EARMARK DECLARATION

HON. DAVE CAMP

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 15, 2009

Mr. CAMP. Madam Speaker, pursuant to the Republican Leadership's standards on Member spending requests, I am submitting the following information regarding the spending request I submitted that is contained in H.R. 3183, the Energy and Water Appropriations Bill for FY 2010.

The entity to receive funding under the request is Spaulding Township, located at 5025 East Road, Saginaw, Michigan, 48601. The funding is to be allocated from the Army Corps of Engineers Section 205 Account, and will be used by the Army Corps of Engineers to complete construction of the north and south levees at the Cass River in Saginaw County between East M 13 and Sheridan Road. The existing levees (except for the portion completed in early 1999 by the Township) will be relocated away from the banks of the Cass River to create a floodway shelf for added capacity and for wetland mitigation. The Township has already contributed \$345,000 towards the project, and \$3,930,573 in federal funding is required in order to complete the project according to structural and safety guidelines required by Army Corps of Engineers.

The Cass River has flooded nearby homes and businesses in Spaulding Township on an almost semi-annual basis for the past 30 years. During some of these floods, traffic on major highways has been stopped, and at times has made emergency rescue services (fire and ambulance) impossible. The existing levees are in poor condition and portions appear to be unstable. In addition, the low top elevations of the existing levees do not adequately protect the area from flooding. Federal funds are therefore needed to mitigate a significant public health and safety risk to the residents of Spaulding Township.
