

HONORING COLONEL SCOTT  
VANDER HAMM

**HON. STEPHANIE HERSETH SANDLIN**

OF SOUTH DAKOTA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, May 21, 2009*

Ms. HERSETH SANDLIN. Madam Speaker, I rise today to honor Colonel Scott Vander Hamm, commander of the 28th Bomb Wing at Ellsworth Air Force Base in South Dakota, for his commendable record of service to our country. Colonel Vander Hamm is leaving Ellsworth for a new assignment, but his efforts have left a lasting impact on Ellsworth, my state of South Dakota, and the security of our country.

Over the course of a career that has seen him earn the Distinguished Flying Cross and the Bronze Star, Colonel Vander Hamm has logged more than 4,200 hours as a pilot, which adds up to 167 days in the air. He has the flown the B-52, the B-2 and now the B-1. He flew a combat mission the first night of Operation Iraqi Freedom, a mission Col. Vander Hamm has referred to as one of his most memorable flights. As the 7th Operations Group Commander, Colonel Vander Hamm also led planes in support of Operation Enduring Freedom, and the expeditionary group he commanded flew over 900 combat and combat support missions.

However, Colonel Vander Hamm describes himself as an officer first and an aviator second. At Ellsworth, he commanded the largest B-1 combat wing in the U.S. Air Force, with 29 aircraft and more than 4,300 personnel. His organizational skills and drive kept that force in top shape, ready to respond to a crisis at a moment's notice.

He's also a proud family man. His wife Joanna, seven daughters and four sons have all helped shape the Colonel into a great leader of men and women. The Vander Hamms have become an important part of the Ellsworth family and their looming absence will be felt by the entire base.

The leadership and diligence shown by Colonel Vander Hamm and our nation's other military commanders are second to none. I am personally immensely grateful for the values and honor that soldiers such as he have instilled in the fabric of our society. And I am sure the people of South Dakota and the entire country join me in thanking him for his sacrifices in helping keep all of us safe.

Madam Speaker, it is with enduring pride and respect that I rise today in recognition of Col. Vander Hamm and his service at Ellsworth Air Force Base. The state of South Dakota will miss him, but we are all fortunate that his service to our nation continues.

HONORING CHARLIE WINTERS

**HON. RON KLEIN**

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, May 21, 2009*

Mr. KLEIN of Florida. Madam Speaker, I rise today to honor the memory of Charlie Winters. Mr. Winters was an ordinary Florida businessman who played an extraordinary role in history.

In 1948, he provided an aircraft to the Jewish armed forces in pre-war Israel for its de-

fense during the Israeli Independence War. Had Mr. Winters and other Americans not provided this assistance at such a critical time, Israel may not have survived as an independent state and become one of our Nation's staunchest allies. However, Mr. Winters was not honored at the time for his heroism. Instead, he was arrested and convicted under the "Neutrality Act" for his role in Israel's founding. In fact, he was one of a handful of Americans convicted and he was the only one to serve a prison sentence.

Mr. Winters was released from prison on November 17, 1949 and lived a humble and quiet life thereafter in Miami. In 1984, Mr. Winters passed away, and never told his family about his story. But, his obituary in the Miami Herald was entitled "Charles Winters, 71, Aided Birth of Israel," and noted that he was honored by the late Golda Meir, and had earned "a place of distinction among the Americans who banded together clandestinely at the end of World War II to help Jews establish a state in Palestine."

Last year, several of my colleagues and I sent a letter to the United States Justice Department, asking for a posthumous pardon for Mr. Winters. We are grateful that President Bush issued a pardon in December, thereby clearing Mr. Winters name and providing comfort to his family.

Today, the Jewish Federation of Palm Beach County's Jewish Community Relations Council will be hosting Jimi Winters, the son of Charlie Winters, to honor the memory of his father. While I regret that I cannot be with them today, I join them in their celebration of Mr. Winters' memory. Mr. Winters' actions helped secure the independence of the state of Israel, thereby establishing a beacon of democracy in the Middle East.

HONORING THE 75TH ANNIVERSARY OF THE ESTABLISHMENT OF THE OMAHA DISTRICT OF THE U.S. ARMY CORPS OF ENGINEERS

**HON. LEE TERRY**

OF NEBRASKA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, May 21, 2009*

Mr. TERRY. Madam Speaker, I rise today to honor the establishment of the Omaha District of the U.S. Army Corps of Engineers 75 years ago. Since that time, the Omaha District of the Corps has performed admirably in a wide range of duties, and today manages more than a billion dollars worth of civil works, military construction, and environmental restoration projects. Members of the Omaha District of the U.S. Army Corps of Engineers currently serve in Afghanistan and Iraq as part of the Global War on Terror.

When the Omaha District was established in 1934, its initial mission was the construction of the Fort Peck Dam in Montana. That project was the first of many that resulted in the construction of a total of 6 dams along the main stem of the Missouri River that provided necessary jobs during the Great Depression. This was just part of the Corps' efforts to harness the mighty Missouri River basin through construction of a vast set of engineering projects

which control flooding, facilitate commerce by improving navigation, generate electricity, and spur agriculture. These projects evolved into a flood control system that has prevented over \$25 billion in flood damages to date.

During World War II and the Cold War, the Omaha District of the U.S. Army Corps of Engineers was involved in numerous aspects of our nation's defense. It constructed the assembly plant for the B-29 Superfortress and the B-26 Marauder, and gained technical expertise in constructing runways which proved valuable for Army Air Force training. The Omaha District also was involved in the construction of the Northern Area Defense Command in Colorado, facilities for Space Command, and various missile control and launch facilities throughout the Midwest. Following the Cold War, the Omaha District helped lead on environmental remediation by removing ordnance from closed bombing ranges, containing below ground chemical plumes, and remediating landfills and wetlands.

In 1982, the Corps added environmental cleanup to its mission. Since that time the Corps has provided technical expertise to the Environmental Protection Agency's Superfund cleanup projects. In fact, the Corps' Omaha District became the Center of Expertise for Hazardous and Toxic Waste. Individuals trained at this facility have assisted in EPA environmental cleanup of projects in California and Pennsylvania. The Omaha District continues to take the lead in remediation of hazardous, toxic, and radioactive waste sites in current and former military sites.

For 75 years, the Omaha District has answered the nation's call for service. I commend the Omaha District Corps' continued commitment to military construction, improving civil works and environmental restoration both in Nebraska and throughout our nation under the current leadership of Colonel David Press. The Omaha District of the U.S. Corps of Engineers has earned the recognition of Congress on the celebration of the 75th anniversary of its founding.

#### IN HONOR OF MEMORIAL DAY

#### HON. AL GREEN

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Thursday, May 21, 2009*

Mr. GREEN of Texas. Madam Speaker, I wish to honor our fallen veterans this Memorial Day on May 25, 2009. Our veterans, as well as our troops, risked their lives and their livelihoods for their country and for our freedom. They deserve our utmost respect and appreciation.

Memorial Day was initially called Decoration Day. After the Civil War, Americans honored fallen soldiers in the Union and Confederacy by decorating the soldiers' graves. After World War I, Memorial Day became a day to honor all American soldiers who died in war. In 1971, Congress declared Memorial Day as a national holiday celebrated on the last Monday in May. Today, the national celebration of Memorial Day is held at Arlington National Cemetery. It is a ceremony of sincere solemnity, as well as one of great pride because it pays tribute to those who made the ultimate sacrifice while defending the American flag.

While we pay tribute to our fallen heroes, it is important that we also recognize those vet-

erans who fought valiantly and returned home to their loved ones. Our nation's heroes who fought so bravely to defend the American Dream also deserve the opportunity to achieve it. According to the U.S. Department of Veterans Affairs (VA), on any given night in this country, between 150,000 and 200,000 adult veterans live on the streets, in shelters or in community-based organizations. Unfortunately, approximately 150,000 homeless heroes do not have access to the vital permanent housing and supportive services they need each year.

Last year, I introduced H.R. 3329: The Homes for Heroes Act to address this problem. My bill will provide shelter for homeless veterans and their families and help prevent low-income veteran families from falling into homelessness. On July 9, 2008, the Homes for Heroes Act passed the House by a vote of 412-9, but did not make it through both chambers. Fortunately, the author of the Senate companion bill, former Senator Barack Obama, is now the President of the United States. Therefore, I look forward to working with this Congress and our current President to pass this very important legislation in the 111th Congress. The Homes for Heroes Act will truly honor those who have sacrificed for our country by providing them with the assistance they deserve and have so deeply earned.

I ask all of my colleagues and fellow Americans to pause and observe the great sacrifice that our fallen heroes and veterans made for our beloved country. Our military men and women were there to answer their nation's call to duty and now our government must prove that we will be there for them. In words, deeds and actions, our nation's heroes have earned it. This is the least a grateful nation can do.

#### THE 21ST CENTURY GREEN HIGH-PERFORMING PUBLIC SCHOOL FACILITIES ACT

#### HON. PHIL HARE

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

*Thursday, May 21, 2009*

Mr. HARE. Madam Speaker, I rise today in strong support of H.R. 2187, the 21st Century Green High-Performing Public School Facilities Act.

Schools all over my district are struggling to find the money to pay for the most basic school repairs, let alone the funding to upgrade school facilities to meet the needs of 21st century learners.

It is estimated that the national need for school construction and renovation is somewhere between \$100 billion and \$300 billion. While school construction funding has traditionally been a State and local responsibility, the magnitude of the challenge warrants a small Federal role—a role that could help Lewistown Community High School in my district repair a leaky roof and replace World War II era equipment.

The bill before us authorizes \$6.4 billion to address unmet school modernization needs. Additionally, the bill guarantees that our nation's lowest-achieving school districts receive a minimum grant of \$5,000 for school enhancement projects.

I am also pleased that this bill encourages schools to make energy efficient improve-

ments. By dedicating the majority of funds to green building projects, H.R. 2187 will save schools an average of \$100,000 each year in energy costs alone—enough to hire two additional full-time teachers, purchase 5,000 new textbooks, or buy 500 new computers.

Education infrastructure is not an expenditure, it is an investment in our Nation's future. Many of our students are being taught in unsafe and unhealthy conditions that make high-quality learning impossible. H.R. 2187 turns crumbling schools into environments ripe for learning.

Madam Speaker, I urge all my colleagues to vote for H.R. 2187.

#### HONORING POLICE OFFICERS AND LAW ENFORCEMENT PROFESSIONALS DURING POLICE WEEK

SPEECH OF

#### HON. JERRY F. COSTELLO

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, May 19, 2009*

Mr. COSTELLO. Mr. Speaker, I rise today in support of H. Res. 426, a resolution that honors and celebrates National Peace Officers' Memorial Service Observance Day on May 15, 2009 and National Police Week, May 11-15, 2009.

President John F. Kennedy first proclaimed May 15th as National Peace Officers' Memorial Day. Every year on this day, we celebrate the lives and honor the deaths of our fallen law enforcement officers. We also recognize the important role that our peace officers play in the daily lives of all citizens, and the responsibilities, hazards, and sacrifices of their work.

As a former police officer, I salute those law enforcement officers who died in the line of duty in 2008 and continue to honor those police officers who gave their lives in past years. I join my colleagues on the Congressional Law Enforcement Caucus in urging continued support for programs, such as the Community Oriented Policing Services (COPS) program, to hire additional police officers and help law enforcement acquire the latest crime-fighting technologies.

Mr. Speaker, I ask my colleagues to join me in recognizing and paying respect to our fallen heroes. In these difficult and changing times, we honor their work to protect our communities and families and promote safety and peace on our streets. I urge my colleagues to support this resolution.
