

## EARMARK DECLARATION

**HON. BRIAN P. BILBRAY**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, June 16, 2009*

Mr. BILBRAY. Madam Speaker, I submit the following:

Requesting Member: Congressman BRIAN BILBRAY

Bill Number: H.R. 2847, Commerce, Justice, Science, and Related Agencies Appropriations Act, 2010

Account: Department of Justice, Byrne Justice Assistance Grants

Legal Name of Requesting Entity: City of Carlsbad

Address of Requesting Entity: 1200 Carlsbad Village Drive, Carlsbad, CA 92008

Description of Request: I received an earmark of \$300,000 for the City of Carlsbad to construct the first Joint Fire and Police training center in North San Diego County, providing an unparalleled opportunity for first responders to train together and deliver enhanced and coordinated safety for the citizens of our region. Regional public safety collaboration will result in better training, yielding stronger and more coordinated responses by fire, police, public works, FBI, DEA and other North County law enforcement agencies. This project will also better prepare a coordinated, unified response to large-scale disasters and fires in the region.

Requesting Member: Congressman BRIAN BILBRAY

Bill Number: H.R. 2847, Commerce, Justice, Science, and Related Agencies Appropriations Act, 2010

Account: Department of Justice, Office of Justice Programs, Byrne Justice Assistance

Legal Name of Requesting Entity: City of Escondido

Address of Requesting Entity: 201 North Broadway, Escondido, CA 92025

Description of Request: I received an earmark of \$200,000 for the Escondido Police Department to fund new Mobile Data Computers. Mobile Data Computers (MDCs) enhance emergency communications and support electronic messaging between police vehicles. Officers are dependent on this technology to be responsive to emergencies and have the necessary information to operate safely. Vehicles with new MDCs will increase officer communications and enable them to interface with Escondido's new CAD system with its GPS feature. During a large, regional emergency (e.g. a wildfire scenario) the Emergency Operations Center and 911 dispatch center will be able to visually determine where every Police and Fire unit is located and position them more effectively.

The Police Department currently maintains approximately 160 Mobile Data Computers. About 40 percent of these are three to four years old and are used beyond the manufacturers warranty period. Although these MDCs are still in the field and functioning, they are very costly to maintain. Not surprisingly, the successful deployment of the mobile laptop computers also has created a demand for increased access to new applications (e.g. Automated Field Reporting) and regional law enforcement databases (e.g. ARJIS, CLETS),

which puts a strain on these older mobile computers. Pushing these older mobile computers to the edge of their limits makes it difficult to maintain the reliability necessary for public safety operations. More importantly, some of the desired applications (ARJISNet, SDLaw, CalPhoto, new CAD system) simply cannot be accommodated on the older existing MDCs.

Requesting Member: Congressman BRIAN BILBRAY

Bill Number: H.R. 2847, Commerce, Justice, Science, and Related Agencies Appropriations Act, 2010

Account: Byrne Discretionary Grant Program  
Legal Name of Requesting Entity: San Diego County, District Attorney

Address of Requesting Entity: 330 West Broadway, San Diego, CA 92101

Description of Request: I secured \$200,000 for the San Diego County District Attorney's Gang and Drug Crime Investigation and Prosecution unit. This proposal for \$200,000 is consistent with the statutory purpose and goals of the Byrne Discretionary Grant Program. Investigation and prosecution of drug and gang-related crime in the District Attorney's Office is manpower-intensive. A substantial number of cases brought to the office come from Federal law enforcement, often due to the inability or unwillingness of the U.S. Attorney's Office to take certain cases. Deputy District Attorneys work hand in hand with Special Agents of the Drug Enforcement Administration to investigate narcotics trafficking activity, much of which originates in Mexico. These investigations, many of which involve technically and legally complex wiretaps of extraordinary scope and duration, require an ever-increasing number of Deputy District Attorneys, as narcotics traffickers, and the attorneys they retain for their defense, become more sophisticated.

Requesting Member: Congressman BRIAN BILBRAY

Bill Number: H.R. 2847, Commerce, Justice, Science, and Related Agencies Appropriations Act, 2010

Account: COPS Technology Grant Program  
Legal Name of Requesting Entity: County of San Diego, Sheriff's Department

Address of Requesting Entity: 9621 Ridgehaven Court, San Diego, CA 92123

Description of Request: I secured \$1,200,000 for the San Diego County Sheriff Department's Regional Communications System Upgrade. This proposal for \$1,200,000 is consistent with the statutory purpose and goals of the COPS Technology Discretionary Program. The Sheriff's continued vision is to increase and improve data sharing, automate officer alerts and notifications, improve disaster preparedness, and deliver more intelligence to officers and first-responders. The Sheriff's Department, with assistance from Federal and local agencies has, over several years, undertaken technology projects targeting this vision. These enhancements provide law enforcement with rapid access to critical information and knowledge with less human intervention producing quicker results with greater accuracy. This phase of the SDLaw Infrastructure Program will expand the search and aggregation of intelligence from even more data repositories, add additional business logic, further automate data mapping

and workflow, further improving visualization of the information resulting from this convergence of data from State, Local, and Federal systems and now with the inclusion of County justice case management systems.

The championship squad includes sophomores Andrew Collazo, Jonathon Castillo, Tommy Vukovich, Nick Popescu, Caleb Nine, Bryan Johns, Runey Davis, Kane Kimrey, Hunter Hill, B.J. Armstrong, Dylan Cacciola, Monk Kreder, Chase Adams, Miles Hamblin, Marvin Prestridge, David de la Chapelle, Zach Neal, Jared Butler, William Calhoun, Corey Sartor, Anthony Collazo, Cody Henry, Juan Villarreal, and freshmen Kyle Padden, Tanner Ross, Zak Anderson, Blake Barnes, Brandon Parrent, Landon Steinhagen, Stephen Niedwiecki, Joe Leftridge, MacKenzie Harrison, Duncan McGee, Burch Smith, Josh Brewer. The NJCAA/Easton Division I Baseball Defensive Player of the Year award went to Hawk centerfielder Runey Davis. Andrew Collazo was honored as the tournament's Most Valuable Player and Best Defensive Player. William Calhoun was awarded the Rawlings Big Stick Award with a regular season batting average of .527—the highest in the nation.

Three of the Hawks were named to the All American team: designated hitter William Calhoun, Pitcher Zach Neal, and Catcher Miles Hamblin.

With great support from the community, the Hawks have brought home the national championship to Big Spring. I applaud the Howard College Hawks for their hard work and success.

INTRODUCTION OF THE COMPREHENSIVE PROBLEM GAMBLING ACT OF 2009

**HON. JAMES P. MORAN**

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, June 16, 2009*

Mr. MORAN of Virginia. Madam Speaker, I rise today to introduce, along with Representatives LEE TERRY and FRANK WOLF, the Comprehensive Problem Gambling Act of 2009, which would for the first time devote federal resources toward the prevention and treatment of problem and pathological gambling.

According to the National Council on Problem Gambling, approximately 6–9 million

American adults meet the criteria for a gambling problem, which includes gambling behavior patterns that compromise, disrupt or damage personal, family or vocational pursuits. Over the past decade, gaming and gambling has grown in the United States and many states have expanded legalized gaming, including regulated casino-style games and lotteries. The recent economic downturn only compounds this situation as many states consider relaxing gaming laws in an effort to raise state revenues.

At the same time, the federal government and most states have devoted very little, if any, resources to the prevention and treatment of compulsive gambling. Problem gambling can destroy a person's career and financial standing, disrupt marriages and personal relationships, and encourage participation in criminal activity. Currently, no federal agency has responsibility for coordinating efforts to treat problem gambling.

The Comprehensive Problem Gambling Act of 2009 would begin to address this deficiency by designating the Substance Abuse and Mental Health Services Administration (SAMSHA) as the lead agency on problem gambling, allowing them to coordinate Federal action. The legislation would allow SAMSHA to conduct research, develop guidelines for effective prevention and treatment programs, and provide assistance for community-based services. In addition, this legislation would authorize annual appropriations of \$200,000 for a coordinated public awareness campaign, \$4 million for an advisory commission to research problem gambling, and \$10 million for grants to state, local, and tribal governments and non-profit organizations to provide treatment and prevention programs.

Legal gambling revenue, excluding most sports betting, poker and Internet gambling, has grown into an approximately \$100 billion a year industry. In 2006, the IRS reported that individuals claimed \$27.902 billion in gambling winnings on their income tax returns, resulting in \$5.3 billion in federal tax revenue. I feel the responsible action is to invest a modest amount (the five-year cost of this bill is less than one-fourth of 1 percent of the yearly federal tax revenues from gambling) in prevention and treatment efforts.

While there may be disagreement over the degree to which gambling should be regulated, we should all be able to support efforts to minimize the negative effects of problem gambling. I look forward to working with my colleagues to enact this important legislation.

EARMARK DECLARATION

**HON. DONALD A. MANZULLO**

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, June 16, 2009*

Mr. MANZULLO. Madam Speaker, pursuant to the Republican Leadership standards on earmarks, I am submitting the following information regarding the two earmarks I secured as part of H.R. 2847, Commerce, Justice, Science, and Related Agencies Appropriations Act, 2010.

My first request, totaling \$250,000, will come from the Community Oriented Policing Services technology account at the Department of Justice for the City of Rockford, Illinois

to acquire a new Records Management System and new crime fighting software for their police department to assist them in identifying, deploying, and effectively apprehending criminals. A major component of Rockford's crime reduction strategy has been to utilize technology to improve productivity and deploy resources in the most strategic and efficient manner possible. This leveraging of technology will be a force multiplier for the City and will help to reduce the crime rate in local neighborhoods. Rockford, and the surrounding areas of Winnebago County, has long struggled with high per capita crime rates. While crime has recently fallen in Rockford, too many people still do not feel safe in their own neighborhoods and dare not cross into someone else's part of town. Plus, with the decline in the national economy and the local unemployment rate in Rockford reaching 14.5 percent, higher crime rates may soon reemerge. This funding is needed to help the Rockford police use modern technology to help them confront the next challenges in law enforcement. The entity to receive this funding is the City of Rockford located at 425 East State Street in Rockford, Illinois 61104.

My second request, totaling \$250,000, will also come from the Community Oriented Policing Services technology account at the Department of Justice for the Office of the Sheriff of Winnebago County, Illinois to purchase new modern, interoperable mobile radios to improve communications among multiple law enforcement agencies in several counties along Illinois-Wisconsin border. The radios currently in use by the Sheriff's Department operate on older technology that the manufacturer no longer supports replacement parts. Having new communications equipment will allow their field operations units to have direct communications within their agency, as well as other law enforcement agencies within Winnebago County and adjoining counties in northern Illinois and southern Wisconsin. This request will help fulfill the Congressional mandate to have communications interoperability among first responders. The entity to receive this funding is the Office of the Sheriff of Winnebago County located at 650 West State Street in Rockford, Illinois, 61102.

Madam Speaker, I want to take this opportunity to thank the Chairman of the House Appropriations Committee, Representative DAVID OBEY, and the Ranking Minority Member, Representative JERRY LEWIS, and the Chairman of the CJS Appropriations Subcommittee, Representative ALAN MOLLOHAN, and the Ranking Minority Member, Representative FRANK WOLF, for working with me in a bipartisan manner to include these two critical law enforcement requests in this spending bill.
