INTRODUCTION OF THE WOMEN'S HEALTH OFFICE ACT

HON. CAROLYN B. MALONEY

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 16, 2009

Mrs. MALONEY. Madam Speaker, I rise today along with Representative CHRIS MURPHY and Representative TAMMY BALDWIN to introduce the Women's Health Office Act. This critical bill which will help close the serious gaps in health care for women, by providing statutory authorization for the offices of women's health in five federal agencies which currently are not protected by law.

Many people are shocked when they learn that women were excluded from most medical research studies until 1985. That means it has been just 24 years since we began to understand that women are more prone to ailments like osteoporosis, lupus, and depression. Just recently in 2004, we learned that women who were treated in emergency rooms were less likely than men to receive life-saving medications for heart attacks because doctors did not fully understand the different symptoms of a heart attack in women.

How much do we still not know?

For years, the offices of women's health in key federal health agencies have been conducting vital research to identify disparities in women's health care, and spearheading innovative programs to close those gaps. However, only two of those offices are federally authorized and protected by law: the Office of Research on Women's Health at the National Institutes of Health, and the Office for Women's Services at the Substance Abuse and Mental Health Services Administration.

This bill will give permanent authorization to the federal offices located in the Department of Health and Human Services, the Agency for Healthcare Research and Quality, the Health Resources and Services Administration, the Centers for Disease Control and Prevention, and the Food and Drug Administration. Without it, those five offices will always be vulnerable to understaffing, underfunding, or complete elimination.

Recent initiatives like the establishment of the White House Council on Women and Girls shows that we're finally starting to get it—women have unique experiences, needs, and interests, and these need to be considered and addressed. In no area of public policy is this more true than with health care. I urge my colleagues to support the Women's Health Office Act, to put those offices of women's health on a secure footing and give women the kind of health care they need and deserve.

CELEBRATING THE LIFE OF MRS. GENEVA WEST OF PALL MALL, TENNESSEE

HON. LINCOLN DAVIS

OF TENNESSEE

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 16, 2009

Mr. DAVIS of Tennessee. Madam Speaker, I rise today to remember the life of my friend and neighbor, Mrs. Geneva West of Pall Mall, Tennessee.

Geneva was a dedicated mother and wife, and dedicated herself to her community throughout her ninety years of life. For forty years, Geneva committed herself to the education of young Fentress County students as an elementary school teacher, spending many of those years in a one-room school house. Geneva also served Fentress County for nineteen years as the President of the Fentress Farm Bureau Women. She even was elected State Farm Bureau Woman of the Year, receiving this recognition at the State Convention in 2003.

Even after retiring from her career in education, Geneva continued to contribute to the community as a member of the Retired Teachers Association and the Jamestown Garden Club. She also served as a Volunteer at the Jamestown Regional Medical Center, caring for those who were ill and needed care. Many of Geneva's friends will also remember her as a dedicated churchgoer. Geneva was a member of the United Methodist Church for most of her life, and taught Sunday School for twenty-six years.

Geneva's husband, her two children and a number of grand-children and great-grand-children will no doubt remember a loving, committed family-woman who modeled a positive and dedicated spirit throughout her life. She will be missed in our community, and I would ask that my colleagues rise with me to honor her life and memory.

HONORING EULA TATE

HON. BARBARA LEE

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 16, 2009

Ms. LEE of California. Madam Speaker, on behalf of the Congressional Black Caucus I rise today to honor the extraordinary life of Eula Tate. A talented and determined leader for civil rights, Ms. Tate left an indelible mark on both Michigan and the District of Columbia. Ms. Tate recently passed away on July 11, 2009.

Eula Tate attended Wayne County Community College for two years before transferring to and graduating from the University of Michigan. She began her career as an assembler for Chrysler in 1967 at the Trenton Engine plant in Trenton, Michigan, but quickly realized the harsh injustices within the workforce. Eager to make a real change to help those in her same position, Eula Tate served as a Councilmember for the City of Ypsilanti from 1981 to 1991. She continued her service to her community by going on to serve as Ypsilanti's senior chief executive officer, Mayor Pro-Tem and member of the City's Budget Committee.

Passionate about providing young people with the ability to arm themselves with the knowledge and community stewardship she was fortunate enough to obtain, Tate went on to serve as a faculty member at Michigan State University for the School of Labor and Industrial Relations, Union Minorities and Women's Leadership Training Project.

Realizing that there was much work to be done and wanting to make a difference in the legislation that directly affects Labor Union workers, Eula Tate came to the United Auto-workers Washington office in 1991 and continued her role as Legislative Representative/Lobbyist until her retirement in 2007. All who had the honor of knowing Tate knew that she worked every moment of every day to bring about fairness and justice to Americans across the nation. And she provided a tremendous amount of support and assistance to members of the Congressional Black Caucus. For that we are deeply grateful.

On behalf of the Congressional Black Caucus, I would like to thank Eula Tate's family for sharing this wonderful, inspiring, visionary spirit with us, especially her children Jennifer, Stephen, Yomika, Ronald and Donald and a host of other friends and family who were very dear to her heart. Eula Tate's astounding impact and legacy will live on through the countless people who loved her so dearly and, of course, through her remarkable works of service to the Labor Union community and to the state of Michigan. We will deeply miss this drum major for justice. May her soul rest in peace.

ILLINOIS SCHOOL FOR THE DEAF

HON. AARON SCHOCK

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 16, 2009

Mr. SCHOCK. Madam Speaker, I rise today to honor the Illinois School for the Deaf and Mr. Albert Caswell. On January 20, 2009, the Illinois School for the Deaf traveled to Washington, DC, to witness the inauguration of President Barack Obama. Inspired by these young children and with the thought that perhaps one day one of those children may also stand on the west front of the U.S. Capitol, I would like to enter into the CONGRESSIONAL RECORD a poem penned by U.S. Capitol Guide Albert Carey Caswell. Mr. Caswell was able to spend some time with them on that day and wrote the following tribute.

CAN YOU HEAR ME?

Can you hear me?
I can hear you!
Not with my ears!
But, with something far much more greater,
so true!
For it's with my heart . . .
That, I can hear you too . . .
Look at me!
I'm just the same as you!
For what I've lost . . .
For inside, I've gained so much more so too!
For I can feel you . . .
And, I can read you . . .
I'm just a kid like you!
And, I want to grow up to be happy . . . and
so healthy, oh so much so too!
Just, because I can't hear you . . .
Doesn't mean, I can't understand you!
I can read you!
Like a book!

For our Lord God, has given me other gifts
that I can use. . . .
For your coming though to me, loud and
clear. . . .
For I've developed my senses, so much great-
er so here. . . .
We're all the same!
Some of us even, have the same names. . . .
So hear me!
Do not fear me!
Be near me, be my friend. . . . so tried and
true. . . .
There's, so much more we can learn about
each other. . . . me and you
For, I can hear you!
In our world, there is such a special bond.
. . . .
That, in the quiet world is so formed. . . .
At first, you may not understand. . . . but
it's in our heart where it is born. . . .
I can teach you!
I can reach you!
In all I do!
Life lesson's so very true. . . .
For, I will not give up!
Nor give in!
On this Inauguration Day, I see how far
dreams can take you to!
And yet I ask, "Why, must children have so
much courage then so too?"
For some things, are so hard to understand
. . . .
As where faith must begin and end. . . .
Reach out, and take my hand. . . .
Let's be friends, me and you. . . .
There's so much more together we can learn
and do!
Little children as Heroes should not have to
be. . . . but are put on this earth for all
to teach!
Can you hear me?
I can hear you!
And one day up in Heaven. . . . I know, my
Lord I will view. . . .
And, I will begin to cry. . . .
When, I look into his eyes. . . . and I hear for
the first time. . . .
My very first words!
"I love you"!

Description of Request: I have secured \$1,200,000 to fund Phase II of the Institute for Collaborative Sciences Research which is intended to create a state-of-the-art research infrastructure through new laboratory and teaching space in health care and physical sciences programs. The focus of the Institute will be to prepare minority leaders for future work in

healthcare professions while facilitating important research that has a direct benefit on minority populations in my South Florida community.

Requesting Member: Congressman LINCOLN DIAZ-BALART

Bill Number: H.R. 3183, Energy and Water Development and Related Agencies Appropriations bill, FY2010

Account: Department of Energy, Science
Legal Name of Requesting Entity: Miami-Dade College Hialeah Campus

Funding will develop both face-to-face and virtual Physical and Biological Science labs, and technology-enhanced learning systems to support student recruitment, retention and graduation rates in Science career fields. Having these options will allow students to use technology to conduct experiments and test hypotheses in class under the direct supervision of an instructor or in the traditional wet lab setting. The Physical and Biological Sciences Laboratory Learning Center at MDC-Hialeah Campus will promote graduation rates in degree programs in the sciences fields. The national need for college educated workers in STEM fields is well documented.

Requesting Member: Congressman LINCOLN DIAZ-BALART

Bill Number: H.R. 3183, Energy and Water Development and Related Agencies Appropriations bill, FY2010

Account: Army Corps of Engineers, Investigations account

Legal Name of Requesting Entity: Miami-Dade County

Address of Requesting Entity: 111 NW 1st
Street, Suite 1032, Miami, FL 33128

Description of Request: I have secured \$600,000 for dredging of the Miami Harbor at the Port of Miami which includes the design, preparation of plans and specifications for bidding. The Chief of Engineers has recommended the deepening project to 50–52 feet and Congress has authorized the project (Title I, Water Resources Development Act of 2007). It is essential that the Planning, Engineering, and Design (PED) begin in FY09. Extended delay in the proposed dredging improvements could be detrimental to the economy of South Florida and the nation. Cargo growth at the Port of Miami has been phenomenally strong. However, the industry standard container ship is becoming larger, and the Port cannot handle the newer ships without deeper channels. In addition, the Port has been facing increasing competition from foreign ports with existing significantly deeper channels and faces lost business to foreign ports (such as Freeport).

RECOGNIZING BISBEE'S WARREN PARK

HON. GABRIELLE GIFFORDS

OF ARIZONA

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 16, 2009

Ms. GIFFORDS. Madam Speaker, I rise today to pay tribute to a small but historically significant outpost of the great American pastime: Warren Ballpark in Bisbee, Arizona.

Baseball was invented, nurtured, and popularized in our great Nation. We are well aware of how this uniquely American game saw us through two world wars, a Great Depression, and innumerable challenges, both at home and abroad. Baseball is a fixed star; it will always be with us to bolster our spirits in times of need—times such as we face today.

It is with this storied past in mind that I recognize Bisbee's Warren Ballpark on the occasion of its 100th anniversary.

Warren Ballpark probably is not well-known outside of my district in southeastern Arizona but its place in baseball's history is as sure as a homerun. It is truly a field of dreams.

A recent editorial in the Sierra Vista Herald captured the essence of my message today: "The story of our ballpark is representative of a time when baseball was THE spectator sport and when every community of size and significance had its own minor league team."

The first game at Warren Ballpark was played between the home team and a team from El Paso, Texas, on June 27th, 1909—three years before Arizona became a state! At the time, Bisbee was a booming mining town with a population close to that of Tucson and Phoenix. The year that first game was played was also the year that one of Arizona's most renowned political figures, Barry Goldwater, was born and the year that the famed Apache warrior, Geronimo, died. In 1909 William Howard Taft assumed the Presidency from Theodore Roosevelt and the Pittsburgh Pirates beat the Detroit Tigers in the World Series.

Much has happened since the glory days of Ty Cobb and Honus Wagner. Our Nation, my State and the game of baseball have all undergone countless changes. Yet Warren Ballpark remains. It is, therefore, appropriate that this body acknowledge Warren Ballpark as a historical treasure for our Nation and the community of Bisbee.

Warren Ballpark, it has been home to minor league teams affiliated with major league teams such as the Chicago Cubs, New York Yankees, Brooklyn Dodgers, and Cleveland Indians. The park saw the beginning of many great careers and hosted players who not only entertained America on the field, but protected her off the field as they answered the call of duty in World Wars I and II and the Korean war.

Baseball is still played on the old field of Warren Ballpark. The local high school team, the Bisbee Pumas, plays its games there, as does the Bisbee Copper Kings. The games draw enthusiastic supporters from Bisbee and surrounding communities.

Mike Anderson, founding member of Friends of Warren Ballpark, stated it well. He said "this is baseball on an intimate basis—the type of
