

will discuss more in detail later. In addition, this legislation includes funding for domestic nutrition programs, conservation programs, programs to help rural America, and the milk income loss contract, MILC, program for America's dairy producers. For the first time, the farm bill would extend assistance to specialty crop producers through marketing and research programs.

This conference report includes significant subsidy reforms. Under current law, producers are not eligible for payments if their adjusted gross income, AGI, exceeds \$2.5 million. In the final 2007 farm bill, a producers' non-farm income may not exceed \$500,000 in order to receive a payment. Further, a producers' farm income, or AGI, cannot exceed more than \$750,000 in order to receive a payment. One key reform is the elimination of the so-called "three-entity rule," which enabled a farmer to collect twice the maximum payment limit amount by setting up multiple businesses on the same farm. The White House was influential in this outcome, which I support. Although the final language did not attain more stringent reforms as preferred by the White House or the Dorgan/Grassley amendment to the 2007 farm bill, this AGI reform is a step in the right direction. I have been a consistent supporter of efforts to limit payments to the major program crop producers. Further, the measure includes Crop Insurance subsidy reform by reducing the administrative and operating—A&O—reimbursement provided to agents by 2.3 percentage points and increasing catastrophic—CAT—and non-insured assistance program—NAP—insurance fees.

The bill includes \$209 billion for nutrition programs which is 68 percent of the entire cost of the bill. I have long supported nutrition programs, also known as domestic food assistance programs, which are crucial to help less fortunate Americans and those experiencing difficult times. They include the Food Stamp Program, The Emergency Food Assistance Program, TEFAP, the Commodity Supplemental Food Program, Community Food Projects, the Seniors Farmers' Market Nutrition Program, and fresh fruit and vegetable initiatives.

The Food Stamp Program helps 26 million low-income Americans buy healthy food each month. Its benefits have not been raised in 30 years and the conference report raises the minimum benefit from \$10 to \$14 per week, indexed for inflation. Further, the final 2007 farm bill also includes \$1 billion to expand the Fresh Fruit and Vegetable Program—FFVP—nationwide to reach nearly 3 million low-income children. The FFVP allows schools to offer and promote free fresh fruits and vegetables during the day.

The conference report includes \$25 billion for conservation programs to help America's farmers use environmentally friendly farming practices in

order to allow farmers to till the soil and raise livestock, while still protecting the land. In Pennsylvania alone, about one-quarter of all acres is farmland. The Environmental Quality Incentives Program, the Wetlands Reserve Program, the Grassland Reserve Program, the Farm and Ranch Land Protection Program, and the Wildlife Habitat Incentives Program are all worthy initiatives that need improvement and funding. Beyond providing funding for national conservation programs, the bill has \$438 million for conservation programs in the Chesapeake Bay Watershed which includes large sections of Pennsylvania.

Rural America, the backbone of our country, will benefit from this comprehensive legislation by reducing the backlog of unfunded pending rural development water and wastewater loan and grant applications. Also, broadband service will be expanded to rural America to allow access to those businesses, farms, and families in rural areas with no or very limited service. Further, a new rural microenterprise assistance program would be established for low and moderate income individuals to help develop the skills necessary to establish new small businesses in rural America. Lastly, the conference report provides \$250 million in mandatory funding for grants and loan guarantees for renewable energy and energy efficiency systems for farmers, ranchers, and rural small businesses. One item of note is that reduction of the production tax credit for corn ethanol from 51 cents/gallon to 45 cents/gallon to reduce the incentive to shift corn production from feed to fuel in order to ensure that we are planting enough acres for other crops, including wheat and soybeans, for food.

Finally, our dairy producers will continue to have the safety-net they deserve with a much-needed modification. The 2007 farm bill conference report funds the MILC program that provides countercyclical payments to our dairy producers when the price of milk falls below a set trigger price. This trigger price, as modified, will be adjusted on a monthly basis depending on the changes in the costs of feed. Increasing input costs are straining our producers and this will ensure that the payment will compensate for the increasing costs incurred by the dairy farmer. Also, the payment rate will be increased back to 45 percent from 34 percent and the cap on milk production will increase from 2.4 million pounds to 2.98 million pounds per year. Since its inception in the 2002 farm bill, the MILC program has provided more than \$220 million to Pennsylvania dairy farmers. I have been a strong supporter of a mechanism to ensure that dairy farmers receive a fair price for the milk they produce considering the increased input costs. The bill also includes provisions to make the dairy industry more transparent by requiring mandatory reporting of dairy commodities and establishing a Federal Milk Marketing Order Review Commission.

America's specialty crop producers which include most fruits and vegetables will get the assistance they need to market their products. The bill provides about \$1.3 billion in mandatory funding for specialty crop block grants, technical assistance, and farmers' market promotion. This is the most ever set aside in a farm bill to assist these farmers who are left out of traditional Federal farm programs. The measure establishes the National Clean Plant Network consisting of centers across America to efficiently produce and distribute healthy planting stock of critical high-value new varieties of fruit trees and grapevines. These centers will be the first line of defense against devastating viruses, like the Plum Pox virus outbreak in Adams County, PA, in 1999. Also, both nursery and Christmas trees are included in the Tree Assistance Program which provides disaster relief for growers who lost their crops of trees due to natural disasters. Pennsylvania growers produce over 10 million trees every year.

The 2007 farm bill is good for America and good for Pennsylvania. Therefore, I support this crucial legislation.

CUBAN INDEPENDENCE DAY

Mr. NELSON of Florida. Mr. President, I would like to recognize that today, May 20, is Cuban Independence Day. I am honored to join with Cubans around the world in commemorating this day.

On behalf of the people of Florida and all Americans, I rise to reaffirm our solidarity with the Cuban people as they continue their fight for freedom and self-determination. Dictatorships and tyranny have no place in this hemisphere. The U.S must continue to pressure the Cuban regime, while supporting the Cuban people.

It is my great hope, that the people of Cuba, with their passion for liberty and their desire to live in a free and transparent democracy, will soon enjoy the same rights and freedoms that we do. We stand in solidarity with the Cuban people as they continue to fight for democratic change and true independence in their homeland.

Thank you and may God bless the Cuban people.

ADDITIONAL STATEMENTS

HONORING SARAH ROZENSKY

• Mr. BAYH. Mr. President, I today honor Mrs. Sarah Rozensky, who served with excellence in my office for over 6 years. Sarah performed her duties with the utmost distinction and a level of professionalism and virtue rarely seen. I am proud to have this opportunity to recognize Sarah for the tremendous work she has done for the office and my family. My wife, Susan, and my sons, Beau and Nick, will also be eternally grateful for her service.

Sarah came to my office with the highest of recommendations from the

White House and proved herself invaluable on a daily basis. Her qualities were contagious in our office; everyone learned and benefited from her presence.

For over 6 years, Sarah's meticulous attention to detail set the standard for those around her, as did her positive attitude and superior work ethic. Her gifts will undoubtedly allow her to excel to new heights in the future.

Every member of our staff plays an important role in our service in the Senate and to our respective States, but there are always the few who distinguish themselves as invaluable and irreplaceable. For me, Sarah Rozensky is one of those distinguished few. With Sarah's hard work and assistance, I have been better able to represent the people of Indiana in the Senate. Hoo-siers all owe Sarah Rozensky a debt of gratitude, but most especially, I do.

I am proud today to honor Sarah for her service and commitment to the people of Indiana and the Senate.●

RECOGNIZING THE S.C.R.A.P. GALLERY

● Mrs. BOXER. Mr. President, today I am pleased to ask my colleagues to join me in recognizing the exemplary model of service and conservation provided by the Student Creative Recycle Art Program Gallery as it celebrates Earth Month Coachella Valley. Their efforts to highlight the importance of environmental consciousness through community activities provides an example for our Nation.

For more than 30 years, America has recognized the importance of environmental preservation, and we have dedicated every April 22, Earth Day, as a day for environmental consciousness. The S.C.R.A.P. Gallery has taken bold steps to heighten America's awareness of conservation in dedicating the entire month of April to environmental awareness.

Throughout the month of April, the S.C.R.A.P. Gallery operates a number of enrichment activities throughout southern California, aimed at improving youth education and environmental awareness. Events such as field trips that highlight the importance of waste prevention, recycling programs that encourage youth to transform used bicycles into artwork, theater productions that enable students to attend professional children's theater performances focused on conservation, and hands-on events that allow students to gain direction from local and renowned artists have helped engage youth throughout southern California and helped to highlight the importance of environmental concerns.

For more than a decade, the S.C.R.A.P. Gallery has been recognized as an integral community organization by numerous organizations and municipalities. The S.C.R.A.P. Gallery has received the Arts Organization Award from the city of Indio, the Best Grassroots Organization Award from the

U.S. Department of Education, the Waste Reduction Award from the California Integrated Waste Management Board, the Keep California Beautiful Award, the Governor's Environmental and Economic Leadership Award, and the Award of Achievement in Education from the Natural Resources Council of America.

This year, as the S.C.R.A.P. Gallery dedicates an entire month to conservation and environmental awareness, I am pleased to ask my colleagues to join me in recognizing their tremendous leadership. The efforts of the S.C.R.A.P. Gallery have successfully engaged communities of young people and have highlighted the importance of environmental awareness throughout their community.●

RECOGNIZING MOORPARK HIGH SCHOOL

● Mrs. BOXER. Mr. President, I ask my colleagues to join me in recognizing the great work and remarkable accomplishments of Moorpark High School's Academic Decathlon team for winning the 2008 U.S. Academic Decathlon Championship. Members of the National Championship team include Jonah Buck, Anaamika Campeau, Angela Chen, Justine Levan, Chrissa Rutkai, Kris Sankaran, Paul Watanabe, Christie Calle, Colin Calle, and team coach Larry Jones.

Moorpark High School has earned the distinction of becoming a three-time U.S. Academic Decathlon Champion, having previously won the prestigious competition in 1999 and 2003. The 2008 Moorpark High School Academic Decathlon team achieved the highest score in the U.S. Academic Decathlon's 26-year history.

Competing in an academic decathlon requires hard work, dedication, and determination. These dedicated students from Moorpark High School devoted many hours of their leisure time honing their skills in preparation for the Academic Decathlon competition. Their commitment to excellence has rightfully earned them the respect and admiration of their community, friends, and family. The 2008 Moorpark High School Academic Decathlon team is a great source of pride and joy to their community and is a great testament to the value of team work.

I invite all of my colleagues to join me in congratulating California's Moorpark High School Academic Decathlon team for winning the 2008 U.S. Academic Decathlon Championships.●

SCREEN ACTORS GUILD 75TH ANNIVERSARY

● Mrs. BOXER. Mr. President, I wish to recognize the important work and accomplishments of the Screen Actors Guild as the organization celebrates its 75th anniversary. Founded on June 30, 1933, the Screen Actors Guild was established in part as a reaction to the restrictive, long-term studio engage-

ment contracts. Since then, it has helped to protect and improve the lives of actors and their families by fighting for fair wages and health and retirement benefits.

The Screen Actors Guild has a unique position in labor history. It claims a former Senator, George Murphy, and a former President, Ronald Reagan, as former union presidents, as well as James Cagney, Charlton Heston, Edward Asner, Patty Duke, Dennis Weaver, and many other notable actors. Its current president is Alan Rosenberg.

The founding meeting of the Screen Actors Guild included just six actors. Yet, 75 years later, it has more than 127,000 members with 20 offices across the United States. It represents a broad variety of members from motion pictures, television programs and commercials, and nonbroadcast industries such as video games, music video, Internet, and other new media formats. The Screen Actors Guild has also taken a leading role in combating movie and new media piracy, while working toward increased privacy protections, child labor laws, and health care reform. With the rapid expansion of so many alternative forms of entertainment, it has also met the challenge of representing its members in new challenging contract issues. And, of course, its esteemed Screen Actors Guild Awards honor its members each year for outstanding performances.

I invite all of my colleagues to join me in commending the Screen Actors Guild for its dedication to improving workers' rights on its 75th anniversary.●

HONORING LOUIS FERNANDEZ

● Mrs. BOXER. Mr. President, I am pleased to ask my colleagues to join me in recognizing Dr. Louis Fernandez as he retires from a long career in public service as provost and vice president for academic affairs with California State University, San Bernardino. His service and commitment to the students, faculty, and staff of California State University, San Bernardino, and to his community have provided an example for us all.

After earning his doctorate in geology from Syracuse University, Dr. Fernandez served at several institutions of higher learning throughout the Nation. At each of these universities, Dr. Fernandez was as an exemplary educator and community leader. Through his career at the University of New Orleans as a professor, dean and department chair, Dr. Fernandez worked to secure the university's first National Science Foundation grant to recruit and mentor underrepresented students in the geosciences. The State of Louisiana named him Educational Administrator of the Year in 1991, and he has since received numerous laudatory titles and honors for his work in education.

Dr. Fernandez later joined the California State University, San
