

(up to 10 years), drug trafficking or crimes of violence (up to 20 years), or terrorism (up to 25 years).

New criminal penalties (as much as 20 years in prison and fine up to \$250,000) and civil penalties (up to \$5,000 per incident) would be created for Social Security Administration employees who fraudulently sell or transfer SSNs or Social Security cards.

The bill permits enforcement by the Social Security Administration (which would have civil monetary penalty authority); the Department of Justice (which enforces criminal violations of federal law); and state attorneys general (who would be granted civil enforcement authority over private-sector users and state and local government). In addition, individual victims affected by violations of this bill by federal agencies would be provided with limited legal recourse to stop an agency's violation and recover any actual damages they may have suffered.

CONGRATULATING NBA CHAMPION LOS ANGELES LAKERS

SPEECH OF

HON. LUCILLE ROYBAL-ALLARD

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, July 21, 2009

Ms. ROYBAL-ALLARD. Madam Speaker, I rise today to recognize the Los Angeles Lakers, on winning the 2009 National Basketball Association Championship. This is their 15th NBA World Championship title.

I congratulate team owner Dr. Jerry Buss, Coach Phil Jackson, his staff, and the entire Laker organization for their accomplishment in winning basketball's coveted championship trophy. I also congratulate the team's captain, Kobe Bryant, on being named the first recipient of the newly-named Bill Russell NBA Finals Most Valuable Player Award.

A few days after their championship victory, the Lakers and 250,000 of their fans, celebrated with a victory parade through the

streets of Downtown Los Angeles. The parade led to the Los Angeles Memorial Coliseum where 100,000 additional fans gathered to commemorate the team's accomplishment. People came from all over Southern California to join in the celebration.

Madam Speaker, the Lakers have such a loyal following not only because they are champions on the court, but because they are champions in the community as well. The team's outreach program, the LA Lakers Youth Foundation, works with community groups to better the lives of children in our community. The Foundation focuses on using sports to promote education, teamwork and self-esteem among Los Angeles area youth by providing financial assistance to children and local youth programs.

As part of their foundation work, the Lakers have created 12 Reading and Learning Centers at youth clubs throughout Los Angeles and Hawaii and they have sponsored several community basketball court renovations each season. The Lakers also participate in the Toyota Project Rebound, a season-long community outreach initiative established by the NBA and Toyota. The program includes 15 hands-on community service projects that are hosted by NBA and WNBA teams. The projects include court refurbishments, the creation of Learn & Play Centers, and other Legacy Projects providing youth safe places to live, learn or play.

Madam Speaker, I urge my colleagues to join me in congratulating each member of the 2009 NBA Champion Los Angeles Lakers for their many victories on the court and in the community. They are champions to their sports fans, to beneficiaries of their Foundation, and to the entire Los Angeles community. We thank them for returning the NBA championship trophy where it belongs—the Los Angeles Staples Arena in my congressional district.

**SUPPORTING NATIONAL CHILDREN
AND FAMILIES DAY**

SPEECH OF

HON. CANDICE S. MILLER

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Tuesday, July 21, 2009

Mrs. MILLER of Michigan. Madam Speaker, I want to thank my colleague, Ms. EDWARDS, for offering this important resolution.

This resolution designates the fourth day of June, 2009 as National Children and Families Day.

Our children are this nation's most important resource, and this resolution highlights the invaluable role families have in raising healthy, well-adjusted children. Families come in many different shapes and sizes, but they all play a critical role in the care and development of their children.

Research shows that spending time together as a family is critical to raising strong and resilient kids. And studies have shown, the more often children eat dinner with their families, the less likely they are to smoke, drink or use drugs, so we should be in the business of supporting families.

Early childhood experience lays the foundation for later development, and the first three years of a child's life are especially important. Investing resources in children and families will pay large dividends for our society, not only in increased productivity, but also for more opportunities for our children to realize their dreams.

We must take it upon ourselves as a society to cultivate loving and supporting families whenever possible. National Children and Families Day provides us an opportunity to recognize our responsibility to foster family environments that nurture the next generation and to promote a positive environment for families across America.

Lee Iacocca said it best when he said, "The only rock I know that stays steady, the only institution I know that works is the family."

I urge my colleagues to support this resolution.

EARMARK DECLARATION

HON. DAVE CAMP

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 23, 2009

Mr. CAMP. Madam Speaker, pursuant to the Republican Leadership standards on earmarks, I am submitting the following information regarding earmarks I received as part of H.R. 3288, the Transportation, Housing and Urban Development and Related Agencies Appropriations Act, 2010. Details of these projects are:

(1) \$496,000 for the Clare County Transit Corporation, located at 4175 North Clare Avenue, Harrison, Michigan 48625, from the Federal Transit Administration's Buses and Bus Facilities account for the purpose of completing a new multi-modal transportation facility to house administration, operations and maintenance.

(2) \$300,000 for the Roscommon County Transportation Authority, located at 2665 South Townline Road, Prudenville, Michigan 48651, from the Federal Transit Administration's Buses and Bus Facilities account for the purpose of replacing up to fifteen replacement buses.

(3) \$250,000 for the Big Rapids Dial-A-Ride Public Transportation, located at 226 North Michigan Avenue, Big Rapids, Michigan 49307, from the Federal Transit Administra-

tion's Buses and Bus Facilities account for the purpose of replacing up to seven medium duty buses.

(4) \$203,000 for the County Connection of Midland located at, 883 East Isabella Road, Midland, Michigan 48640, from the Federal Transit Administration's Buses and Bus Facilities account for the purpose of replacing up to three gas cutaway buses with lifts and up to three diesel cutaway buses with lifts.

The Clare bus facility is a project that began in 2005 and I helped to secure \$560,000 for this facility. This funding for Clare is the final piece in the long process of building their new facility.

With regards to the bus funding, the State of Michigan has struggled to balance its budget which has led to many cuts in transportation and infrastructure funding. This, coupled with an aging bus fleet and high energy costs, threatens to limit the mobility of seniors, the disabled, and students living in rural areas. The bus funding in this bill will provide important relief to various transit agencies so they may begin to replace their aging fleets and continue to serve rural America. For these reasons, this funding is a wise and responsible expenditure of taxpayer dollars.

**CONGRATULATIONS LUCILLE
GRIFFO**

HON. JOHN J. DUNCAN, JR.

OF TENNESSEE

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 23, 2009

Mr. DUNCAN. Madam Speaker, I have the greatest respect and admiration for those involved in the Girl Scouts of America, and I have always attended as many Gold Award Gala ceremonies as I am able in my District.

These programs prepare our girls for the challenges of higher education, employment, and adulthood, and their experiences in the Girl Scouting program open many doors for them throughout their lives.

In my hometown of Knoxville, TN, there is one name that is the gold standard for devotion to the Girl Scouts: Lucille Griffio.

Lucille has devoted her career—and her life—to enrich the lives of girls in East Tennessee, and they could not have had a better mentor. With the Girl Scout Promise as her guide, Lucille has been an ambassador for the values and leadership that Girl Scouting teaches.

After graduating from Jacksonville University in 1969, Lucille set out to conquer the business world, but time and again she was told by companies that they did not hire women for management. When a recruiter sent her to a job interview with the Girl Scouts, she thought her gender had type-cast her to a life of arts and crafts.

For more than 40 years, she has steered countless young girls through a transformative time of increasing opportunity for women. As she told the Knoxville News Sentinel recently, "Girls haven't changed—just society around them."

Her job was much more than arts and crafts. As CEO of the Tanasi Council, Lucille was responsible for a multi-million dollar budget and 13,000 Girl Scouts and volunteers in 16 East Tennessee counties.

Lucille began her career much before her role in Girl Scout management. At age 7, she
