(b) Conforming Amendment.—The analysis for chapter 145 of such title is amended by striking the item relating to section 14526 and inserting the following:

"14526. Distressed, at-risk, and economically strong counties.".

## SEC. 5. AUTHORIZATION OF APPROPRIATIONS.

(a) IN GENERAL.—Section 14703(a) of title 40, United States Code, is amended to read as follows:

"(a) IN GENERAL.—In addition to amounts made available under section 14501, there is authorized to be appropriated to the Appalachian Regional Commission to carry out this subtitle—

'(1) \$87,000,000 for fiscal year 2008:

- "(2) \$100,000,000 for fiscal year 2009;
- "(3) \$105,000,000 for fiscal year 2010;
- "(4) \$108,000,000 for fiscal year 2011; and
- "(5) \$110,000,000 for fiscal year 2012.

(b) ECONOMIC AND ENERGY DEVELOPMENT INI-TIATIVE.—Section 14703(b) of such title is amended to read as follows:

(b) ECONOMIC AND ENERGY DEVELOPMENT INITIATIVE.—Of the amounts made available under subsection (a), the following amounts may be used to carry out section 14508-

- (1) \$12,000,000 for fiscal year 2008;
- "(2) \$12,500,000 for fiscal year 2009;
- "(3) \$13,000,000 for fiscal year 2010;
- "(4) \$13,500,000 for fiscal year 2011; and
- "(5) \$14,000,000 for fiscal year 2012."

(c) ALLOCATION OF FUNDS.—Section 14703 of such title is amended by adding at the end the following:

"(d) ALLOCATION OF FUNDS.—Funds approved by the Appalachian Regional Commission for a project in a State in the Appalachian region pursuant to a congressional directive shall be derived from the total amount allocated to the State by the Appalachian Regional Commission from amounts appropriated to carry out this subtitle.".

## SEC. 6. TERMINATION.

Section 14704 of title 40, United States Code, is amended by striking "2007" and inserting

## SEC. 7. ADDITIONS TO APPALACHIAN REGION.

- (a) KENTUCKY.—Section 14102(a)(1)(C) of title
- 40, United States Code, is amended—(1) by inserting "Metcalfe," after "Menifee,";(2) by inserting "Nicholas," after "Morgan,"; and
- (3) by inserting "Robertson," after "Pulaski '
- (b) Ohio.—Section 14102(a)(1)(H) of such title is amended—
- (1) by inserting "Ashtabula," after "Adams,";
- (2) by inserting "Mahoning," after "Lawrence,"; and
- (3) by inserting "Trumbull," after "Scioto,".
- (c) TENNESSEE.—Section 14102(a)(1)(K) of such ''Lawrence, title is amended by insertina " after "Knox." Lewis.
- (d) VIRGINIA.—Section 14102(a)(1)(L) of such title is amended—
- (1) by inserting "Henry," after "Grayson.": and
- (2) by inserting "Patrick," after "Montgomery,".

Mr. WHITEHOUSE. Mr. President, I ask unanimous consent that the Senate concur in the House amendment and the motion to reconsider be laid upon the table, with no intervening action or debate.

The PRESIDING OFFICER. Without objection, it is so ordered.

## HAZARDOUS WASTE ELECTRONIC MANIFEST ESTABLISHMENT ACT

Mr. WHITEHOUSE. Mr. President, I ask unanimous consent that the Senate proceed to the immediate consideration of Calendar No. 1039, S. 3109.

PRESIDING OFFICER.

clerk will report the bill by title. The legislative clerk read as follows:

A bill (S 3109) to amend the Solid Waste Disposal Act to direct the Administrator of the Environmental Protection Agency to establish a hazardous waste electronic manifest system.

There being no objection, the Senate proceeded to consider the bill.

Mr. WHITEHOUSE. Mr. President, I ask unanimous consent that the Thune amendment, which is at the desk, be agreed to, the bill, as amended, be read a third time and passed, the motion to reconsider be laid upon the table, and that any statements relating to the bill be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment (No. 5672) was agreed

(The amendment is printed in today's RECORD under "Text of Amendments.")

The bill (S. 3109), as amended, was ordered to be engrossed for a third reading, was read the third time, and passed.

# MERCURY MARKET MINIMIZATION **ACT OF 2007**

Mr. WHITEHOUSE. Mr. President, I ask unanimous consent that the Senate proceed to the immediate consideration of Calendar No. 1038, S. 906.

PRESIDING OFFICER. The The clerk will report the bill by title.

The legislative clerk read as follows: A bill (S. 906) to prohibit the sale, distribu-

tion, transfer, and export of elemental mercury, and other purposes.

There being no objection, the Senate proceeded to consider the bill, which had been reported from the Committee on Environment and Public Works, with an amendment to strike all after the enacting clause and insert in lieu thereof the following:

## SECTION 1. SHORT TITLE.

This Act may be cited as the "Mercury Export Ban Act of 2008".

## SEC. 2. FINDINGS.

Congress finds that-

(1) mercury is highly toxic to humans, ecosustems and wildlife:

(2) as many as 10 percent of women in the United States of childbearing age have mercury in the blood at a level that could put a baby at risk:

(3) as many as 630,000 children born annually in the United States are at risk of neurological problems related to mercury;

(4) the most significant source of mercury exposure to people in the United States is ingestion of mercury-contaminated fish:

(5) the Environmental Protection Agency reports that, as of 2004-

(A) 44 States have fish advisories covering over 13,000,000 lake acres and over 750,000 river miles;

(B) in 21 States the freshwater advisories are statewide; and

(C) in 12 States the coastal advisories are statewide;

(6) the long-term solution to mercury pollution is to minimize global mercury use and releases to eventually achieve reduced contamination levels in the environment, rather than reducing fish consumption since uncontaminated fish represents a critical and healthy source of nutrition worldwide;

(7) mercury pollution is a transboundary pollutant, depositing locally, regionally, and globally, and affecting water bodies near industrial sources (including the Great Lakes) and remote areas (including the Arctic Circle);

(8) the free trade of elemental mercury on the world market, at relatively low prices and in ready supply, encourages the continued use of elemental mercury outside of the United States, often involving highly dispersive activities such

as artisinal gold mining;

(9) the intentional use of mercury is declining in the United States as a consequence of process changes to manufactured products (including batteries, paints, switches, and measuring devices), but those uses remain substantial in the developing world where releases from the products are extremely likely due to the limited pollution control and waste management infrastructures in those countries;

(10) the member countries of the European Union collectively are the largest source of ele-

mental mercury exports globally;

(11) the European Commission has proposed to the European Parliament and to the Council of the European Union a regulation to ban exports of elemental mercury from the European Union by 2011:

(12) the United States is a net exporter of elemental mercury and, according to the United States Geological Survey, exported 506 metric tons of elemental mercury more than the United States imported during the period of 2000 through 2004: and

(13) banning exports of elemental mercury from the United States will have a notable effect on the market availability of elemental mercury and switching to affordable mercury alternatives in the developing world.

#### SEC. 3. PROHIBITION ON SALE, DISTRIBUTION. OR TRANSFER OF ELEMENTAL MER-CURY.

Section 6 of the Toxic Substances Control Act (15 U.S.C. 2605) is amended by adding at the end the following:

'(f) MERCURY.

"(1) PROHIBITION ON SALE, DISTRIBUTION, OR TRANSFER OF ELEMENTAL MERCURY BY FEDERAL AGENCIES.—Except as provided in paragraph (2), effective beginning on the date of enactment of this subsection, no Federal agency shall convey, sell, or distribute to any other Federal agency, any State or local government agency, or any private individual or entity any elemental mercury under the control or jurisdiction of the Federal agency.

"(2) EXCEPTIONS.—Paragraph (1) shall not

apply to-

(A) a transfer between Federal agencies of elemental mercury for the sole purpose of facilitating storage of mercury to carry out this Act;

"(B) a conveyance, sale, distribution, or transfer of coal.

'(3) Leases of federal coal.—Nothing in this subsection prohibits the leasing of coal."

## SEC. 4. PROHIBITION ON EXPORT OF ELEMENTAL MERCURY.

Section 12 of the Toxic Substances Control Act (15 U.S.C. 2611) is amended-

(1) in subsection (a) by striking "subsection (b)" and inserting "subsections (b) and (c)"; and

(2) by adding at the end the following: "(c) Prohibition on Export of Elemental

MERCURY -

"(1) PROHIBITION.—Effective January 1, 2010, the export of elemental mercury from the United States is prohibited.

(2) Inapplicability of subsection (a).— Subsection (a) shall not apply to this subsection.

"(3) Report to congress on mercury com-POUNDS.

"(A) REPORT.—Not later than one year after the date of enactment of the Mercury Export Ban Act of 2008, the Administrator shall publish and submit to Congress a report on mercuric chloride, mercurous chloride or calomel, mercuric oxide, and other mercury compounds, if any, that may currently be used in significant quantities in products or processes. Such report shall include an analysis of-

'(i) the sources and amounts of each of the mercury compounds imported into the United States or manufactured in the United States annually;

'(ii) the purposes for which each of these compounds are used domestically, the amount of these compounds currently consumed annually for each purpose and the estimated amounts to be consumed for each purpose in 2010 and beyond:

'(iii) the sources and amounts of each mercury compound exported from the United States annually in each of the last three years;

"(iv) the potential for these compounds to be processed into elemental mercury after export from the United States; and

(v) other relevant information that Congress should consider in determining whether to extend the export prohibition to include one or more of these mercury compounds.

(B) PROCEDURE.—For the purpose of preparing the report under this paragraph, the Administrator may utilize the information gathering authorities of this title, including sections

'(4) ESSENTIAL USE EXEMPTION.—(A) Any person residing in the United States may petition the Administrator for an exemption from the prohibition in paragraph (1), and the Administrator may grant by rule, after notice and opportunity for comment, an exemption for a specified use at an identified foreign facility if the Administrator finds that-

'(i) nonmercury alternatives for the specified use are not available in the country where the

facility is located:

'(ii) there is no other source of elemental mercury available from domestic supplies (not including new mercury mines) in the country where the elemental mercury will be used;

'(iii) the country where the elemental mercury will be used certifies its support for the exemption:

(iv) the export will be conducted in such a manner as to ensure the elemental mercury will be used at the identified facility as described in the petition, and not otherwise diverted for other uses for any reason;

'(v) the elemental mercury will be used in a manner that will protect human health and the environment, taking into account local, regional, and global human health and environ-

mental impacts;

'(vi) the elemental mercury will be handled and managed in a manner that will protect human health and the environment, taking into account local, regional, and global human health and environmental impacts; and

(vii) the export of elemental mercury for the specified use is consistent with international obligations of the United States intended to reduce

global mercury supply, use, and pollution.
"(B) Each exemption issued by the Administrator pursuant to this paragraph shall contain such terms and conditions as are necessary to minimize the export of elemental mercury and ensure that the conditions for granting the exemption will be fully met, and shall contain such other terms and conditions as the Administrator may prescribe. No exemption granted pursuant to this paragraph shall exceed three years in duration and no such exemption shall exceed 10 metric tons of elemental mercury.

(C) The Administrator may by order suspend or cancel an exemption under this paragraph in the case of a violation described in subpara-

graph(D).

(D) A violation of this subsection or the terms and conditions of an exemption, or the submission of false information in connection therewith, shall be considered a prohibited act under section 15, and shall be subject to penalties under section 16, injunctive relief under section 17, and citizen suits under section 20.

(5) Consistency with trade obligations.-Nothing in this subsection affects, replaces, or amends prior law relating to the need for consistency with international trade obligations.

"(6) EXPORT OF COAL.—Nothing in this subsection shall be construed to prohibit the export of coal.'

#### SEC. 5. LONG-TERM STORAGE.

- (a) Establishment of Program.—Not later than January 1, 2010, the Secretary of Energy (in this section referred to as the "Secretary") shall accept custody, for the purpose of longterm management and storage, of elemental mercury generated within the United States and delivered to a facility of the Department of Energy designated by the Secretary.
- (b) FEES.
- (1) IN GENERAL.—After consultation with persons who are likely to deliver elemental mercury to a designated facility for long-term management and storage under the program prescribed in subsection (a), and with other interested persons, the Secretary shall assess and collect a fee at the time of delivery for providing such management and storage, based on the pro rata cost of long-term management and storage of elemental mercury delivered to the facility. The amount of such fees-
- (A) shall be made publically available not later than October 1, 2009;
- (B) may be adjusted annually; and

(C) shall be set in an amount sufficient to cover the costs described in paragraph (2).

(2) Costs.—The costs referred to in paragraph (1)(C) are the costs to the Department of Energy of providing such management and storage, including facility operation and maintenance, security, monitoring, reporting, personnel, administration, inspections, training, fire suppression, closure, and other costs required for compliance with applicable law. Such costs shall not include costs associated with land acquisition or permitting of a designated facility under the Solid Waste Disposal Act or other applicable law. Building design and building construction costs shall only be included to the extent that the Secretary finds that the management and storage of elemental mercury accepted under the program under this section cannot be accomplished without construction of a new building or buildings.

(c) REPORT.—Not later than 60 days after the end of each Federal fiscal year, the Secretary shall transmit to the Committee on Energy and Commerce of the House of Representatives and the Committee on Environment and Public Works of the Senate a report on all of the costs incurred in the previous fiscal year associated with the long-term management and storage of elemental mercury. Such report shall set forth separately the costs associated with activities taken under this section.

(d) Management Standards for a Facil-ITY.

(1) Guidance.—Not later than October 1, 2009. the Secretary, after consultation with the Administrator of the Environmental Protection Agency and all appropriate State agencies in affected States, shall make available, including to potential users of the long-term management and storage program established under subsection (a), guidance that establishes procedures and standards for the receipt, management, and long-term storage of elemental mercury at a designated facility or facilities, including requirements to ensure appropriate use of flasks or other suitable shipping containers. Such procedures and standards shall be protective of human health and the environment and shall ensure that the elemental mercury is stored in a safe, secure, and effective manner. In addition to such procedures and standards, elemental mercury managed and stored under this section at a designated facility shall be subject to the requirements of the Solid Waste Disposal Act, including the requirements of subtitle C of that Act, except as provided in subsection (g)(2) of this section. A designated facility in existence on or before January 1, 2010, is authorized to

operate under interim status pursuant to section 3005(e) of the Solid Waste Disposal Act until a final decision on a permit application is made pursuant to section 3005(c) of the Solid Waste Disposal Act. Not later than January 1, 2012, the Administrator of the Environmental Protection Agency (or an authorized State) shall issue a final decision on the permit application.

(2) Training.—The Secretary shall conduct operational training and emergency training for all staff that have responsibilities related to elemental mercury management, transfer, storage, monitoring, or response.

(3) Equipment.—The Secretary shall ensure that each designated facility has all equipment necessary for routine operations, emergencies. monitoring, checking inventory, loading, and

storing elemental mercury at the facility.

(4) FIRE DETECTION AND SUPPRESSION SYS-TEMS.—The Secretary shall—

(A) ensure the installation of fire detection systems at each designated facility, including smoke detectors and heat detectors; and

(B) ensure the installation of a permanent fire suppression system, unless the Secretary determines that a permanent fire suppression system is not necessary to protect human health and the environment.

(e) Indemnification of Persons Delivering ELEMENTAL MERCURY.-

- (1) IN GENERAL.—(A) Except as provided in subparagraph (B) and subject to paragraph (2), the Secretary shall hold harmless, defend, and indemnify in full any person who delivers elemental mercury to a designated facility under the program established under subsection (a) from and against any suit, claim, demand or action, liability, judament, cost, or other fee arising out of any claim for personal injury or property damage (including death, illness, or loss of or damage to property or economic loss) that results from, or is in any manner predicated upon, the release or threatened release of elemental mercury as a result of acts or omissions occurring after such mercury is delivered to a designated facility described in subsection (a).
- (B) To the extent that a person described in subparagraph (A) contributed to any such release or threatened release, subparagraph (A) shall not apply.
- (2) CONDITIONS.—No indemnification may be afforded under this subsection unless the person seeking indemnification-
- (A) notifies the Secretary in writing within 30 days after receiving written notice of the claim for which indemnification is sought;
- (B) furnishes to the Secretary copies of pertinent papers the person receives;
- (C) furnishes evidence or proof of any claim, loss, or damage covered by this subsection; and
- (D) provides, upon request by the Secretary, access to the records and personnel of the person for purposes of defending or settling the claim or action.
- (3) AUTHORITY OF SECRETARY.—(A) In any case in which the Secretary determines that the Department of Energy may be required to make indemnification payments to a person under this subsection for any suit, claim, demand or action, liability, judgment, cost, or other fee arising out of any claim for personal injury or property damage referred to in paragraph (1)(A), the Secretary may settle or defend, on behalf of that person, the claim for personal injury or property damage.
- (B) In any case described in subparagraph (A), if the person to whom the Department of Energy may be required to make indemnification payments does not allow the Secretary to settle or defend the claim, the person may not be afforded indemnification with respect to that claim under this subsection.
- (f) TERMS, CONDITIONS, AND PROCEDURES.-The Secretary is authorized to establish such terms, conditions, and procedures as are necessary to carry out this section.
  - (g) Effect on Other Law.-

(1) In GENERAL.—Except as provided in paragraph (2), nothing in this section changes or affects any Federal, State, or local law or the obligation of any person to comply with such law.

(2) EXCEPTION.—(A) Elemental mercury that the Secretary is storing on a long-term basis shall not be subject to the storage prohibition of section 3004(j) of the Solid Waste Disposal Act (42 U.S.C. 6924(j)). For the purposes of section 3004(j) of the Solid Waste Disposal Act, a generator accumulating elemental mercury destined for a facility designated by the Secretary under subsection (a) for 90 days or less shall be deemed to be accumulating the mercury to facilitate proper treatment, recovery, or disposal.

(B) Elemental mercury that is stored at a facility with respect to which a permit has been issued under section 3005(c) of the Solid Waste Disposal Act (42 U.S.C. 6925(c)) shall not be subject to the storage prohibition of section 3004(j) of the Solid Waste Disposal Act (42 U.S.C.

6924(j)) if-

(i) the Secretary is unable to accept the mercury at a facility designated by the Secretary under subsection (a) for reasons beyond the control of the owner or operator of the permitted facility:

(ii) the owner or operator of the permitted facility certifies in writing to the Secretary that it will ship the mercury to the designated facility when the Secretary is able to accept the mercuru: and

(iii) the owner or operator of the permitted facility certifies in writing to the Secretary that it will not sell, or otherwise place into commerce,

the mercury.

This subparagraph shall not apply to mercury with respect to which the owner or operator of the permitted facility fails to comply with a certification provided under clause (ii) or (iii).

(h) STUDY.—Not later than July 1, 2011, the Secretary shall transmit to the Congress the results of a study, conducted in consultation with the Administrator of the Environmental Protection Agency, that—

(1) determines the impact of the long-term storage program under this section on mercury

recycling; and

(2) includes proposals, if necessary, to mitigate any negative impact identified under paragraph (1).

## SEC. 6. REPORT TO CONGRESS.

At least 3 years after the effective date of the prohibition on export of elemental mercury under section 12(c) of the Toxic Substances Control Act (15 U.S.C. 2611(c)), as added by section 4 of this Act, but not later than January 1, 2014, the Administrator of the Environmental Protection Agency shall transmit to the Committee on Energy and Commerce of the House of Representatives and the Committee on Environment and Public Works of the Senate a report on the global supply and trade of elemental mercury, including but not limited to the amount of elemental mercury traded globally that originates from primary mining, where such primary mining is conducted, and whether additional primary mining has occurred as a consequence of this Act.

Mr. WHITEHOUSE. Mr. President, I ask unanimous consent that the Boxer substitute amendment be agreed to, the committee-reported substitute amendment, as amended, be agreed to, the bill, as amended, be read a third time and passed, the motion to reconsider be laid upon the table, with no intervening action or debate, and that any statements relating to the bill be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment (No. 5673) was agreed to.

(The amendment is printed in today's RECORD under "Text of Amendments.")

The committee amendment, in the nature of a substitute, as amended, was agreed to.

The bill (S. 906), as amended, was ordered to be engrossed for a third reading, was read the third time, and passed.

# ALCOHOL AND DRUG ADDICTION RECOVERY DAY

Mr. WHITEHOUSE. Mr. President, I ask unanimous consent that the Senate proceed to the immediate consideration of calendar No. 1084, S. Res. 659.

The PRESIDING OFFICER. The clerk will report the resolution by title.

The legislative clerk read as follows: A resolution (S. Res. 659) designating September 27, 2008, as Alcohol and Drug Addiction Recovery Day.

There being no objection, the Senate proceeded to consider the resolution.

Mr. WHITEHOUSE. Mr. President, I ask unanimous consent that the resolution be agreed to, the preamble be agreed to, the motions to reconsider be laid upon the table, with no intervening action or debate, and that any statements relating to the resolution be printed in the RECORD.

The PRESIDING OFFICER. Without

objection, it is so ordered.

The resolution (S. Res. 659) was agreed to.

The preamble was agreed to.

The resolution, with its preamble, reads as follows:

### S. RES. 659

Whereas treatment and long-term recovery from substance use disorders can offer a renewed outlook on life for those who are addicted and their family members;

Whereas more than 23,000,000 people in the United States struggle with substance use disorders;

Whereas people who receive treatment for substance use disorders can lead more productive and fulfilling lives, personally and professionally;

Whereas studies have consistently found that treatment is essential for people to be successful in their paths of recovery;

Whereas real stories of long-term recovery can inspire others to ask for help and improve their own lives, the lives of their families, and the entire community;

Whereas it is critical that we educate our community members that substance use disorders are treatable chronic diseases, and that by reaching out to those who suffer from these disorders we can improve the quality of life for the entire community;

Whereas, to help achieve this goal, the Department of Health and Human Services, the Substance Abuse and Mental Health Services Administration, the National Council on Alcoholism and Drug Dependency, the Partnership for a Drug-Free America, and A&E Television Networks, along with thousands of people from across the country, will hold a Recovery Rally on the Brooklyn Bridge and in City Hall Park in New York City on September 27, 2008; and

Whereas the Recovery Rally will be part of National Alcohol and Drug Addiction Recovery Month: Now, therefore, be it

Resolved, That the Senate—

(1) designates September 27, 2008, as Alcohol and Drug Addiction Recovery Day; and

(2) calls upon the people of the United States to observe this day with appropriate programs, activities, and ceremonies.

# 50TH ANNIVERSARY OF THE FOUNDING OF AARP

Mr. WHITEHOUSE. Mr. President, I ask unanimous consent that the Judiciary Committee be discharged from further consideration, and the Senate now proceed to S. Res. 666.

The PRESIDING OFFICER. Without objection, it is so ordered.

The clerk will report the resolution by title.

The legislative clerk read as follows: A resolution (S. Res. 666) recognizing and honoring the 50th anniversary of the founding of AARP.

There being no objection, the Senate proceeded to consider the resolution.

Mr. WHITEHOUSE. Mr. President, I ask unanimous consent that the resolution be agreed to, the preamble be agreed to, and the motion to reconsider be laid upon the table.

The PRESIDING OFFICER. Without objection, it is so ordered.

The resolution (S. Res. 666) was agreed to.

The preamble was agreed to.

The resolution, with its preamble, reads as follows:

#### S. Res. 666

Whereas AARP is a nonprofit, nonpartisan organization with more than 40,000,000 members that is dedicated to improving the quality of life of people who are 50 years of age or older;

Whereas Ethel Percy Andrus, a retired educator from California, founded AARP in 1958 to promote independence, dignity, and purpose for older people in the United States and to encourage current and future generations "to serve, not to be served";

Whereas the vision of AARP is "a society in which everyone ages with dignity and purpose and in which AARP helps people fulfill their goals and dreams";

Whereas the mission of AARP is to enhance the quality of life of all people as they age, to promote positive social change, and to deliver value to its members through information, advocacy, and service;

Whereas the nonpartisan advocacy activities of AARP help millions of people participate in the legislative, judicial, and administrative processes of the United States;

Whereas AARP is a trusted source of reliable information on health, financial security, and other issues important to people 50 years of age and older;

Whereas AARP provides an opportunity for volunteerism and service so that its millions of members can better their families, communities, and the Nation:

Whereas AARP Services has become a leader in the marketplace by influencing companies to offer new and better services for the members of AARP:

Whereas AARP Foundation, the philanthropic arm of AARP, delivers information, education, and direct service programs to the most vulnerable people in the United States aged 50 and over;

Whereas the job placement program of AARP Foundation has helped more than 400,000 low-income older people in the United States find jobs, contributing to their sense of purpose and dignity;

Whereas the Driver Safety Program of AARP has helped more than 10,000,000 older drivers sharpen their driving skills;

Whereas 2008 is the 50th anniversary of the founding of AARP; and

Whereas, in honor of its 50th anniversary, AARP renewed its commitment to improving
