POM-368. A letter from a member of the South Carolina House of Representatives relative to the economy; to the Committee on Finance.

POM-369. A resolution adopted by the House of Representatives of the State of Ohio urging Congress to enact the Community Cancer Care Preservation Act of 2007, and for other purposes; to the Committee on Finance.

HOUSE RESOLUTION NO. 100

Whereas, the National Center for Health Statistics at the Centers for Disease Control and Prevention reports that cancer is the second leading cause of death in the United States, and its prevalence increases with age. Medicare beneficiaries account for half of all cancer patients, and more than 700,000 beneficiaries are newly diagnosed with some form of cancer every year; and

Whereas, community cancer clinics, free-standing outpatient facilities where cancer care is delivered in physician offices, play an important role in winning the war on cancer. According to the American Society of Clinical Oncology, these clinics treat over 80% of Americans with cancer, providing patients with early diagnosis, effective cancer therapies, and innovative supportive care that reduce fatigue, nausea and vomiting, and pain; and

Whereas, while the Medicare Prescription Drug Improvement and Modernization Act of 2003 (Pub. L. No. 108-173) enacted Medicare Part D, a welcomed drug benefit for America's seniors, it created a severe reduction in Medicare's reimbursement for oncology treatment. According to a July 2007 press release issued by Senator Arlen Specter (R-PA), one of the sponsors of the Senate version of the Community Cancer Care Preservation Act of 2007 (S. 1750 of the 110th Congress), the Centers for Medicare and Medicaid Services (CMS) has reduced Medicare payments to community cancer care clinics by approximately three to four hundred million dollars since 2005. A 2007 analysis by the accounting firm, PricewaterhouseCoopers, predicts reimbursement reductions of \$13.8 billion over ten years; and

Whereas, the Ohio West Virginia Hematology Oncology Society asserts that the reduction in Medicare reimbursements for community cancer care clinics has resulted

in nearly all cancer treatments being reimbursed below cost, crippling the nation's cancer care delivery system and resulting in a serious access-to-care crisis. Nearly 40% of states have reported a serious impact since January 1, 2006, when the full impact of the reductions became effective, and an attempt to save costs is actually leading to higher costs as care shifts to more expensive inpatient settings because clinics have to reduce staff and close offices; and

Whereas, the Community Cancer Care Preservation Act of 2007 (H.R. 1190 and S. 1750 of the 110th Congress) provides critical assistance to community oncologists that are disadvantaged by CMS reforms brought forth by the Medicare Prescription Drug Improvement and Modernization Act. These bills require CMS to reimburse oncologists for the actual price of drugs (rather than for the discounted price between the pharmaceutical manufacturer and the wholesaler), increase reimbursement for chemotherapy administration and storage and care of oncology drugs, and institute reimbursement for medical oncologists who provide treatment planning; now therefore be it

Resolved, That we, the members of the 127th General Assembly of the State of Ohio, memorialize Congress to enact the Community Cancer Care Preservation Act of 2007 to reform the Medicare reimbursement methodology for cancer drugs and their administration; and be it further

Resolved, That the Clerk of the House of Representatives transmit duly authenticated copies of this resolution to the Speaker and Clerk of the United States House of Representatives, to the President Pro Tempore and Secretary of the United States Senate, to the members of the Ohio Congressional delegation, and to the news media of Ohio.
