

At my request, \$2,500,000 was included in H.R. 3326 to provide upgrades to the Joint Fires and Effects Trainer System (JFETS) located at Fort Sill, Oklahoma. The current immersive simulation training capability suffers from one significant drawback—the one-to-one instructor/student requirement. The funding provided for this project would increase the ability for this program to upgrade the voice recognition technology of JFETS and allow a single instructor to manage nine concurrent calls for fire training sessions in the Open Terrain module simultaneously and improve efficiency by 800 percent. Additionally, the project will develop an interactive application to drill soldiers in the five essential elements of accurate predictive fires to prepare them before they train in the immersive environment and reinforce the training before they deploy.

Title of Project: Weapons of Mass Destruction Multi-Sensor Response and Infrastructure Project System

Amount of Project: \$2,000,000

Account:

Project Recipient: Triarii Scientific, LLC, 7118 South Colombia Place, Tulsa, OK 74136

At my request, \$2,000,000 was included in H.R. 3326 for Triarii Scientific of Tulsa, Oklahoma to provide funding to enhance and improve the Oklahoma National Guard's (OKNG) 63rd Weapons of Mass Destruction (WMD) Civil Support Team's (CST) ability to prevent and respond to terrorist attacks. The OKNG-CST requires next generation capability that improves their ability to respond to WMD-related threats while systematically identifying truly critical vulnerabilities; thus, render state and national infrastructures less exposed.

This funding will be used to upgrade existing CST equipment to a fully integrated and mobile system that combines communications, sensors, vulnerability and engineering assessments of critical infrastructure facilities via the Homeland Defense Operational Planning System (HOPS), and a command and control suite.

The upgraded mobile system will provide complete command and control abilities, interoperable wireless communications, a suite of Acoustic, Biological, Radiological, Nuclear, Explosives (ACBRN-E) and Command, Control, Communications, Computers and Cyber for Intelligence, Surveillance and Reconnaissance (C5ISR) sensors. All system integration, test, certification, infrastructure and vulnerability assessments will be executed in conjunction with the Oklahoma State University Multispectral Laboratories (OSU-UML) and Lawrence Livermore National Laboratories (LLNL) with operational testing overseen by the Joint Interoperability Test Command (ETC).

As required by earmark standards adopted by the House Republican Conference, I submit the following information on projects I requested and that were

RECOGNIZING READING IS FUNDAMENTAL

HON. MIKE QUIGLEY

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, July 28, 2009

Mr. QUIGLEY. Madam Speaker, I rise today to recognize and honor the outstanding impact that the Chicago area Reading Is Fundamental (RIF) Program has had in promoting literacy and bringing together families and communities throughout the Chicagoland area.

Since its formation in 1972, Reading Is Fundamental in Chicago has fought passionately and effectively to combat illiteracy in inner city neighborhoods, and its efforts have been met with both enthusiasm and success. Utilizing an extensive network that now includes 82 Chicago Public Schools, RIF in Chicago has distributed over 3 and a half million books to inner city children, including over 199,000 in the last school year alone. In doing so, the organization has been instrumental in raising awareness of the burden of illiteracy, and has brought together formerly disparate groups and communities to combat a problem that affects us all.

Recognizing that illiteracy is so often symptomatic of poverty, RIF in Chicago has focused its resources on the city's most impoverished and underserved areas—communities in which books and literacy resources are a luxury rather than a right. And through the implementation of groundbreaking initiatives such as "Project Open Book," "Adolescents-at-Risk," and the "Young Women's Zine Project," RIF in Chicago has empowered children throughout the Chicagoland area, helped to strengthen inner city communities, and has taken great strides towards the goal of making education a right of every individual, regardless of one's socioeconomic status.

Madam Speaker, in a day and age in which illiteracy can pose a significant barrier to success in the professional world, I commend the extraordinary efforts and success of the Reading Is Fundamental Program in Chicago. In

working to eradicate illiteracy in Chicago's inner-city neighborhoods, Reading Is Fundamental in Chicago has emerged as a unifying force in the same neighborhoods, bringing together families and strengthening communities. Once again, I applaud the organization's important work and thank them for over 37 years of service to Chicago's children.

HONORING JOHN JOHNSON OF
JOHN'S FRIENDLY MARKET, AN
HONORABLE MAN AND AN AD-
MIRER NEW JERSEY CITIZEN

HON. ROBERT E. ANDREWS

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Tuesday, July 28, 2009

Mr. ANDREWS. Madam Speaker, I rise today to recognize John Johnson of John's Friendly Market. John has served the local residents of Haddon Heights, New Jersey for over 50 years. He has continuously provided customers with fresh food and convenience store items. Recently, John celebrated his 90th birthday and this milestone deserves acknowledgment.

When customers of John's Friendly Market walk in the front door, they know two things for sure: that their hunger will be satisfied by the delicious food that the market provides and that they will see a friendly man sitting behind the counter waiting to take their order. Customers not only love the food at John's, but they love knowing John will brighten their day.

The residents of Haddon Heights, New Jersey consider John a celebrity. His kindness is legendary. For instance, John opened up his store for a family after he had closed, simply because their dog was sick and the vet recommended a meat only diet. People gather at John's to shop for groceries, to fill their stomachs, and to take a break from their fast paced lives. John's Friendly Market is an integral part of the Haddon Heights community.

Madam Speaker, John Johnson's service to New Jersey's First Congressional District should not go unrecognized. I want to personally thank John Johnson for the food he provides, the service he performs, and the lives he has touched.
