

Jefferson County Convention & Visitors Bureau (JCCVB)
37 Washington Ct, Harpers Ferry, WV 25425

This project is to create a full service "green" Welcome Center/Attraction along Rt. 340, the eastern Gateway into West Virginia and across from the Harpers Ferry National Historical Park. Nearly 5 million visitors come here annually.

Awarded under: Housing and Urban Development: Economic Development Initiative

Morgan County Ice House Art & Community Center

PO Box 248 Berkeley Springs, WV 25411

The Morgan Arts Council, owner of the Ice House, has been renovating the former cold storage building in the heart of downtown Berkeley Springs for use as an economic development, education and art center. The requested amount of funding is needed to match a WV Cultural Facilities grant which is already beyond original end date. The extension granted is soon to expire. The total amount of funding with your allocation plus the state grant would allow construction of necessary infrastructure to finish development of the second floor and of the upper two floors of the four-story, 40,000 sf structure.

HONORING STEVE McNAIR

HON. BENNIE G. THOMPSON

OF MISSISSIPPI

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 22, 2009

Mr. THOMPSON of Mississippi. Madam Speaker, I would like to recognize the life and legacy of National Football League star quarterback Steve McNair.

McNair played college football at Alcorn State University in Lorman, Mississippi where he won the 1994 Walter Payton Award as the top player in NCAA Division I-AA. McNair's college career became the stuff of legend, a true story of the all-conquering hero. As a mere freshman, McNair set nine records and was named Southwestern Athletic Conference player of the year. In his sophomore year, he led the nation in total offense, average 405.7 yards per game. McNair racked up numerous 500-plus-passing-yard games, and many times he added another 100 yards rushing.

McNair was drafted third overall by the NFL's Houston Oilers in 1995. He became the Oilers' regular starting quarterback in 1997. At 22, he had become the Oilers' highest-paid player. Quarterbacks usually develop more gradually than other players their first season. In Tennessee, though, he started six games over the prior two seasons in Houston, and remained the starting quarterback for the Titans until 2005. As the steady starter at quarterback, McNair steadily accrued impressive stats on third-down conversions and pass completions, touchdowns per starts, and rushing, among others. In the 1997 season, for example, his 674 yards rushing was the third-highest for a quarterback in NFL history. By the end of that season, McNair had garnered the second-best overall rating of any quarterback drafted in the previous six years from that point on McNair had become one of the league's best quarterbacks. At the end of the 1998 season, the Titans—the Oilers' new name—had placed second in the AFC Central.

In 1999 McNair led to the Titans to an AFC championship. When he took the field as the starting quarterback against the St. Louis Rams, he became just the second black quarterback to start in the Super Bowl. Though the Titans lost the game to the Rams, McNair's strong performance did not go unnoticed around the league, where McNair was considered a rising star. The Titans signed McNair to a six-year, \$47 million contract extension in July of 2001.

After the 2005 season, McNair was traded to the Baltimore Ravens, with whom he played for two seasons before retiring after 13 NFL seasons. McNair led the Titans to the playoffs four times and the Ravens once, and played in Super Bowl XXXIV with the Titans. He is the Titans' all-time leading passer. McNair was selected to the Pro Bowl three times, and was All-Pro and Co-MVP in 2003.

The contributions Steve McNair made to college and professional football will never be forgotten. He touched the lives of many people on and off the field. Steve McNair will truly be missed by his community and colleagues throughout the country.

Please join me today in honoring the remarkable life of Steve McNair.

TRIBUTE TO REVEREND DR. JOHN L. HERNDON III

HON. PARKER GRIFFITH

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 22, 2009

Mr. GRIFFITH. Madam Speaker, I rise today to recognize Dr. John L. Herndon, a man of exceptional character and integrity. Dr. Herndon has numerous talents and great ability, and he has served the people of Huntsville, most notably as minister of the Word and Sacrament at Fellowship Presbyterian Church. His dedicated service to the Fellowship Church family, the Presbyterian Church, and our community for more than 20 years is a strong testament to his passion for service and leadership.

A life-long learner, Dr. Herndon has used his diverse interests to benefit people in many sectors. As a scientist, Dr. Herndon worked for the National Bureau of Standards and NASA, in addition to serving as Deputy Commissioner of Mental Health in Georgia. In 1985, Dr. Herndon was called to the ministry, and after obtaining a degree in Theology, he began a distinguished career at the Fellowship Church. Dr. Herndon has earned respect from the community for his unyielding resolve and dedication to youth development through justice and education. He was a court appointed juvenile advocate, police chaplain, and member of Governor's Task Force on Child Abuse and Youth Neglect.

His work as a church and community leader is filled with faithful commitment to the training of young minds. Dr. Herndon's legacy grows with each passing day. I am honored to recognize a man of great service. Through his service to our community, he has had an invaluable impact on the lives he has encountered.

Madam Speaker, I wish to express my sincere appreciation for Dr. John L. Herndon III and his faithful service to the congregation at Fellowship Church and the Tennessee Valley area.

THE ALZHEIMER'S BREAKTHROUGH ACT

HON. EDWARD J. MARKEY

OF MASSACHUSETTS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 22, 2009

Mr. MARKEY of Massachusetts. Madam Speaker, I rise today to introduce the Alzheimer's Breakthrough Act. I would like to thank my colleague and fellow co-chair of the bipartisan Alzheimer's Task Force, Mr. Chris Smith of New Jersey, for continuing to partner with me on this important legislation.

An estimated 5.3 million Americans have Alzheimer's disease, and one in ten individuals has a family member with the disease. Unless science finds a way to prevent or cure it, nearly 16 million Americans will have Alzheimer's disease by the year 2050. Additionally, in 2005, Medicare spent \$91 billion for the care of individuals with Alzheimer's disease, and this amount is projected to increase to \$160 billion in 2010.

While we have made great progress in the battle against Alzheimer's, more needs to be done to combat this devastating disease. This bill will increase the federal commitment to Alzheimer's research and prevention and offer assistance for caregivers.

Our bill contains urgently needed increases in National Institutes of Health funding for Alzheimer's disease research, prevention initiatives, clinical research support, public education programs and innovative approaches to Alzheimer's care. Assistance to caregivers is included in this legislation with the establishment of an Alzheimer's Call Center offering advice and care consultation. It also authorizes the director of the National Institute on Aging to make grants or conduct clinical, social and behavioral research related to interventions designed to help caregivers of individuals with Alzheimer's disease and other dementias.

Madam Speaker, the best way to fight this disease and reduce the number of patients who suffer from Alzheimer's disease is to find ways to prevent it before it starts. Investments we make now in Alzheimer's disease and aging research could lead to longer, healthier lives for Americans and significantly lower costs to the federal government. Congress must act now to strengthen the federal commitment to preventing Alzheimer's disease and assisting those who give care to the victims of this disease.

I look forward to continue working with my colleagues on this important issue throughout the legislative process.

HONORING 2010 FLORIDA DEPARTMENT OF EDUCATION TEACHER OF THE YEAR, MEGAN ALLEN

HON. KATHY CASTOR

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 22, 2009

Ms. CASTOR of Florida. Madam Speaker, I rise today in honor of the 2010 Florida Department of Education Teacher of the Year, Megan Allen of Tampa Bay. An elementary school teacher, Ms. Allen was selected among finalists from across the state of Florida. Ms.

Allen is a wonderful example of educators who make a positive difference in the lives of their students.

Ms. Allen graduated from Clemson University in 2000 and continued her education at The University of South Florida, graduating in 2003 with a master's degree in elementary education. Until her senior of her undergraduate studies, Ms. Allen planned on pursuing a law degree and eventually a career as a lawyer. However after losing her mother to pancreatic cancer during her senior year of college, Ms. Allen made the decision to pursue a degree in education—just as her mother had done years before.

Ms. Allen, who was named Teacher of the Year for Hillsborough County in February, was chosen from more than 180,000 public school teachers throughout the state. Ms. Allen has taught the fourth grade at Cleveland Elementary School in Tampa for five years.

Ms. Allen's impact is felt throughout the community. A National Board Certified Teacher, Ms. Allen was selected for her energetic, enthusiastic teaching style, and her community service projects outside the classroom. Beloved by her students, Ms. Allen often dresses up for FCAT study sessions, and leads her class in decimal-point rap songs. She says her style involves anything to grab the kids' attention.

Madam Speaker, the selection of Megan Allen is a firm testament to the standards of quality education in the state of Florida. Ms. Allen is one example of the dedication and incredible talent of our teachers, and I am so happy that she chose to follow in her mother's footsteps and am proud to have her teaching the children of my community.

RECOGNIZING THE FAMILY BUSINESS, AOC HOLDING COMPANY

HON. HENRY CUELLAR

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 22, 2009

Mr. CUELLAR. Madam Speaker, it is my honor to celebrate the hard work and accomplishments of the Arguindegui family, of AOC Holding Company. The family has truly worked towards and achieved the American dream.

This American success story begins with Peter R. Arguindegui Sr., who founded Arguindegui Oil Company in August of 1942. His sons put education and service to our nation first, before later joining the family business. So, after serving in the military and graduating from Texas A&M, Peter Jr. and Carlos Arguindegui joined their father in the late 1950s. With the additional help, the company was transformed into a corporation which then focused on wholesale commercial fuels.

Within 20 years grandsons Carlos Jr. and Alfonso Arguindegui joined the family business after graduating from college, bringing with them new ideas.

AOC Holding Company, as it is now called, has expanded into convenience store marketing by converting a dozen existing stations into convenience stores under the ConocoPhillips and Valero brands. It also runs four bulk warehouse operations in South Texas.

This company is on track to become the leader in retail and wholesale fuels in the South Texas area.

An admirable quality of the Arguindegui family is they do not reserve success for themselves. They have engaged in philanthropy by staying involved with local charities such as the United Way, the Boys & Girls Club, and other organizations that are too numerous to mention. They have also provided scholarships to area students.

Madam Speaker, it is my honor to recognize a true American success story. I am pleased to have such a valued family in my district.

CONGRATULATIONS TO UNITED SPACE SCHOOL PROGRAM

HON. RON PAUL

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 22, 2009

Mr. PAUL. Madam Speaker, on August 4 the Foundation for International Space Education (FISE) will host United Space School Day at the University of Texas Medical Branch (UTMB) in Galveston, Texas. The United Space School Day is a summer science camp/health careers promotion activity coordinated by the East Texas Area Health Education Center (AHEC). The United Space School Day's activities will focus on the education pathways appropriate for students interested in careers in life sciences, aerospace medicine, and bioastronautics.

United Space School Day is just one part of FISE's United Space School program. The United Space School program, which is rooted in the International Space School that was established in 1994, is the major way FISE carries out its mission of providing space-based academic instruction to pre-collegiate students from across America and around the world who are interested in science, engineering, technology, or mathematics careers. The United Space School gives these students the opportunity to learn from some of the space industry's leading experts. Participants in the programs follow a curriculum specially designed to provide appropriate training and development by instructors qualified and knowledgeable in the proper disciplines.

As the students visit the various educational venues and participate in the space-related learning initiatives, they are exposed to myriad examples of space-related careers as well as careers in industries that support the space programs, including life sciences. United Space School students also benefit from daily one-on-one interaction with leading aerospace professionals from the National Aeronautics and Space Administration (NASA)'s Johnson Space Center (JSC), and the supporting aerospace community.

United Space School participants are also given a unique "hands on" learning experience through the development of a Manned Mission to Mars Project. United Space School's organization, schedule, and curriculum are designed to provide the structure, knowledge, resources, mentoring, and appropriate settings to complete the Manned Mission to Mars project.

Madam Speaker, FISE's United Space School program is doing invaluable work in preparing the next generation of scientists and aerospace engineers. I would not be surprised if future breakthroughs in space technology came from alumni of the United Space School

program. It is therefore my pleasure to extend my congratulations to the United Space School program on the occasion of the United Space School Day. I also extend my thanks to NASA, the Johnson Space Center, the University of Texas Medical Branch at Galveston, East Texas AHEC, and all the volunteers who help make the United Space School program possible.

PERSONAL EXPLANATION

HON. JIM COOPER

OF TENNESSEE

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 22, 2009

Mr. COOPER. Madam Speaker, I was absent for the last three votes of the day on Tuesday July 21st. I apologize for my absence, and wish to add my intentions to the RECORD.

H. Con. Res. 123—Vote of "yes" would have been made.

H.R. 1933—Vote of "yes" would have been made.

H.R. 2632—Vote of "yes" would have been made.

PERSONAL EXPLANATION

HON. ADAM SMITH

OF WASHINGTON

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 22, 2009

Mr. SMITH of Washington. Madam Speaker, unfortunately I missed recorded votes on the House floor on Monday, July 20, 2009.

Had I been present, I would have voted "yes" on rollcall vote No. 593 (On approving the Journal), "yes" on rollcall vote No. 594 (On the motion to suspend the rules and agree to H. Res. 607), "yes" on rollcall vote No. 595 (On the motion to suspend the rules and pass H.R. 2245).

EARMARK DECLARATION

HON. THOMAS E. PETRI

OF WISCONSIN

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 22, 2009

Mr. PETRI. Madam Speaker, pursuant to the Republican Leadership standards on earmarks, I am submitting the following information regarding earmarks received as part of H.R. 3288—Transportation, Housing and Urban Development, and Related Agencies Appropriations Act, 2010.

Requesting Member: Hon. THOMAS E. PETRI
Bill Number: H.R. 3288

Account: FAA—Airport Improvement Program

Legal Name of Requesting Entity: Wisconsin Department of Transportation

Address of Requesting Entity: 4802 Sheboygan Avenue, Madison, Wisconsin 53702

Description of Project: This \$950,000 will be used for phase 2 of the 3-phase reconstruction of the primary runway at Wittman Regional Airport, Oshkosh, Wisconsin. This is one of the largest projects in the state with a total cost of \$13 million. The current Pavement
