EARMARK DECLARATION

HON. BILL SHUSTER

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, July 14, 2009

Mr. SHUSTER. Madam Speaker, consistent with the Republican Leadership's policy on earmarks, I submit the following.

Requesting Member: Congressman BILL SHUSTER (PA-9)

Bill Number: H.R. 3183—Energy and Water Development and Related Agencies Appropriations Act, FY2010

Energy and Water Development and Related Agencies Projects

Project Name: Raystown Lake, PA

Account: Corps of Engineers, O&M

Legal Name of Requesting Entity: U.S. Army Corps of Engineers, Raystown Lake

Address of Requesting Entity: 6145 Seven Points Road, Hesston, PA

Description of Request/Justification of Federal Funding:

\$3,847,000 for O&M, Raystown Lake, PA

It is my understanding that funding for this project would be used for operations and maintenance at Raystown Lake, operated and maintained by the U.S. Army Corps of Engineers, Baltimore District. Raystown Lake, located in the Alleghenies of central Pennsylvania, is the Commonwealth's largest man-made lake and a major driver of the local economy.

Funding for this project is a valuable use of taxpayer dollars because funding is necessary to offer adequate services, keep recreation areas open, maintain seasonal staffing levels, and provide for general maintenance and cleanliness of facilities. Raystown Lake has substantial economic impact in central Pennsylvania and yields a sustainable and justified investment.

Project Name: Juniata Hybrid Locomotive

Account: Department of Energy, EERE

Legal Name of Requesting Entity: Pennsylvania State University

Address of Requesting Entity: 117 Old Main, University Park, PA 16802

Description of Request/Justification of Federal Funding:

\$1,000,000 for Juniata Hybrid Locomotive

It is my understanding that funding for this project would be used to assess and develop technological alternatives to diesel locomotives and to develop a more energy efficient and environmentally friendly locomotive for yard, local, and main line applications. Associated with this research effort is the development of the energy management and control technologies required to maximize the energy efficiency of hybrid locomotives. Converting the existing fleet to new technologies would reduce both emissions and our dependence on foreign oil.

This project is a valuable use to taxpayer funds because it fits the Department of Energy's mission with a focus on developing more energy efficient and environmentally friendly transportation technology that will enable America to use less petroleum and reduce impacts on the environment. Protecting the environment and ensuring our national security through reduced dependence on foreign oil are critical issues facing the federal government.

Project Name: South Central Pennsylvania Environmental Improvement, PA

Account: Corps of Engineers, Construction

Legal Name of Requesting Entity: U.S. Army Corps of Engineers—Baltimore District

Address of Requesting Entity: 10 South Howard Street, Baltimore, MD

Description of Request/Justification of Federal Funding:

\$4,000,000 for South Central Pennsylvania Environmental Improvement, PA

It is my understanding that the South Central Pennsylvania Environmental Improvement Program provides design and construction assistance for water-related environmental infrastructure and resource protection and development projects in South Central Pennsylvania. The program provides the funding necessary for local communities to install basic sewer and water systems and is a key aspect of building and enhancing infrastructure for many rural communities in Pennsylvania.

This project is a valuable use of taxpayer funds because building and enhancing infrastructure creates jobs and yields a sustainable and justified investment for communities and

our country. Additionally, enhancing basic sewer and water systems is vital to protecting the environment and improving the lives of rural citizens.

A TRIBUTE TO MAMIE NICHOLS

HON. ROBERT A. BRADY

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, July 14, 2009

Mr. BRADY of Pennsylvania. Madam Speaker, I rise to honor Mrs. Mamie Nichols, a pioneering activist and community organizer for more than 60 years, who died July 1 at the age of 91. Born Mamie Melton in Norfolk, Virginia her family moved to Philadelphia and settled in the Point Breeze section of South Philadelphia when she was a young child.

She grew up in Point Breeze and married and raised her six children in Point Breeze. But her 88-block neighborhood had been given a death sentence by officials in the Philadelphia Office of Housing and Community Development. Mamie Nichols said she was told by city officials that Point Breeze could not be saved from urban decay and the city was letting it die a natural death.

But Mamie Nichols fought back. Fueled with anger, pride, determination and charm, Mrs. Nichols is credited with saving her neglected community. She founded the Point Breeze Federation and she was a prime mover in the founding of the Childs Elementary School Home and School Association. Her organization established the Point Breeze Performing Arts Center and transformed the long shuttered Landreth School into senior citizens apartments and a community center. She was also named to the Philadelphia Planning Commission and served as a member of the board

of Directors of the Pennsylvania Horticultural Society, Philadelphia Green and the Philadelphia Urban Affairs Coalition. And, along her journey she planted flowers in what was to be the greening of Point Breeze.

Mamie Nichols is remembered with deep love and respect by what Dr. Martin Luther King, Jr. referred to as the beloved community.

Mr. ORTIZ. Madam Speaker, I rise today to recognize the dedication of Consul General at the United States Consulate General in Matamoros, Mexico, Mrs. Cecilia Bridget Elizondo Herrera, who leaves her post on the U.S.-Mexico border for a new task in Caracas, Venezuela.

Mrs. Elizondo Herrera is a native of San Antonio, Texas, and graduated from Incarnate Word High School in 1973. At a young age, Mrs. Elizondo Herrera began her public service to this country when she worked for the Alamo Area Council of Governments, a regional planning agency in San Antonio, and in 1987 joined the Foreign Service as a junior officer in the Administrative Zone. She has served as a Vice Consul in Guadalajara, Mexico, and Administrative Officer and Post Security Officer in Melbourne, Australia. She was then stationed in Washington, D.C., where she served as an Area Manager for the Office of Foreign Buildings with oversight for near East Asia; as a Special Assistant to the Assistant Secretary of Administration, with a portfolio of Overseas Buildings Operations and as a Post Management Officer for the European Bureau with responsibility for the Russian Federation and Finland.

Mrs. Elizondo Herrera has traveled throughout Russia, North Africa and the Arabian Gulf while stationed in Washington. She has served as the Deputy Supervisory GSO at the U.S. Embassy in Rome and Administrative Officer at the U.S. Embassy in Mexico City.

HONORING THE LIFE AND WORK OF LEONARD E. BRISCOE, SR.

HON. EDDIE BERNICE JOHNSON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, July 14, 2009

Ms. EDDIE BERNICE JOHNSON of Texas. Madam Speaker, I rise today in remembrance of Leonard Briscoe who passed away on Tuesday, June 16, 2009 at the age of 69.

Mr. Briscoe was a trailblazer in the African American community in North Texas. In 1971, he was elected to the Fort Worth City Council, making him the second African American to serve in this position. A few short years later, in 1976, he was elected to the Texas State House of Representatives where he served during the 65th Legislature and chaired the Select Committee on Minority Business Enterprise.

As a businessman, advocate, and engaged citizen, Mr. Briscoe was acutely aware of the needs of the minority communities in North Texas. In a period of political turmoil, he encouraged other African Americans to become involved in the political process and was a leading advocate for affirmative action. He understood the dire consequences of inadequate housing for low-income families, and served as Chairman of the Fort Worth Community Development Council. Through this chairmanship, he helped to develop the city's first housing program funded by the Housing of Urban Development Department under the Community Development Act of 1974.

After leaving the Texas State House of Representatives, Mr. Briscoe continued his work to ensure that low-income people and minorities had access to respectable and affordable housing. His business built over twenty housing developments in the Southern part of the country with the help of over \$13 million from the U.S. Department of Housing and Urban Development. Because of this, the Department named him "Entrepreneur of the Year" in 1984.

I ask my fellow colleagues to join me today in remembering the life and work of Leonard Briscoe, a community organizer, activist, and entrepreneur, who helped so many people across North Texas and the country.
