In the field of education, there is no single path to success. That is why it is important to highlight those programs like Sojourner’s that are successful and reward their efforts. Intel’s work in promoting mathematics and science education comes at a critical time when America needs more engineers and more mathematicians to stay competitive in a globalizing economy. I am grateful to the teachers at Sojourner Elementary who have worked so hard to set a new standard in math education and that Intel has taken on the responsibility of awarding these remarkable achievements. Our Nation benefits tremendously from sharing these best practices, and I am proud to honor the exceptional work that Sojourner Elementary is doing to educate our Nation’s children and the future leaders of America.●

STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. HATCH (for himself and Mr. KENNEDY):

S. 3488. A bill to amend the Internal Revenue Code of 1986 to provide for a tax credit for qualified donations of employee services; to the Committee on Finance.

Mr. HATCH. Mr. President, I rise today to speak on the Serve America Act of 2008. I, along with my good friend, the senior Senator from Massachusetts, have introduced this legislation in hopes that it will expand service opportunities for people throughout our country. I am pleased to report that it also has the support of Senators MCCAIN, OBAMA, COCHRAN, and DODD.

For some time I have supported the idea of encouraging our people to give 2-years of volunteer service over the course of their lives. In addition, I have long believed that community and faith-based organizations are doing most of the best work at addressing the needs of our people. And, I might add, they do it at a fraction of what it would cost the Federal Government to do similar work. These are the reasons Senator KENNEDY and I have drafted and introduced the Save America Act.
