**SUPPORTING “LIGHTS ON AFTERSCHOOL!”**

Mr. NELSON of Florida. Mr. President, I ask unanimous consent that the Senate proceed to the immediate consideration of S. Con. Res. 104.

The PRESIDING OFFICER. The clerk will report the concurrent resolution by title.

The legislative clerk read as follows:

A concurrent resolution (S. Con. Res. 104) supporting “Lights On Afterschool!” a national celebration of after school programs.

There being no objection, the Senate proceeded to consider the concurrent resolution.

Mr. DODD. Mr. President, today Senator ENSIGN and I have introduced a resolution designating October 16, 2008, Lights On Afterschool Day. Lights on Afterschool brings students, parents, educators, lawmakers, and community and business leaders together to celebrate afterschool programs. This year, more than 1 million Americans are expected to attend about 7,500 events designed to raise awareness and support for these much needed programs.

In America today, 1 in 4 youth, more than 14 million children, go home alone after the school day ends. This includes more than 40,000 kindergartners and almost 4 million middle school students in grades six to eight. On the other hand, only 6.5 million children, or approximately 11 percent of school-aged children, participate in afterschool

programs. An additional 15 million would participate if a quality program were available in their community.

Lights On Afterschool, a national celebration of afterschool programs, is celebrated every October in communities nationwide to call attention to the importance of afterschool programs for America’s children, families, and communities. Lights On Afterschool was launched in October 2000 with celebrations in more than 1,200 communities nationwide. The event has grown from 1,200 celebrations in 2001 to more than 7,500 today. This October, 1 million Americans will celebrate Lights On Afterschool!

Quality afterschool programs should be available to children in all communities. These programs support working families and prevent kids from being both victims and perpetrators of violent crime. They also help parents in balancing work and home life. Quality afterschool programs help to engage students in their communities, and when students are engaged, they are more successful in their educational endeavors.

In our work on the Senate Afterschool Caucus, Senator ENSIGN and I have been working for more than 4 years to impress upon our colleagues the importance of afterschool programming. It is our hope that they will join us on October 16 to celebrate the importance of afterschool programs in their communities back home.

Mr. NELSON of Florida. Mr. President, I ask unanimous consent that the resolution be agreed to, the preamble be laid upon the table, with no intervening action or debate, and that any statements relating to the measure be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The concurrent resolution (S. Con. Res. 104) was agreed to.

The preamble was agreed to.

The resolution, with its preamble, reads as follows:

S. CON. RES. 104

Whereas high quality after school programs provide safe, challenging, engaging, and fun learning experiences to help children and youth develop their social, emotional, physical, cultural, and academic skills;

Whereas high quality after school programs support working families by ensuring that the children in such families are safe and productive after the regular school day ends;

Whereas high quality after school programs build stronger communities by involving the Nation’s students, parents, business leaders, and adult volunteers in the lives of the Nation’s youth, thereby promoting positive relationships among children, youth, families, and adults;

Whereas high quality after school programs engage families, schools, and diverse community partners in advancing the well-being of the Nation’s children;

Whereas “Lights On Afterschool!”, a national celebration of after school programs held on October 16, 2008, promotes the critical importance of high quality after school programs in the lives of children, their families, and their communities;
