievement gaps among various subgroups of students; and

Whereas, The NCLB sets expectations for all students to be 100% proficient by school

year 2013–2014; however, the specific requirements are unreasonable for students with limited English proficiency and students with disabilities, making it impossible for all schools to comply with the law; and

Whereas, The NCLB requires highly qualified teachers in core academic areas, which conflicts with the process for certifying special education teachers and overlooks the fact that many categories of teachers, including special education teachers and middle school teachers in small rural schools, often teach several subjects; and

Whereas, The NCLB coerces participation by placing punitive financial consequences on states refusing to participate; and

Whereas, The NCLB is an under-funded mandate, with actual funding falling over \$70 billion short of the authorized levels, placing the burden on states and school districts to spend their own limited resources to implement the NCLB; and

Whereas, States should be allowed to use multiple measures of student achievement and school effectiveness in their state accountability plan, and to use a student-growth approach in their state accountability plan; and

Whereas, States should have the flexibility to allow school districts to design appropriate instructional interventions and incorporate differentiated interventions for any school not making adequate yearly progress so that a school that falls short in only a small number of federal criteria is not treated in the same manner as a school that falls short on all such measures, and to allow a district not making adequate yearly progress to be the supplemental educational services provider; and

Whereas, States should be given sufficient time for improvement plans to take effect before applying sanctions, and sanctions should not be applied if they undermine existing effective reform efforts, or states should be permitted to replace sanctions that do not have a consistent record of success with interventions that enable schools to make changes that result in improved student achievement; and

Whereas, States and school districts should have the flexibility to determine the appropriate standards upon which to base assessments for students with disabilities and to utilize the results from assessments based on such standards in calculating adequate yearly progress without arbitrary federal limitation on the use of such assessments; and

Whereas, States and school districts should have the flexibility to exclude assessment results of newly arrived limited-English proficient students in adequate yearly progress calculations for an appropriate number of years to ensure that such tests are measuring students' academic content knowledge and not just their English-proficiency levels; and

Whereas, Funding for supplemental educational services and school choice transportation should be funded by the federal government, and not come from diverting up to 20% of school districts Title I funds for such purposes; Now, therefore, be it

*Resolved by the Senate of the State of Kansas:* That we memorialize the President and the United States Congress to make a serious commitment to improving the quality of the nation's public schools by substantially increasing funding for the preauthorized version of the No Child Left Behind Act; and be it further

*Resolved,* That we urge the Congress of the United States to amend the No Child Left Behind Act so that states will be allowed to continue working toward the goal of closing the achievement gap without overly prescriptive federal rules, under-funded mandates and the coercion of losing federal funds; and be it further

*Resolved:* That the Secretary of the Senate provide an enrolled copy of this resolution to the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives and to each member of the Kansas Congressional Delegation.
