(2) In December 2005, the Coordinator’s mandate was reaffirmed by the National Security Presidential Directive 44, which instructed the Secretary of State, and at the Secretary’s direction, the Coordinator, to coordinate and lead integrated United States Government efforts, involving all United States departments and agencies with relevant capabilities, to prepare, plan for, and conduct reconstruction and stabilization operations.

(3) National Security Presidential Directive 44 assigns to the Secretary, with the Coordinator’s assistance, the lead role to develop reconstruction and stabilization strategies, ensure civilian interagency program and policy coordination, coordinate interagency processes to identify countries at risk of instability, provide decision-makers with detailed options for an integrated United States Government response in connection with reconstruction and stabilization operations, and carry out a wide range of other actions, including the development of a civilian surge capacity to meet reconstruction and stabilization emergencies. The Secretary and the Coordinator are also charged with coordinating with the Department of Defense on reconstruction and stabilization responses, and integrating planning and implementing procedures.

(4) The Department of Defense issued Directive 3000.05, which establishes that stability operations are a core United States military mission that the Department of Defense must be prepared to conduct and support, provides guidance on stability operations that will evolve over time, and assigns responsibilities within the Department of Defense for planning, training, and preparing to conduct and support stability operations.

(5) The President’s Fiscal Year 2009 Budget Request to Congress includes, as part of the request for the Department of State and Other International Programs, \$248,600,000 for a Civilian Stabilization Initiative that would vastly improve civilian partnership with the Armed Forces in post-conflict stabilization situations, including by establishing an Active Response Corps of 250 persons, a Standby Response Corps of 2000 persons, and a Civilian Response Corps of 2000 persons.

At the end of subtitle G of title X, add the following:

**SEC. 1083. SENSE OF THE SENATE ON THE STRATEGIC SUCCESS OF THE TROOP SURGE IN IRAQ AND THE MEMBERS OF THE UNITED STATES ARMED FORCES WHO MADE THAT SUCCESS POSSIBLE.**

(a) FINDINGS.—The Senate makes the following findings:

(1) By the end of 2006, it had become clear that, despite exceptional efforts and sac-

rifices on the part of the United States Armed Forces in Iraq, the United States was pursuing a failed strategy in Iraq.

(2) By the end of 2006, large-scale sectarian violence was accelerating throughout Iraq, al Qaeda had established significant safe havens there, militias sponsored by the Government of Iran had seized effective control of large swaths of Iraq, and the Government of Iraq was suffering from political paralysis.

(3) By the end of 2006, insurgents and death squads were killing more than 3,000 civilians in Iraq each month and coalition forces were sustaining more than 1,200 attacks each week.

(4) In December 2006, the Iraq Study Group warned that “the United States is facing one of its most difficult and significant international challenges in decades” in Iraq and that “Iraq is vital to regional and even global stability, and is critical to U.S. interests”.

(5) In December 2004, Osama bin Laden said the following of the war in Iraq: “The most important and serious issue today for the whole world is this Third World War. . . . The world’s millstone and pillar is Baghdad, the capital of the caliphate.”

(6) On January 10, 2007, in an address to the Nation, President George W. Bush acknowledged that the situation in Iraq was “unacceptable” and announced his intention to put in place a new strategy, subsequently known as “the surge”.

(7) President Bush nominated and the Senate confirmed General David H. Petraeus as the Commander of Multi-National Forces—Iraq, a position he assumed on February 10, 2007.

(8) General Petraeus, upon assuming command, and in partnership with Lieutenant General Raymond Odierno, the Commander of Multi-National Corps—Iraq, and United States Ambassador to Iraq Ryan Crocker, developed a comprehensive civil-military counterinsurgency campaign plan to reverse Iraq’s slide into chaos, defeat the enemies of the United States in Iraq, and, in partnership with the Iraqi Security Forces and the Government of Iraq, reestablish security across the country.

(9) Under the previous strategy, the overwhelming majority of United States combat forces were concentrated on a small number of large forward operating bases and were not assigned the mission of providing security for the people of Iraq against insurgents, terrorists, and militia fighters, in part because there were insufficient members of the United States Armed Forces in Iraq to do so.

(10) As an integral component of the surge, approximately 5 additional United States Army brigades and 2 United States Marine Corps battalions were deployed to Iraq.

(11) As an integral component of the surge, members of the United States Armed Forces were deployed out of large forward operating bases onto small bases throughout Baghdad and other key population centers, partnering with the Iraqi Security Forces to provide security for the local population against insurgents, terrorists, and militia fighters.

(12) Additional members of the United States Armed Forces began moving into Iraq in January 2007 and reached full strength in June 2007.

(13) As a consequence of the additional forces needed in Iraq, in April 2007 the United States Army added 3 months to the standard year-long tour for all active duty soldiers in Iraq and Afghanistan, and the United States Marine Corps added 3 months to the standard 6-month tour for all active duty Marines in Iraq and Afghanistan.

(14) As an integral component of the surge, members of the United States Armed Forces began simultaneous and successive offensive operations, in partnership with the Iraqi Security Forces, of unprecedented breadth,

continuity, and sophistication, striking multiple enemy safe havens and lines of communication at the same time.

(15) As an integral component of the surge, additional members of the United States Armed Forces were deployed to Anbar province to provide essential support to the nascent tribal revolt against al Qaeda in that province.

(16) Those additional members of the United States Armed Forces played a critical role in the success and spread of anti-Qaeda Sunni tribal groups in Anbar province and subsequently in other regions of Iraq.

(17) Since the start of the surge in January 2007, there have been marked and hopeful improvements in almost every political, security, and economic indicator in Iraq.

(18) In 2007, General Petraeus described Iraq as “the central front of al Qaeda’s global campaign”.

(19) In 2008, as a consequence of the success of the surge, al Qaeda has been dealt what Director of Central Intelligence Michael Hayden assesses as a “near strategic defeat” in Iraq.

(20) As a consequence of the success of the surge, militias backed by the Government of Iran have been routed from major population centers in Iraq and no longer control significant swaths of territory.

(21) As a consequence of the success of the surge, sectarian violence in Iraq has fallen dramatically and has been almost entirely eliminated.

(22) As a consequence of the success of the surge, overall insurgent attacks have fallen by approximately 80 percent since June 2007 and are at their lowest level since March 2004.

(23) As a consequence of the success of the surge, United States casualties in Iraq have dropped dramatically and United States combat deaths in Iraq in July 2008 were lower than in any other month since the beginning of the war.

(24) As a consequence of the success of the surge, the Government of Iraq has made significant strides in advancing sectarian reconciliation and achieving political progress, including the passage of key benchmark legislation.

(25) As a consequence of the success of the surge, the Iraqi Security Forces have improved markedly and approximately 70 percent of Iraqi combat battalions are now leading operations in their areas.

(26) As a consequence of the success of the surge, General Petraeus concluded in 2008 that conditions on the ground in Iraq could permit the additional brigades and battalions dispatched to Iraq in 2007 as part of the surge to be safely redeployed without replacement, and all such brigades and battalions have been successfully withdrawn without replacement.

(b) SENSE OF SENATE.—It is the sense of the Senate to—

(1) commend and express its gratitude to the men and women of the United States Armed Forces for the service, sacrifices, and heroism that made the success of the troop surge in Iraq possible;

(2) commend and express its gratitude to General David H. Petraeus, General Raymond Odierno, and Ambassador Ryan Crocker for the distinguished wartime leadership that made the success of the troop surge in Iraq possible;

(3) recognize the success of the troop surge in Iraq and its strategic significance in advancing the vital national interests of the United States in Iraq, the Middle East, and the world, in particular as a strategic victory in a central front of the war on terrorism; and

(4) recognize that the hard-won gains achieved as a result of the troop surge in

Iraq are significant but not yet permanent and that it is imperative that no action be taken that jeopardizes those gains or dishonors the service and sacrifice of the men and women of the United States Armed Forces who made those gains possible.

(a) REQUIREMENT.—No funds authorized to be appropriated by this Act or any other Act may be used to detain any individual who is in the custody or under the effective control of an element of the intelligence community or an instrumentality of such element unless the International Committee of the Red Cross is provided notification of the detention of such individual and access to such individual in a manner consistent with the practices of the Armed Forces.

(b) CONSTRUCTION.—Nothing in this subsection shall be construed—

(1) to create or otherwise imply the authority to detain; or

(2) to limit or otherwise affect any other rights or obligations which may arise under the Geneva Conventions or other laws, or to state all of the situations under which notification to and access for the International Committee of the Red Cross is required or allowed.

(c) DEFINITIONS.—In this section:

(1) INSTRUMENTALITY.—The term “instrumentality”, with respect to an element of the intelligence community, means a contractor or subcontractor at any tier of the element of the intelligence community.

**SEC. 1083. WORLD WAR II MUSEUM FOUNDATION FOR AMERICA’S NATIONAL WORLD WAR II MUSEUM.**

(a) FINDINGS.—Congress makes the following findings:

(1) The National D-Day Museum was officially designated by the Congress as “America’s National World War II Museum” in section 8134 of the Fiscal Year 2004 Defense Appropriations Act (Public Law 108–87; 117 Stat. 1103).

(2) The Museum received the national designation because it is the only museum in the United States that exists for the exclusive purpose of interpreting the American experience during World War II, years 1939–1945, on both the battlefield and the homefront. In doing so, the Museum covers all of the branches of the Armed Forces and the Merchant Marine.

(3) A one-time \$50,000,000 grant to the World War II Museum Foundation would provide vital Federal support for the U.S. Freedom Pavilion portion of the current Museum expansion.

(4) The U.S. Freedom Pavilion will be the main entrance building to the main theater, exhibit halls, and other pavilions in the Museum. Among its major exhibits, the Freedom Pavilion will contain an interactive exhibition honoring all of the World War II veterans who have also served the Nation as President or as a member of the Senate or House of Representatives.

(b) AUTHORIZATION OF APPROPRIATIONS.—Of the amount appropriated pursuant to the authorization of appropriations under section 301(1), \$50,000,000 may be made available for a grant to the National World War II Museum Foundation for the museum in New Orleans, Louisiana, designated as America’s National World War II Museum by section 8134 of the Department of Defense Appropriations Act, 2005 (Public Law 108–87; 117 Stat. 1103).

**Subtitle E—Enhanced Partnership With Pakistan**

**SEC. 1241. SHORT TITLE.**

This subtitle may be cited as the “Enhanced Partnership with Pakistan Act of 2008”.

**SEC. 1242. FINDINGS.**

Congress makes the following findings:

(1) The people of Pakistan and the United States have a long history of friendship and comity, and the vital interests of both nations are well-served by strengthening and deepening this friendship.

(2) In February 2008, the people of Pakistan elected a civilian government, reversing months of political tension and intrigue, as well as mounting popular concern over governance and their own democratic reform and political development.

(3) A democratic, moderate, modernizing Pakistan would represent the wishes of that country’s populace, and serve as a model to other countries around the world.

(4) Pakistan is a major non-NATO ally of the United States, and has been a valuable

partner in the battle against al Qaeda and the Taliban.

(5) The struggle against al Qaeda, the Taliban, and affiliated terrorist groups has led to the deaths of several thousand Pakistani civilians and members of the security forces of Pakistan over the past 6 years.

(6) Since the terrorist attacks of September 11, 2001, more al Qaeda terrorist suspects have been apprehended in Pakistan than in any other country, including Khalid Sheikh Muhammad, Ramzi bin al-Shibh, and Abu Faraj al-Libi.

(7) Despite the sacrifices and cooperation of the security forces of Pakistan, the top leadership of al Qaeda, as well as the leadership and rank-and-file of affiliated terrorist groups, are believed to use Pakistan’s Federally Administered Tribal Areas (FATA) as a haven and a base from which to organize terrorist actions in Pakistan and with global reach.

(8) According to a Government Accountability Office Report, (GAO-08-622), “since 2003, the administration’s national security strategies and Congress have recognized that a comprehensive plan that includes all elements of national power— diplomatic, military, intelligence, development assistance, economic, and law enforcement support— was needed to address the terrorist threat emanating from the FATA” and that such a strategy was also mandated by section 7102(b)(3) of the Intelligence Reform and Terrorism Prevention Act of 2004 (Public Law 108-458; 22 U.S.C. 2656f note) and section 2042(b)(2) of the Implementing the Recommendations of the 9/11 Commission Act of 2007 (Public Law 110-53; 22 U.S.C. 2375 note).

(9) According to United States military sources and unclassified intelligence reports, including the July 2007 National Intelligence Estimate entitled, “The Terrorist Threat to the U.S. Homeland”, the Taliban, al Qaeda, and their Pakistani affiliates continue to use territory in Pakistan as a haven, recruiting location, and rear base for violent actions in both Afghanistan and Pakistan, as well as attacks globally, and pose a threat to the United States homeland.

(10) The toll of terrorist attacks, including suicide bombs, on the people of Pakistan include thousands of citizens killed and wounded across the country, over 1,400 military and police forces killed (including 700 since July 2007), and dozens of tribal, provincial, and national officials targeted and killed, as well as the brazen assassination of former prime minister Benazir Bhutto while campaigning in Rawalpindi on December 27, 2007, and several attempts on the life of President Pervaiz Musharraf, and the rate of such attacks have grown considerably over the past 2 years.

(11) The people of Pakistan and the United States share many compatible goals, including—

(A) combating terrorism and violent radicalism, both inside Pakistan and elsewhere;

(B) solidifying democracy and the rule of law in Pakistan;

(C) promoting the economic development of Pakistan, both through the building of infrastructure and the facilitation of increased trade;

(D) promoting the social and material well-being of Pakistani citizens, particularly through development of such basic services as public education, access to potable water, and medical treatment; and

(E) safeguarding the peace and security of South Asia, including by facilitating peaceful relations between Pakistan and its neighbors.

(12) According to consistent opinion research, including that of the Pew Global Attitudes Survey (December 28, 2007) and the International Republican Institute (January 29, 2008), many people in Pakistan have historically viewed the relationship between the United States and Pakistan as a transactional one, characterized by a heavy emphasis on security issues with little attention to other matters of great interest to citizens of Pakistan.

(13) The election of a civilian government in Pakistan in February 2008 provides an opportunity, after nearly a decade of military-dominated rule, to place relations between Pakistan and the United States on a new and more stable foundation.

(14) Both the Government of Pakistan and the United States Government should seek to enhance the bilateral relationship through additional multi-faceted engagement in order to strengthen the foundation for a consistent and reliable long-term partnership between the two countries.

**SEC. 1083. SENSE OF THE SENATE ON THE USE OF OIL REVENUES IN IRAQ.**

(a) FINDINGS.—The Senate makes the following findings:

(1) Congress has called on the Government of Iraq to ensure that the energy resources of Iraq benefit Sunni Arabs, Shia Arabs, Kurds, and other citizens of Iraq in an equitable manner.

(2) The Government of Iraq has failed to pass national hydrocarbon revenue-sharing legislation to ensure the equitable distribution of oil revenues to the people of Iraq, a national security priority of the United States Government.

(3) The failure to pass such legislation leaves Iraq at great risk of suffering from the “oil curse”, marked by declining economic growth, vast inequality, political repression, and continuing violence.

(4) According to the Government Accountability Office, the Government of Iraq will receive as much as \$80,000,000,000 in oil revenues in 2008 and has a projected budget surplus for 2008 of almost \$50,000,000,000.

(5) As of September 2008, the United States Government has spent approximately \$48,000,000,000 on reconstruction projects in Iraq, while the Government of Iraq has spent roughly \$4,000,000,000 on reconstruction projects.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that—

(1) the Government of Iraq should immediately pass national hydrocarbon revenue-sharing legislation to ensure the equitable distribution of oil revenues in Iraq;

(2) the Government of Iraq should significantly increase its contribution to the funding of reconstruction projects in Iraq; and

(3) the United States Government, in the budget and appropriations process for fiscal years after fiscal year 2008, should reduce appropriations for reconstruction in Iraq by the amount of oil revenue that accrues to the Government of Iraq before the Government of Iraq enacts national hydrocarbon revenue-sharing legislation.

(1) IN GENERAL.—Subchapter I of chapter 5 of title 37, United States Code, is amended by adding at the end the following new section:

“§330a. **Special pay: members of the uniformed services whose service on active duty is extended by a stop-loss order or similar mechanism**

“(a) SPECIAL PAY.—A member of the uniformed services entitled to basic pay whose enlistment or period of obligated service is extended, or whose eligibility for retirement is suspended, pursuant to the exercise of an authority referred to in subsection (b) is entitled while on active duty during the period of such extension or suspension to special pay in the amount specified in subsection (c).

**SA 5384.** Mr. LAUTENBERG (for himself and Mr. HAGEL) submitted an amendment intended to be proposed by him to the bill S. 3001, to authorize appropriations for fiscal year 2009 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes; which was ordered to lie on the table; as follows:

At the end of subtitle A of title VII, add the following:

**SEC. 702. LIMITATIONS ON ADJUSTMENTS TO BENEFICIARY FEES FOR MILITARY HEALTH CARE.**

(a) FINDINGS.—Congress makes the following findings:

(1) Career members of the uniformed services and their families endure unique and extraordinary demands, and make extraordinary sacrifices, over the course of 20-year to 30-year careers in protecting freedom for all Americans.

(2) The nature and extent of these demands and sacrifices are never so evident as in wartime, not only during the current Global War on Terrorism, but also during the wars of the last 60 years when current retired members of the Armed Forces were on continuous call to go in harm’s way when and as needed.

(3) The demands and sacrifices are such that few Americans are willing to bear or accept them for a multi-decade career.

(4) A primary benefit of enduring the extraordinary sacrifices inherent in a military career is a range of extraordinary retirement benefits that a grateful Nation provides for those who choose to subordinate much of their personal life to the national interest for so many years.

(5) Many private sector firms are curtailing health benefits and shifting significantly higher costs to their employees, and one effect of such curtailment is that retired members of the uniformed services are turning for health care services to the Department of Defense, and its TRICARE program, for the health care benefits in retirement that they earned by their service in uniform.

(6) While the Department of Defense has made some efforts to contain increases in the cost of the TRICARE program, a large part of those efforts has been devoted to shifting a larger share of the costs of benefits under that program to retired members of the uniformed services.

(7) The cumulative increase in enrollment fees, deductibles, and copayments being proposed by the Department of Defense for health care benefits under the TRICARE program far exceeds the percentage increase in military retired pay since such fees, deductibles, and copayments were first required on the part of retired members of the uniformed services.

(8) Proposals of the Department of Defense for increases in the enrollment fees, deductibles, and copayments of retired members of the uniformed services who are participants in the TRICARE program fail to recognize adequately that such members paid the equivalent of enormous in-kind premiums for health care in retirement through their extended sacrifices by service in uniform.

(9) Some of the Nation's health care providers refuse to accept participants in the TRICARE program as patients because that program pays them significantly less than commercial insurance programs, and imposes unique administrative requirements, for health care services.

(b) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) the Department of Defense and the Nation have a committed obligation to provide health care benefits to retired members of the uniformed services that exceeds the obligation of corporate employers to provide health care benefits to their employees;

(2) the Department of Defense has many additional options to constrain the growth of health care spending in ways that do not disadvantage retired members of the uniformed services who participate or seek to participate in the TRICARE program, and should pursue any and all such options rather than seeking large increases for enrollment fees, deductibles, and copayments for such retirees, and their families or survivors, who do participate in that program;

(3) any percentage increase in fees, deductibles, and copayments that may be considered under the TRICARE program for retired members of the uniformed services and their families or survivors should not in any case exceed the percentage increase in military retired pay; and

(4) any percentage increase in fees, deductibles, and copayments under the TRICARE program that may be considered for members of the uniformed services who are currently serving on active duty or in the Selected Reserve, and for the families of such members, should not exceed the percentage increase in basic pay for such members.

(c) LIMITATIONS ON CERTAIN INCREASES IN HEALTH CARE COSTS.—

(1) PHARMACY BENEFITS PROGRAM.—

(A) ONE-YEAR EXTENSION OF TEMPORARY PROHIBITION ON INCREASE IN COPAYMENTS.—Section 702 of the National Defense Authorization Act for Fiscal Year 2008 (Public Law 110-181; 122 Stat. 188) is amended by striking “September 30, 2008” and inserting “September 30, 2009”.

(B) LIMITATION ON INCREASES AFTER FISCAL YEAR 2009.—Section 1074g(a)(6) of title 10, United States Code, is amended by adding at the end the following new subparagraph:

“(C) Effective as of October 1, 2009, the amount of any cost sharing requirements under this paragraph may not be increased in any year by a percentage that exceeds the percentage increase of the most recent increase in retired pay for members and former members of the armed forces under section 1401a(b)(2) of this title. To the extent that such increase for any year is less than one dollar, the accumulated increase may be carried over from year to year, rounded to the nearest dollar.”.

(2) PREMIUMS FOR TRICARE STANDARD FOR RESERVE COMPONENT MEMBERS WHO COMMIT TO SERVICE IN THE SELECTED RESERVE.—

(A) ONE-YEAR EXTENSION OF TEMPORARY PROHIBITION ON INCREASE IN PREMIUMS.—Section 1076d(d)(3) of such title is amended by striking “September 30, 2008” and inserting “September 30, 2009”.

(i) by striking “The monthly amount” and inserting “(A) Subject to subparagraph (B), the monthly amount”; and

(ii) by adding at the end the following new subparagraph:

“(B) Effective as of October 1, 2009, the percentage increase in the amount of the premium in effect for a month for TRICARE Standard coverage under this section may not exceed a percentage equal to the percentage of the most recent increase in the rate of basic pay authorized for members of the uniformed services for a year.”.

(3) COPAYMENTS UNDER CHAMPUS.—

(A) ONE-YEAR EXTENSION OF TEMPORARY PROHIBITION ON INCREASE IN CHARGES FOR INPATIENT CARE.—Paragraph (3) of section 1086(b) of such title is amended in the first sentence by striking “September 30, 2008” and inserting “September 30, 2009”.

(B) LIMITATION ON INCREASES AFTER FISCAL YEAR 2009.—Such paragraph is further amended by inserting after the first sentence the following new sentence: “Effective as of October 1, 2009, the percentage increase charges for inpatient care under this paragraph may not exceed a percentage equal to the percentage of the most recent increase in the rate of basic pay authorized for members of the uniformed services for a year.”.

(4) PROHIBITION ON ENROLLMENT FEES FOR CERTAIN PERSONS UNDER CHAMPUS.—Section 1086(b) of such title is further amended by adding at the end the following new paragraph:

“(5) A person covered by subsection (c) may not be charged an enrollment fee for coverage under this section.”.

(5) AUTOMATIC ENROLLMENT FOR CERTAIN PERSONS UNDER CHAMPUS.—Section 1086(b) of such title is further amended by adding at the end the following new paragraph:

“(6) A person covered by subsection (c) shall not be subject to denial of claims for coverage under this section for failure to enroll for such coverage. To the extent enrollment may be required, enrollment shall be automatic for any such person filing a claim under this section.”.

(6) PREMIUMS AND OTHER CHARGES UNDER TRICARE.—

(A) ONE-YEAR EXTENSION OF TEMPORARY PROHIBITION ON INCREASE IN CHARGES UNDER CONTRACTS FOR MEDICAL CARE.—Section 1097(e) of such title is amended by striking “September 30, 2008” and inserting “September 30, 2009”.

(B) LIMITATION ON INCREASES AFTER FISCAL YEAR 2009.—Such section is further amended—

(i) by inserting “(1)” before “The Secretary of Defense”; and

(ii) by adding at the end the following new paragraph:

“(2) Effective as of October 1, 2009, the percentage increase in the amount of any premium, deductible, copayment, or other charge prescribed by the Secretary under this subsection may not exceed the percentage increase of the most recent increase in retired pay for members and former members of the armed forces under section 1041a(b)(2) of this title.”.

(a) FINDINGS.—Congress makes the following findings:

(1) Civilian control of and authority over the military is fundamental to United States democratic values.

(2) The tradition of civilian control of the military is a time-honored and deeply rooted value of the United States military.

(3) United States civilian leaders value the expertise, advice, and judgment of military professionals in defense and national security policy deliberations.

(4) In his commencement address at the United States Naval Academy on May 23, 2008, Admiral Mullen, the Chairman of the Joint Chiefs of Staff, said that “few things are more vital to an organization than someone who has the moral courage to question the direction in which an organization is headed and then the strength of character to support whatever final decisions are made”.

(5) In the same address, Admiral Mullen added that “the military as an institution must remain a neutral instrument of the state”.

(6) Admiral Mullen also said “that few things are more damaging to our democracy than a military officer who doesn’t have the moral courage to stand up for what’s right or the moral fiber to step aside when circumstances dictate”.

(7) The Goldwater-Nichols Department of Defense Reorganization Act of 1986 (Public Law 99-433) codified, in sections 151 and 164 of title 10, United States Code, the roles of the Chairman of the Joint Chiefs of Staff, other members of the Joint Chiefs of Staff, and the combatant commanders.

(8) Section 151(b) of title 10, United States Code, designates the Chairman of the Joint Chiefs of Staff as the principal military advisor to the President, the National Security Council, the Homeland Security Council, and the Secretary of Defense.

(9) Section 151(b) of title 10, United States Code, also designates the other members of the Joint Chiefs of Staff (as designated in section 151(a) of title 10, United States Code) as the military advisors to the President, the National Security Council, the Homeland Security Council, and the Secretary of Defense as specified in subsections (d) and (e) of section 151 of title 10, United States Code.

(10) Section 151(c) of title 10, United States Code directs that “the Chairman shall, as he considers appropriate, consult with and seek the advice of the other members of the Joint Chiefs of Staff and the commanders of the unified and specified combatant commands”.

(11) Section 151(d) of title 10, United States Code, establishes mechanisms for members of the Joint Chiefs of Staff, other than the Chairman, to submit “to the Chairman advice or an opinion in disagreement with, or advice or an opinion in addition to the advice presented by the Chairman to the President, the National Security Council, the Homeland Security Council, and the Secretary of Defense”.

(12) Section 151(e) of title 10, United States Code, directs members of the Joint Chiefs of Staff, individually or collectively, in their capacity as military advisors to provide advice on a particular matter to the President, the National Security Council, the Homeland

Security Council, and the Secretary of Defense when requested.

(13) Section 151(f) of title 10, United States Code, permits a member of the Joint Chiefs of Staff to make recommendations to Congress relating to the Department of Defense as he considers appropriate after first informing the Secretary of Defense.

(14) Section 164 of title 10, United States Code, establishes the powers, responsibilities, and duties of the commanders of the combatant commands.

(15) The Goldwater-Nichols Department of Defense Reorganization Act of 1986 was enacted 22 years ago and the provisions of title 10, United States Code, referred to in paragraphs (8) through (14) of this subsection, as enacted by that have not been amended since except to include the Homeland Security Council as the authorized recipient of military advice from the Joint Chiefs of Staff and the commanders of the combatant commands.

(16) The employment of the Armed Forces in the 22 years since the enactment of the Goldwater-Nichols Department of Defense Reorganization Act of 1986 has produced a body of experience and lessons learned by the Joint Chiefs of Staff and the commanders of the combatant commands.

(b) SENSE OF CONGRESS.—It is the sense of Congress that it is an appropriate time in the national interests of the United States for the Joint Chiefs of Staff and the commanders of the combatant commands to review the authorities of and procedures for members of the Joint Chiefs of Staff and the commanders of the combatant commands to provide military advice to the President, the Secretary of Defense, the National Security Council, and the Homeland Security Council.

(c) REVIEW OF AUTHORITIES AND PROCEDURES.—The Chairman of the Joint Chiefs of Staff shall, in consultation with the other members of the Joint Chiefs of Staff and the commanders of the combatant commands, conduct a review of sections 151 and 164 of title 10, United States Code, for the purposes as follows:

(1) To determine whether the authorities in such sections are adequate and sufficient such that those senior military officers are afforded the opportunity to present military advice or opinion to the President, the National Security Council, the Homeland Security Council, and the Secretary of Defense.

(2) To identify recommendations, if any are determined appropriate, for modifications to the authorities in such sections to ensure or enhance the provision of military advice to the President, the National Security Council, the Homeland Security Council, and the Secretary of Defense by those senior military officers.

**SEC. 1083. DESIGNATION OF THE LIBERTY MEMORIAL AT THE NATIONAL WORLD WAR I MUSEUM IN KANSAS CITY, MISSOURI, AS THE NATIONAL WORLD WAR I MEMORIAL.**

(a) FINDINGS.—Congress makes the following findings:

(1) Although more than 4,000,000 Americans served in World War I, there is no nationally recognized memorial honoring the service of such Americans in that war.

(2) In 1919, the people of Kansas City, Missouri, expressed an outpouring of support and raised more than \$2,000,000 in two weeks for a memorial to the service of Americans in World War I. That fundraising was an accomplishment unparalleled by any other city in the United States irrespective of population and reflected the passion of public opinion about World War I, which had so recently ended.

(3) Following the drive, a national architectural competition was held by the American Institute of Architects for designs for a memorial to the service of Americans in World War I, and the competition yielded a design by architect H. Van Buren Magonigle.

(4) On November 1, 1921, more than 100,000 people witnessed the dedication of the site for the Liberty Memorial in Kansas City, Missouri. That dedication marked the only time in history that the five allied military leaders present, Lieutenant General Baron Jacques of Belgium, General Armando Diaz of Italy, Marshal Ferdinand Foch of France, General John J. Pershing of the United States, and Admiral Lord Earl Beatty of Great Britain, were together at one place.

(5) General Pershing, a native of Missouri and the commander of the American Expeditionary Forces in World War I, noted at the November 1, 1921 dedication that “[t]he people of Kansas City, MO are deeply proud of the beautiful memorial, erected in tribute to the patriotism, the gallant achievements, and the heroic sacrifices of their sons and daughters who served in our country’s armed forces during the World War. It symbolized their grateful appreciation of duty well done, and appreciation which I share, because I know so well how richly it is merited”.

(6) During an Armistice Day ceremony in 1924, President Calvin Coolidge marked the beginning of a three-year construction project for the Liberty Memorial by the laying of the cornerstone of the memorial.

(7) The 217-foot Liberty Memorial Tower has an inscription that reads “In Honor of Those Who Served in the World War in Defense of Liberty and Our Country” as well as four stone “Guardian Spirits” representing courage, honor, patriotism, and sacrifice, which rise above the observation deck, making the Liberty Memorial a noble tribute to all who served in World War I.

(8) During a rededication for the Liberty Memorial in 1961, World War I veterans and former Presidents Harry S. Truman and Dwight D. Eisenhower recognized the memorial as a constant reminder of the sacrifices during World War I and the progress that followed.

(9) The 106th Congress recognized the Liberty Memorial as a national symbol of World War I.

(10) The 108th Congress designated the museum at the base of the Liberty Memorial as “America’s National World War I Museum”.

(11) The National World War I Museum is the only public museum in the United States specifically dedicated to the history of World War I.

(12) The National World War I Museum is known throughout the world as a major center of World War I remembrance.

(b) DESIGNATION.—The Liberty Memorial at the National World War I Museum in Kansas City, Missouri, is hereby designated as the “National World War I Memorial”.

“(B) The time period specified in subparagraph (A) for a public-private competition does not include any day during which the public-private competition is delayed by reason of a protest before the Government Accountability Office or the United States Court of Federal Claims unless the Secretary of Defense determines that the delay is caused by issues being raised during the appellate process that were not previously raised during the competition.”

**SEC. 2822. LAND CONVEYANCE, BUREAU OF LAND MANAGEMENT LAND, CAMP WILLIAMS, UTAH.**

(a) CONVEYANCE AUTHORIZED.—The Secretary of the Interior, acting through the

Bureau of Land Management, may convey, without consideration, to the State of Utah all right, title, and interest of the United States in and to certain lands comprising approximately 431 acres, as generally depicted on a map entitled “Proposed Camp Williams Land Transfer” and dated March 7, 2008, which are located within the boundaries of the public lands currently withdrawn for military use by the Utah National Guard and known as Camp Williams, Utah, for the purpose of permitting the Utah National Guard to use the conveyed land as provided in subsection (c).

(b) REVOCATION OF EXECUTIVE ORDER.—Executive Order No. 1922 of April 24, 1914, as amended by section 907 of the Camp W.G. Williams Land Exchange Act of 1989 (title IX of Public Law 101-628; 104 Stat. 4501), shall be revoked, only insofar as it affects the lands identified for conveyance to the State of Utah under subsection (a).

(c) REVERSIONARY INTEREST.—The lands conveyed to the State of Utah under subsection (a) shall revert to the United States if the Secretary of the Interior determines that the land, or any portion thereof, is sold or attempted to be sold, or that the land, or any portion thereof, is used for non-National Guard or non-national defense purposes. Any determination by the Secretary of the Interior under this subsection shall be made in consultation with the Secretary of Defense and the Governor of Utah and on the record after an opportunity for comment.

(d) HAZARDOUS MATERIALS.—With respect to any portion of the land conveyed under subsection (a) that the Secretary of the Interior determines is subject to reversion under subsection (c), if the Secretary of the Interior also determines that the portion of the conveyed land contains hazardous materials, the State of Utah shall pay the United States an amount equal to the fair market value of that portion of the land, and the reversionary interest shall not apply to that portion of the land.

**SEC. 2823. LAND CONVEYANCE, ARMY PROPERTY, CAMP WILLIAMS, UTAH.**

(a) CONVEYANCE AUTHORIZED.—The Secretary of the Army may convey, without consideration, to the State of Utah on behalf of the Utah National Guard (in this section referred to as the “State”) all right, title, and interest of the United States in and to two parcels of real property, including any improvements thereon, that are located within the boundaries of Camp Williams, Utah, consist of approximately 608 acres and 308 acres, respectively, and are identified in the Utah National Guard master plan as being necessary acquisitions for future missions of the Utah National Guard.

(b) REVERSIONARY INTEREST.—If the Secretary determines at any time that the real property conveyed under subsection (a), or any portion thereof, has been sold or is being used solely for non-defense, commercial purposes, all right, title, and interest in and to the property shall revert, at the option of the Secretary, to the United States, and the United States shall have the right of immediate entry onto the property. It is not a violation of the reversionary interest for the State to lease the property, or any portion thereof, to private, commercial, or governmental interests if the lease facilitates the construction and operation of buildings, facilities, roads, or other infrastructure that directly supports the defense missions of the Utah National Guard. Any determination of the Secretary under this subsection shall be made on the record after an opportunity for a hearing.

(c) PAYMENT OF COSTS OF CONVEYANCE.—

(1) PAYMENT REQUIRED.—The Secretary shall require the State to cover costs to be incurred by the Secretary, or to reimburse

the Secretary for costs incurred by the Secretary, to carry out the conveyance under subsection (a), including survey costs, costs related to environmental documentation, and other administrative costs related to the conveyance. If amounts are collected from the State in advance of the Secretary incurring the actual costs, and the amount collected exceeds the costs actually incurred by the Secretary to carry out the conveyance, the Secretary shall refund the excess amount to the State.

(2) TREATMENT OF AMOUNTS RECEIVED.—Amounts received as reimbursements under paragraph (1) shall be credited to the fund or account that was used to cover the costs incurred by the Secretary in carrying out the conveyance. Amounts so credited shall be merged with amounts in such fund or account and shall be available for the same purposes, and subject to the same conditions and limitations, as amounts in such fund or account.

(d) DESCRIPTION OF REAL PROPERTY.—The exact acreage and legal description of the real property to be conveyed under subsection (a) shall be determined by a survey satisfactory to the Secretary.

At the end of subtitle F of title X, add the following:

**SEC. 1068. VISION CENTER OF EXCELLENCE.**

(a) FINDINGS.—Congress makes the following findings:

(1) Ocular injuries are the third highest incidence for injuries sustained in Operation Iraqi Freedom and Operation Enduring Freedom after Traumatic Brain Injury and Post Traumatic Stress Disorder.

(2) From 2002 through January 2008, more than 1,300 members of the Armed Forces suffered eye injuries in Operation Iraqi Freedom or Operation Enduring Freedom, and the Department of Veterans Affairs enrolled it its health care system more than 100 veterans of such operations who are legally blind.

(3) The most common causes of eye injury in Operation Iraqi Freedom and Operation Enduring Freedom include—

- (A) improvised explosive device blasts;
- (B) rocket propelled grenade explosions; and
- (C) gunshot wounds.

(4) In some cases, such injuries may not manifest until weeks or months following exposure to a traumatic event, including Traumatic Brain Injury. Research has found that 63 percent of Traumatic Brain Injury wounded at the Palo Alto Veterans Affairs Medical Center Polytrauma Center located at Palo Alto, California, have a visual impairment associated with Traumatic Brain Injury. In addition, general Traumatic Brain Injury screening at the Hines Department of Veterans Affairs Low Vision Clinic located at Chicago, Illinois, determined that 68 percent of all Traumatic Brain Injury veterans have a visual impairment.

(5) Section 1623 of the National Defense Authorization Act for Fiscal Year 2008 (Public Law 110-181; 122 Stat. 455; 10 U.S.C. 1071 note) requires the Secretary of Defense to establish a center of excellence for the prevention, diagnosis, mitigation, treatment, and rehabilitation of military eye injuries. That section also requires the Department of Defense to work with Department of Veterans Affairs, to the maximum extent practicable, as well as with public and private entities and institutions of higher learning, to develop a comprehensive plan and strategy for a Military Eye Injury Registry, which would track the diagnosis, surgical intervention, and follow up for each significant case of eye injury incurred by a member of the Armed Forces while serving on active duty.

(6) Section 1623 of the National Defense Authorization Act for Fiscal Year 2008 also requires the Department of Defense and the Department of Veterans Affairs to provide a cooperative program for members of the Armed Forces and veterans with traumatic eye injury by conducting research on prevention of visual dysfunctions, which is a frequent complication from Traumatic Brain Injury.

(7) On June 9, 2008, the Assistant Secretary of Defense for Health Affairs decided that the Vision Center of Excellence will be established in the National Capital Region and will be comprised of multiple clinical centers throughout the Nation at Department of Defense and Department of Veterans Affairs medical centers.

(b) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) the Vision Center of Excellence will be a world class vision center supporting both members of the Armed Forces and veterans;

(2) research on visual impairments related to Traumatic Brain Injury needs to be expanded, and the Vision Center of Excellence should play a key role in identifying current and future research needs;

(3) the goal of the Vision Center of Excellence is to provide all members of the Armed Forces who suffer ocular trauma or disease the most comprehensive, coordinated, progressive, and highest quality eye care possible;

(4) the Vision Center of Excellence should maximize Department of Defense, Department of Veterans Affairs, and civilian resources to ensure the most compassionate, synchronized, and professional eye care; and

(5) the Department of Defense should examine the potential benefit of screening for eye injuries when service members are screened for Traumatic Brain Injury.

(c) REPORTS TO CONGRESS.—

(1) REPORT ON IMPLEMENTATION OF VISION CENTER OF EXCELLENCE.—Not later than 30 days after the date of the enactment of this Act, the Secretary of Defense shall, in coordination with the Secretary of Veterans Affairs, submit to the Committees on Armed Services and Veterans' Affairs of the Senate and the Committees on Armed Services and Veterans' Affairs of the House of Representatives a report on the status of implementation of the Vision Center of Excellence. The report shall include, at a minimum, a description of the mission of the Vision Center of Excellence, the resources or funds available to fund the Vision Center of Excellence from fiscal years 2009 through 2013, and the planned programs and priorities of the Vision Center of Excellence.

(2) REPORT ON VISUAL SCREENINGS IN CONNECTION WITH TBI.—Not later than 180 days after the date of the enactment of this Act, the Secretary of Defense shall submit to Congress a report on the feasibility and advisability of performing visual screenings on all members of the Armed Forces who experience Traumatic Brain Injury.

**SA 5445.** Mr. BAYH submitted an amendment intended to be proposed by him to the bill S. 3001, to authorize appropriations for fiscal year 2009 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes; which was ordered to lie on the table; as follows:

At the end of subtitle B of title VIII, add the following:

**SEC. 815. ENHANCEMENT OF BUY AMERICAN REQUIREMENTS WITH RESPECT TO SPECIALTY METALS CRITICAL TO NATIONAL SECURITY.**

(a) INCLUSION OF HIGH PERFORMANCE MAGNETS AMONG SPECIALTY METALS.—Subsection (1) of section 2533b of title 10, United States Code, is amended by adding at the end the following new paragraph:

“(5) High performance magnets.”.

(b) DEFINITIONS.—Subsection (m) of such section is amended by adding at the end the following new paragraphs:

“(11) The term ‘produced’, in the case of a specialty metal or high performance magnet, means melting, gas atomization, sputtering, or consolidation from powder using non-melt technology in the United States. The term does not include a rolling or finishing process such as quenching and tempering of armor plate.

“(12) The term ‘high performance magnet’ means a permanent magnet containing 10 or more percent by weight of cobalt, samarium, or nickel.”.
