

this program. 36 percent of the funding will go toward research costs, 30.5 percent of this funding will go toward equipment and cores, 23.5 percent will go to miscellaneous needs, including a sequencing machine, cell sorter, and auto starter.

**HONORING RECIPIENTS OF THE
2009 THIRD DISTRICT EXCELLENCE
IN ECONOMIC DEVELOPMENT AWARD**

HON. ADRIAN SMITH

OF NEBRASKA

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 30, 2009

Mr. SMITH of Nebraska. Madam Speaker, I rise today to honor ten individuals, organizations and businesses from Nebraska for receiving the 2009 Third District Excellence in Economic Development Award.

Nebraska, like many rural states, unfortunately has seen a "brain drain" in recent years and, now more than ever, needs entrepreneurs and innovators.

In May, I called for nominations for individuals, businesses, and organizations which have helped strengthen Nebraska communities. These entrepreneurs do more than just build successful businesses. They host charity events, serve on local chambers of commerce, and shape the character of our towns and cities.

The nominations came from many different people, from a teenager starting his own lawn-mowing business to a mainstay in the Nebraska business community. All of the nominees have shown they are striving to help their home towns succeed into the future.

Steve Brown, of Thedford, began an entrepreneurial scholarship for graduating seniors if they return to the community and begin a business, which was matched by the Custer County Chief. He is also the president of the Thedford Area Community Foundation board. The TACF has held a banquet for the past 5 years and has brought in close to \$25,000 every year. They then have given up to \$15,000 back to the community for repairs and improvements.

Since 1977 Adam Broughton has helped promote the City of York, saved jobs, and established and expanded a number of businesses. He has served with the York Chamber of Commerce, the York County Development Corporation, and Sertoma. He was instrumental in obtaining two \$500,000 grants for the community of York, one for Gerber Foods Corporation and the other for Great West Teeuwissen Corporation. Those grants have helped keep over 40 jobs and the businesses in York. Adam helped to start Crystal Lake Foods, which processes food products for the United States and Asian Rim countries.

In less than 4 years, Clark Swihart of Columbus has built a company employing 14 Nebraskans and is a rapidly growing e-commerce company, specializing in unique promotional products—such as custom silicone wristbands, t-shirts, and more. He has created a unique service, jobs, and revenue.

Began as a combined effort of Twin Valleys Public Power District in Cambridge, Southwest Nebraska RC&D in Cambridge, and Trail Blazers RC&D in Red Cloud, the Furnas/Harlan Partnership of Arapahoe is striving to build a

unified vision for economic development in Furnas and Harlan counties. The Partnership works with individual communities to help promote the surrounding communities and educate residents to help further their careers.

GROW Nebraska of Holbrook is a non-profit organization which has helped hundreds of small businesses and entrepreneurs in Nebraska for more than 10 years. From training sessions to networking and access to new markets through cooperative ads, GROW has helped Nebraska business grow and succeed. Recently GROW Nebraska was selected as a finalist for the eBay Seller's Challenge. GROW has also introduced a Flavors Project. The project gives people "GROW bucks" and allows them to use them at various participating locations just like cash.

Rich and Kellie Patterson, owners and operators of Hometown Hardware in Kimball, have made a name for themselves through their dedication to customer service and devotion to community. The young couple have been described as an "anchor of our downtown" and in just 2 years have already expanded their store.

Though only in high school, Ryan Grossnicklaus of Aurora owns and operates a lawn mowing company in Aurora and was recently awarded a scholarship by the National Federation of Independent Business Young Entrepreneur Foundation.

Todd Messing of Columbus started his own business, Messinc, in 2004. Todd is involved in the New Neighborhoods Initiative grant process to provide affordable housing to those with low to moderate income. His main goal is to provide assistance to community and economic development using education and volunteerism while keeping a profitable and environmentally-friendly business process.

Finally, Xpanxion LLC of Kearney is an international software development company which has placed a priority on hiring Nebraskans, has opened a quality assurance center in Kearney, and has focused on working closely with the University of Nebraska-Kearney. Xpanxion's has already created 16 full-time jobs and 4 part-time positions, and plan to add more jobs in the future. Xpanxion has helped curb the "brain drain" by hiring employees back to rural Nebraska from places outside of Nebraska.

I am proud to be able to recognize all of the honorees today and I thank them for their service to Nebraska.

**HONORING KIMBERLY BRAZIER
UPON RECEIPT OF THE GIRL
SCOUT GOLD AWARD**

HON. STEVE ISRAEL

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 30, 2009

Mr. ISRAEL. Madam Speaker, I rise today to acknowledge a young woman in my district, Kimberly Brazier.

Kimberly will receive the Girl Scout Gold Award on August 3, 2009. For her project, she made two decorative wall quilts for the Huntington Hills Center for Health and Rehabilitation for senior citizens there to enjoy. I wish to commend Kimberly for her community service.

EARMARK DECLARATION

HON. FRANK A. LOBIONDO

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 30, 2009

Mr. LOBIONDO. Madam Speaker, as per the requirements of the Republican Conference Rules on earmarks, I secured the following earmarks in HR 3326:

Requesting Member: Congressman FRANK LOBIONDO (NJ-02)

Bill Number: H.R. 3326

Account: Army—Research, Development, Test, and Evaluation

Legal Name of Requesting Entity: (1) Drexel University, (2) Waterfront Technology Center

Address of Requesting Entity: (1) 3141 Chestnut Street, Philadelphia, PA 19104; (2) 200 Federal Street, Suite 300, Camden, NJ 08103

Description of Request: Provide an earmark of \$3.8 million for Applied Communications and Information Networking (ACIN). ACIN enables the warfighter to rapidly deploy state-of-the-practice communications and networking technology for warfighting and National Security. This funding will build on funding from previous years to fully develop this technology.

Requesting Member: Congressman FRANK LOBIONDO (NJ-02)

Bill Number: H.R. 3326

Account: Air Force—Research, Development, Test, and Evaluation

Legal Name of Requesting Entity: Accenture
Address of Requesting Entity: 200 Federal Street, Suite 300, Camden, NJ 08103

Description of Request: Provide an earmark of \$4.0 million for Distributed Mission Interoperability Toolkit (DMIT). DMIT is a suite of tools that enables an enterprise architecture for on-demand, trusted, interoperability among and between mission-oriented C4I systems. This spending will build on funding from previous years to allow DMIT to be extended to Joint and coalition requirements, and address current weaknesses in Air Force management years ahead of current schedules. Adoption by major programs and commercial entities would lead to savings in the \$100 millions on current and future DOD programs.

Requesting Member: Congressman FRANK LOBIONDO (NJ-02)

Bill Number: H.R. 3326

Account: Navy—Research, Development, Test, and Evaluation

Legal Name of Requesting Entity: Absecon Mills Inc.

Address of Requesting Entity: Vienna and Aloe Avenues, PO Box 672, Cologne, NJ 08213

Description of Request: Provide an earmark of \$2.5 million for Force Protection—Non Traditional Weaving Application for Aramid (Ballistic) Fibers and Fabrics. By re-evaluating standard Industry design and manufacturing techniques for force protection technology, we believe Non Traditional weave designs of Aramid (ballistic) fiber coupled with new applications of microwave plasma treatments can enhance the strength of the fiber and result in enhanced individual mobility, ease of medical access, reduced weight, increased ballistic protection, cost effective savings and weight reduction of ballistic materials currently used.

Requesting Member: Congressman FRANK LOBIONDO (NJ-02)

Bill Number: H.R. 3326
 Account: Air Force—Advance Procurement
 Legal Name of Requesting Entity: L-3 Communications Systems
 Address of Requesting Entity: 1 Federal Street, Camden, NJ 08103
 Description of Request: Provide an earmark of \$3.0 million for Senior Scout COMINT (Communications Intelligence) Capability Upgrade. As part of the Senior Scout ongoing mission, there is an immediate need to add improved COMINT capability to detect and characterize new, modern, low-power radio signals at extended standoff ranges in the presence of interference. The current systems are not able to detect these specific signal sets, which limits intelligence collection capabilities.

GOD BLESS, THANK YOU AND
 GOOD LUCK, LIEUTENANT COLONEL
 REBECCA LEGGIERI, MILITARY
 FELLOW TO THE 13TH CONGRESSIONAL
 DISTRICT OF MICHIGAN

HON. CAROLYN C. KILPATRICK

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 30, 2009

Ms. KILPATRICK of Michigan. Madam Speaker, I rise today to say thank you and wish continued blessings of God upon U.S. Army LTC Rebecca Leggieri. Lieutenant Colonel Leggieri served as a 90-Day Military Fellow in the office in my 13th Congressional District Office of Michigan in Washington, DC, and is due to report to the Pentagon's Office of Public Affairs in a few days as she continues her service to our Nation.

Lieutenant Colonel Leggieri was invaluable in her ability in educating the office about the valued role that America's servicemembers perform every day to protect our freedom. As a mother, Army warrior and patriot, Lieutenant Colonel Leggieri offered a unique perspective on the impact and effect of the decisions that Congress, in general, and the House Appropriations Committee on Defense, in particular. I am proud that, in the United States of America, women who have ability, character and quality can advance to the upper levels of the military as Lieutenant Colonel Leggieri.

Lieutenant Colonel Leggieri was born in Schenectady, New York to Joseph V. Palowich and the late Monica Palowich. She graduated from Notre Dame-Bishop Gibbons High School in Schenectady, New York where she excelled at basketball, track and swimming. Today, Lieutenant Colonel Leggieri is still involved in athletics with her children and continues to maintain a healthy lifestyle.

Rebecca graduated from Saint Lawrence University in May 1989 with a bachelors of arts degree in English Writing and Government. Lieutenant Colonel Leggieri was a 4-year Army Reserve Officers Training Corps (ROTC) scholarship student at Saint Lawrence University and was commissioned as a Second Lieutenant in the Quartermaster Corps upon her graduation from college. She served in command and staff positions in Quartermaster and Logistics units in New York, Virginia, Nebraska and Arkansas before being assigned to Washington, DC. She later earned a masters degree in Public Communications from American University in May 2004.

Rebecca began her career in Army Public Affairs at the Pentagon in 2002 as the Speechwriter for the Chief of the Army Reserve. Lieutenant Colonel Leggieri then served as the Public Affairs and Media Officer at the White House Office of National Drug Control Policy from June 2004 until June 2005. She is currently serving as the Community Relations Public Affairs Officer for the Army's Chief of Public Affairs in the Pentagon.

While Lieutenant Colonel Leggieri has served for the last 3 months on Capitol Hill as an Army Fellow in the Army Congressional Orientation Program, ACOP, and assigned to me, Congresswoman CAROLYN C. KILPATRICK, I have learned much about the contributions of our individual servicemembers and their families. I thank the Secretary of the Army and former Congressman Pete Geren and Army Chief of Staff General George W. Casey, Jr. for this wonderful program that is a tremendous benefit to all Members of Congress.

Lieutenant Colonel Leggieri is also very active in the local community, serving for the past 4 years as Public Relations Chair on the Board of Directors for Coles Little League in Manassas, Virginia.

In thanking and wishing the continued grace of God to Lieutenant Colonel Leggieri, I also extend the same to her family. Rebecca is married to COL John Leggieri, also in the United States Army and from New York State. John and Rebecca were married 16 years ago, on July 24, 1993. They have two children, 14-year-old Olivia, who is entering high school this fall and 11-year-old Gabriel, who will be entering middle school.

Thank you Lieutenant Colonel Leggieri for your continued public service to the people of the 13th Congressional District of Michigan, to our Nation, and to the world. May you, your family and all of America's military have God's continued good grace and infinite blessings.

TRIBUTE TO LTJG EDWIN NORTH

HON. DAVE CAMP

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 30, 2009

Mr. CAMP. Madam Speaker, I rise today to pay tribute to LTJG Edwin North in recognition of the 11 years of honorable service in the United States Navy during and after World War II.

Edwin North started his military career in the U.S. Army ROTC at Michigan State University. In 1943, he decided to join the U.S. Navy where he served with distinction on various ships in the Pacific Theater, including the heavy cruiser USS *Tuscaloosa*. He also served as captain of a Landing Craft Tank, LCT, where amongst his other duties, he ferried sailors, rescued from the sinking of the USS *Indianapolis*, from the USS *Doyle* to the island of Peleliu for treatment. On his LCT he performed other tasks like transporting equipment ship-to-shore, and transporting slave labor survivors, who had been rescued from Japanese capture, from Peleliu Island to resettlement on Koror Island.

In addition, Lieutenant junior grade North served with great honor and distinction in numerous other activities in the Pacific Theater, performing reconnaissance missions and deliveries ship-to-shore on his LCT, mostly in

areas of potential danger to life and craft that were still under Japanese control. In another instance, Lieutenant junior grade North was handpicked to be an observer in the turret of an amphibious PBY observation plane. He performed these duties calmly and courageously, gaining praise for his surveying and observation skills in the midst of a high level of danger while reconnoitering active Japanese emplacements and other potential Naval targets on New Guinea. Lieutenant junior grade North was seriously injured in a fire resulting from the collision of his combat ship with its supply ship. He spent several months in various hospitals recovering from his injuries before returning to duty.

Following his service in the Pacific Theater, Lieutenant junior grade North was assigned stateside to the Great Lakes Naval Training Center near Chicago, Illinois. On January 19, 1954, LTJG Edwin North was honorably discharged from active duty after eleven years of service in the United States Navy. In more recent times, Lieutenant junior grade North served as a volunteer with distinction in the Michigan Governor's Home Guard.

On behalf of the Fourth Congressional District of Michigan, I am honored today to recognize LTJG Edwin North in gratitude for his eleven years of service to our country. I hope the years to come will bring him health, happiness, and special memories with family and friends. We are thankful for his dedication to this nation, and wish him and his family the best.

CONGRATULATING THE PARTICIPANTS OF THE HOUSE FELLOWS PROGRAM

HON. JOHN B. LARSON

OF CONNECTICUT

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 30, 2009

Mr. LARSON of Connecticut. Madam Speaker, I rise today to congratulate the participants of the House Fellows Program. The House Fellows Program, run by the Office of the House Historian, is a unique opportunity for a select group of secondary education American history and government teachers to experience firsthand the inner-workings of Congress. These educators have demonstrated excellence in the classroom, are dedicated to educating our Nation's youth and are truly deserving of our recognition.

One of the goals of the House Fellows Program is to develop curriculum on the history and practice of the House for use in schools. During the program, fellows prepare a brief lesson plan on a congressional topic of their choosing, which is then shared with the other fellows. These plans will become part of a larger teaching resource database on the House. During the school year following their participation in the House Fellows Program, each Fellow is responsible for presenting his or her experience and lesson plans to at least one in-service institute for teachers of history and government.

Since the House Fellows Program began in 2006, 63 teachers from across the country have participated in this innovative program, with 12 more enrolled for this summer. With plans to select a teacher from every congressional district over the next several years, the
