It will also help take pressure off our imported water supplies from Northern California and the Colorado River. Additionally it will demonstrate for other parts of the county with water supply challenges the effectiveness of these devices in achieving significant water savings. CONGRATULATING DR. JOHN JOHNSON ON THE OCCASION OF HIS RETIREMENT

HON. JO BONNER

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

Wednesday July 8, 2009

Mr. BONNER. Madam Speaker, it is with great pride that I rise to honor the long and distinguished career of Dr. John Johnson, on the occasion of his retirement as president of Alabama Southern Community College.

Dr. Johnson received a bachelor's degree in mathematics and physics/chemistry from Troy University, a master's degree in counseling from the University of Alabama, and a Ph.D. in college administration from the University of Alabama.

He devoted almost four decades of his life to higher education. For the past 20 years, Dr. Johnson served as president of Alabama Southern Community College, and prior to his

tenure as president, he served on the faculties of Birmingham-Southern College and the University of Alabama, as well as the Alabama Department of Postsecondary Education.

While serving as president, Dr. Johnson raised Alabama Southern Community College to new heights. During his tenure, Alabama Southern has been recognized by the Alabama Department of Postsecondary Education as having "achieved the most dramatic turnaround of any college in the history of the Alabama College System." Alabama Southern was selected as a top ten finalist for the 2006 Bellwether Award for Workforce Development and was also selected as the 2005 National Bellwether Award for Instructional Excellence by Community College Futures Assembly and National Council for Instructional Administrators.

In 2004, Alabama Southern was designated as a National Center for Pulp and Paper Technology Training, the highest award given by the National Science Foundation for Advanced Technology Education. This distinction made Alabama Southern the only national center in rural America. In 1998, Alabama Southern was selected as one of the 10 best examples of the management of change in the American Association of Community College's report *Managing Change: A Model for Community College Leaders*.

Madam Speaker, I ask my colleagues to join me in recognizing a dedicated educator and friend to many throughout Alabama. I am certain that his family—his wife, Laurie, and their three children, Adam, Russell, and Bess—along with the faculty and staff at Alabama Southern Community College and his many friends in Monroeville and throughout the State join me in praising his accomplishments and extending thanks for his considerable service to southwest Alabama. On behalf of a grateful community, I wish Dr. Johnson the very best of luck in all of his future endeavors.
