IN RECOGNITION OF THE PASSING OF DAN MCKENZIE

HON. JEFF MILLER

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Friday, June 26, 2009

Mr. MILLER of Florida. Madam Speaker, I rise today to recognize Dan McKenzie, a Northwest Florida community leader and businessman who passed away on June 22, 2009. Mr. McKenzie spent his entire life serving his community and family. I am proud to honor his life of dedication and service.

Mr. McKenzie grew up in Pineapple, Alabama, the son of a sawmill owner. He chose to branch out and not follow in the family business, instead trying his hand at ranching. As

a young man, continuing health issues forced him to seek medical care in Foley, Alabama where he was told he would have to leave the area completely in order to regain his health. He spent the night in Milton, Florida and said he was never sick again. Milton became his permanent home after his miraculous recovery, where he became entrenched in the local business community.

Upon settling in Milton, Mr. McKenzie began a new career in the automotive industry. His first day on the job, he sold a brand new Mercury sedan for \$3,000. From there, he built a family owned automotive business that still stands to this day. For over 40 years, McKenzie Pontiac GMC Buick has provided for the automotive needs of the people of Northwest Florida. Billing themselves as a hometown dealership, their motto of "We will treat you like family" was a promise and not just a slogan.

Mr. McKenzie was not only a businessman, but a dedicated family man. In 1945, he married his childhood sweetheart, Mary Till, and often credited her as his inspiration. They were the parents of five daughters. Sadly, Dianne passed away at the age of 9, but left to cherish his memory are Janet, Linda, Lisa and Dana.

Madam Speaker, on behalf of the United States Congress, I am privileged to honor Mr. Dan McKenzie as a man reflective of the true spirit of Northwest Florida. Mr. McKenzie will be remembered by all as a loving husband and father, a successful businessman and an important part of our Northwest Florida community.

IN RECOGNITION OF THE NORTHEAST OHIO SIERRA CLUB

HON. DENNIS J. KUCINICH

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Friday, June 26, 2009

Mr. KUCINICH. Madam Speaker, I rise today in recognition of the Northeast Ohio Sierra Club and applaud their efforts to raise

awareness about the dangers of coal and its contributions to global warming. As the nation takes strides towards more environmentally sound ways of producing energy, it is important that we recognize the danger of trading one harmful fuel for another. If we hope to have a stable climate, we must refrain from the use of strong and toxic pollutants like coal.

Americans are known for their determination and innovation when faced with a challenge. Let us rely on these qualities in our transition to cleaner energy, rather than choosing an easy way out represented by coal. The health of our children and our planet is too big of a price to pay for our continued dependence on coal.

Madam Speaker and colleagues, please join me in recognizing the efforts that the Northeast Ohio Sierra Club has taken in raising awareness of the dangers of coal. As the nation works towards cleaner energy policies, organizations such as the Northeast Ohio Sierra Club are working tirelessly to keep the American public accurately informed on energy issues.

DEPARTMENT OF HOMELAND SECURITY APPROPRIATIONS ACT 2010

SPEECH OF

HON. BOB ETHERIDGE

OF NORTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 24, 2009

The House in Committee of the Whole House on the State of the Union had under consideration of the bill (H.R. 2892) making appropriations for the Department of Homeland Security for the fiscal year ending September 30, 2010, and for other purposes:

Mr. ETHERIDGE. Madam Chair, I rise today in support of H.R. 2892, the Department of Homeland Security Appropriations Act for Fiscal Year 2010.

This legislation provides \$44 billion for the Department of Homeland Security to continue its work to keep Americans safe, keep our borders secure, and ensure our communities are prepared for any disaster—whether natural or man-made.

At a time when our state and local governments are strained in the current economic downturn, this legislation continues our federal commitment to support local efforts that keep our communities safe. It provides \$3.55 billion for first responder grant initiatives, including \$810 million for Fire Grants, \$950 million for State Emergency Preparedness Grants, \$330 million for Emergency Management Performance Grants, and a total of \$90 million for interoperable communications and emergency response centers.

H.R. 2892 will help secure our border and improve the enforcement of our nation's immigration laws. The measure would fully fund 20,019 border patrol agents with \$3.5 billion and provide \$732 million for border fencing, infrastructure and technology. It would provide \$5.7 billion for Immigration and Customs Enforcement (ICE) to enhance our ability to identify and remove immigrants who have illegally entered the country, and \$248 million for the United States Citizenship and Immigration Services to improve the processing of visas for those eligible to enter the country. This funding includes \$112 million to operate and improve E-Verify, the DHS initiative that empowers businesses to screen potential employees' immigration status.

As North Carolina is a prime hurricane state, I am pleased that this bill makes important investments in all-hazards disaster preparedness. It provides \$2 billion for Disaster Relief, \$220 million to continue flood map modernization and to maintain modernized maps, and \$200 million to address the increasing needs for emergency food and shelter, recognizing that the current economic downturn is a disaster in its own right.

Madam Chair, this is a strong bill that enhances our ability to keep our nation secure and our citizens safe. I urge my colleagues to join me in supporting this legislation.
