#### AMERICAN CLEAN ENERGY AND SECURITY ACT OF 2009

SPEECH OF

**HON. ROSA L. DeLAURO**

OF CONNECTICUT

IN THE HOUSE OF REPRESENTATIVES

*Friday, June 26, 2009*

Ms. DELAURO. Madam Speaker, I rise in support of the American Clean Energy and Security Act—a historic step forward to revitalize our economy and get America running on clean energy.

There is a global race underway to develop clean energy technologies. We have the innovation and manpower to take the lead—but we will not get there unless we muster the political will to keep our nation competitive. This bill makes sure that everyone benefits from the millions of jobs this bill will create through a Green Construction Demo Project and additional Green Jobs Act funding to train workers with the new skills they will need to repower and rebuild this nation.

This bill also makes the U.S. more energy independent by investing in energy efficiency, including for consumers of natural gas, home heating oil, and propane. We know that comprehensive energy efficiency programs can help households save money on energy. I thank the Chairman for providing states with greater flexibility to use allowances under the SEED Program to expand existing cost-effective efficiency programs. And for including a provision I cosponsored with my colleague RUSH HOLT, to jumpstart important research on consumer behavior, energy conservation and efficiency. Moving forward, I hope we will strengthen the combined energy efficiency and renewable energy standard, to maximize efficiency and investments in clean technologies like wind, solar, geothermal, and biomass.

Madam Speaker, this bill is a significant step towards a better future, and a major break from the past eight years of ignoring our energy crisis. For the first time, it would create a system of clean energy incentives designed to jumpstart the economy and reduce the carbon pollution that causes global warming.

Make no mistake—the effects of global warming are visible here and now. In my home state of Connecticut, global warming is a threat to our health, our wetlands, our lobster fisheries, and our economy. This bill is

our chance to mitigate that threat—a chance that will not come again soon.

Future generations are counting on us to do the right thing today—to set our country on a path towards a cleaner, more prosperous future. I urge my colleagues to support this bill.

APPLAUDING HON. EDOLPHUS TOWNS IN CELEBRATION OF FATHER'S DAY

**HON. CHARLES B. RANGEL**

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, July 7, 2009*

Mr. RANGEL. Madam Speaker, I rise today to praise my fellow colleague, EDOLPHUS TOWNS, for his outstanding career on Capitol Hill within the House of Representatives, as well as his continuous role as a father. This week, the New York Carib News acknowledged the Congressman in “Edolphus Ed Towns, Father and Lawmaker” in an article on outstanding fathers. The article noted his 30 years as a member of Congress and recognized TOWNS as the proud father of two adult children, Darryl, a New York State assembly member and his daughter Diedre, a Senior Executive with the Pfizer Pharmaceutical Company.

Mr. TOWNS, who is a former social worker and community activist, is a 14-term veteran and currently chairs the Committee on Oversight and Government Reform. Mr. TOWNS was born on July 21, 1934 in Chadbourn, North Carolina and earned his bachelor's degree from North Carolina A&T State University. He holds a master's degree in social work from Adelphi University. Prior to serving in the House, Mr. TOWNS was a teacher in the New York City Public School System, and a professor at Fordham University as well as Medgar Evers College. He is also a veteran of the United States Army and an ordained Baptist minister.

Mr. TOWNS continues to be dedicated and committed to serving his constituents within the 10th Congressional District of New York, which encompasses a variety of Brooklyn's diverse population. Mr. TOWNS also continues to be an advocate for adequate public health care, as well as equal access to quality public education and technology and financial security.

As a father, Mr. TOWNS strived to instill values in his children, as well as being fully invested in teaching them important life lessons by assuring the family spent time and had meals together. Mr. TOWNS understood the important role that fathers have in a child's life and cherishes the significance of sharing life experiences, which he attributes to his children's success in their personal and public lives. As an example, Mr. TOWNS and his son, Darryl, are the first African-American father-son team to serve simultaneously in New York public office.

Fatherhood is filled with many joys and challenges, and therefore, I applaud EDOLPHUS TOWNS for his continued commitment to his family as well as for his public service. I have thoroughly enjoyed working with my colleague and I commend him for his leadership.
