RECOGNIZING THE 150TH ANNIVERSARY OF THE MENDOCINO PRESBYTERIAN CHURCH

**HON. MIKE THOMPSON**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, November 3, 2009*

Mr. THOMPSON of California. Madam Speaker, I rise to recognize the Mendocino Presbyterian Church on the occasion of the congregation's 150th anniversary. The Mendocino Presbyterian Church in the village of Mendocino on California's north coast is the oldest active Presbyterian Church in California. Eight local residents including six women chartered it in 1859.

The Mendocino Presbyterian Church is California Historic Landmark Number 714 and is listed on the Federal Register of Historic Places. Its spire and English gothic design are iconic symbols exemplifying Mendocino's history and much photographed architecture.

The Church sanctuary is entirely built from local redwood. It was designed by San Francisco architects S.C. Bugbee and Son, who previously designed the Crocker and Stanford mansions, which were destroyed by the 1906 earthquake. Donations by local citizens and businesspeople such as pioneering residents Jeremy Ford and Henry Meiggs made the building possible. The first pastor in 1861 was Reverend David McClure and the first written record of the sermon was on October 19, 1861.

A thousand pound cast iron bell was shipped from one of the most prestigious foundries in the New World, the Meneeley Foundry in West Troy, New York, around the Horn and installed in 1870. It has rung to signal Sunday services ever since. In addition to ringing for weddings and memorial services, since 2006 the bell has also tolled on Friday evenings in honor of our service men and women and Iraqi and Afghan civilians who died the previous week. Inside the bell tower is covered with chalk signatures, including every pastor, and others who have climbed the stepladder to the top. The bell rope, which extends to the reception area of the sanctuary, includes one knot for each ordained pastor who served. Symbolic sections join the knots as a historical record related to events around

the nation and the world. A framed document interprets the bell rope significance.

While the original chandeliers and wall sconces have been electrified and gilded, most of the interior of the Sanctuary remains the same as when it was constructed. The cork floor between the pews is a scuffed record of the many shoes from high heels to logging boots worn by those who have attended services.

The Mendocino Presbyterian Church has been home to Rainbow pre-school welcoming children of all denominations since 1978. The Church sponsors the Mendocino Christian Camp, Bible Study and schools in Nicaragua as part of its mission and outreach. In addition, the adjacent Preston Hall is a popular community center for events such as art auctions, book sales, the Christmas bazaar, and receptions and meals. The Church is a popular wedding location and was featured in a Kodak commercial in the 1970s. In 1947, Warner Brothers filmed a scene for the movie Johnny Belinda inside the sanctuary with the Church choir performing.

Madam Speaker and colleagues, please join me in honoring 150 years of invaluable religious, civic and community service by the Mendocino Presbyterian Church.

EARMARK DECLARATION

**HON. WALLY HERGER**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, November 3, 2009*

Mr. HERGER. Madam Speaker, pursuant to the House Republican standards on earmarks, I am submitting the following information regarding earmarks I received as part of H.R. 3619, Coast Guard Authorization Act of 2010.

Requesting Member: Congressman WALLY HERGER

Bill Number: H.R. 3619

Legal Name of Requesting Entity: J.E. McAmis, Inc.

Address of Requesting Entity: 621 Country Drive, Chico, CA 95928

Description of Request: This request does not authorize or appropriate any Federal funds, but modifies current statute to authorize the Coast Guard to issue a certificate of documentation for operation in the coastwise trade for the vessel *Maya*, United States official number 1107319. The *Maya* is a flat deck barge that was built in Louisiana in 2001; however, it was briefly reflagged under the Mexican registry while it was transferred to that country for a project. The *Maya* was purchased in 2008 by J.E. McAmis, Inc., a California-based and U.S. citizen-owned company located in my congressional district. The barge is needed to carry equipment and supplies to and from heavy construction or dredging jobs generally located in the greater Pacific Northwest region. J.E. McAmis, Inc., worked vigorously for several years to locate a U.S. flagged and registered vessel prior to purchasing the *Maya*. These types of vessels, however, were unavailable because they were being used to support the Gulf Coast reconstruction after Hurricane Katrina. Additionally, efforts to build a barge were stymied by the credit crisis and banks' unwillingness to lend for such a project. Following the purchase vessel has undergone extensive work and re-

pairs in Oregon, has been registered under the U.S. flag, and has received its certificate of inspection.

PERSONAL EXPLANATION

**HON. HARRY TEAGUE**

OF NEW MEXICO

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, November 3, 2009*

Mr. TEAGUE. Madam Speaker, on Monday, November 2, 2009, I was traveling in my district on official business and was not present for the vote on H.R. 1168, the Veterans Retraining Act of 2009. Had I been present, however, I would have voted "yes" on the bill and for creating greater opportunities for our veterans to establish economic independence and security.

H.R. 1168 is a common-sense bill that ensures that our veterans are making a smooth transition from their career in the Armed Services to a life in the civilian world. A provision in this bill also creates the flexibility that allows for our veterans to train for positions that are currently in demand, which lets us develop our workforce in a way that meets the present economic needs. This type of program will help us adapt to the ever-changing economy and keep our nation's competitive edge.

I would like to thank and commend the gentleman for introducing this bill. I thank my colleagues for supporting it.

HONORING THE LIFE AND  
MEMORY OF DR. HAROLD HILD

**HON. LUIS V. GUTIERREZ**

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, November 3, 2009*

Mr. GUTIERREZ. Madam Speaker, I rise today to honor the life and memory of Dr. Harold Hild. I met Dr. Hild when he was my English professor at Northeastern Illinois University. Dr. Hild was well known for his special commitment to the Latino students at the University, and we were many. A large number were native English speakers who needed improvement in writing, and others were learning English as a second language. Dr. Hild stood by us and believed in our potential even after so many had written us off as ill-prepared. He worked tirelessly to develop an English-language program at the University that included tutoring and guidance for students who wanted to improve their language skills and succeed at the University.

Long before the culture wars, we were fighting to learn English, and he was fighting beside us. He defended us like we were his own children. When Northeastern Illinois University refused to give Dr. Hild tenure and attempted to let him go, I organized a group of students to stage a sit-in to demand that he be reinstated. We were successful, and Dr. Hild was placed back on the faculty. Dr. Hild later became the Chairman of the Communication, Media and Theater Department. Dr. Hild defended us, and so it was our duty to defend him. In fact, Madam Speaker, I think that this probably represented my first steps as a community organizer.

Dr. Hild and I worked together on the English-language program to ensure that Latino students at the University had every opportunity to succeed. That program still continues today, and is part of his significant legacy not only to the University but also to students everywhere. He saw the potential in me, and he saw the potential in all of us. Dr. Hild is and should always remain an inspiration to countless generations of Northeastern Illinois University students. I only hope that those of us who were touched by his life will continue to be inspired to make a difference in someone else's life.

PERSONAL EXPLANATION

**HON. BILL PASCRELL, JR.**

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, November 3, 2009*

Mr. PASCRELL. Madam Speaker, I want to state for the record that yesterday I missed the three rollcall votes of the day. Unfortunately I missed these votes because I was detained in my district.

Had I been present I would have voted Yea on rollcall vote No. 832 On Motion to Suspend the Rules and Pass, as Amended—H.R. 1168—Veterans Retraining Act of 2009.

Had I been present I would have voted Yea on rollcall vote No. 833 On Motion to Suspend the Rules and Agree—H. Res. 291—Recognizing the crucial role of assistance dogs in

helping wounded veterans live more independent lives, expressing gratitude to The Tower of Hope, and supporting the goals and ideals of creating a Tower of Hope Day.

Lastly, had I been present I would have voted Yea on rollcall vote No. 834 On Motion to Suspend the Rules and Pass—S. 509—To authorize a major medical facility project at the Department of Veterans Affairs Medical Center, Walla Walla, Washington, and for other purposes.

REPUBLICAN ALTERNATIVES TO  
HEALTH CARE

**HON. JOE WILSON**

OF SOUTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, November 3, 2009*

Mr. WILSON of South Carolina. Madam Speaker, A 2,000 page, 1.2 trillion dollar health care takeover is headed to this floor. Given its abrupt arrival, I hope the Speaker will open the floor to the 53 alternatives presented from Republicans.

Republicans continue to offer positive health care solutions, but our alternatives are not being scheduled. Our solutions will give Americans access to affordable, accessible, and quality health care that is centered around the patient.

Unlike PELOSI's health care takeover, our alternatives do not contain any of the cuts to seniors' Medicare benefits. Or the costly tax increases and job-killing mandates. Our alternatives will not sever the doctor-patient relationship, or put a trillion dollar price tag on the backs of our children and grandchildren—threatening devaluation of seniors' fixed incomes.

We need to promote the vision German Chancellor Angela Merkel described today for America to be the land of unlimited opportunity. The Big Government takeover will limit opportunity.

In conclusion, God bless our troops, and we will never forget September 11th in the Global War on Terrorism.

CELEBRATING UT DALLAS:  
CREATING THE FUTURE SINCE 1969

**HON. SAM JOHNSON**

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, November 3, 2009*

Mr. SAM JOHNSON of Texas. Madam Speaker it is a great honor to recognize a fine

higher educational institution—the University of Texas at Dallas. Beginning this fall, the University of Texas at Dallas marks its 40th year as a Texas public university and a member of The University of Texas system.

Born at the dawn of the information age, UT Dallas helped pioneer new fields in science and technology and created sought-after degree programs that did not exist a generation ago. These include geospatial information science, neuroscience, bioinformatics, nanotechnology and materials science, among others.

The University has a unique past: built from the top down, first a research institute, then a graduate school, and finally becoming a full university with the admission of its first freshman class in 1990.

Located in the center of one of the most dynamic economic and demographic regions in the nation, UT Dallas owes its existence to three entrepreneurs, Eugene McDermott, Cecil Green and J. Erik Jonsson, who deeply valued education and entrepreneurial activity.

These individuals, who also founded Texas Instruments, found themselves importing talent from outside the state while the region's bright young people pursued educations elsewhere. Having identified the need, the Founders took action to serve both their enterprise and the region, establishing the Graduate Research Center of the Southwest, which in 1961 was renamed the Southwest Center for Advanced Studies, SCAS. The center recruited some of the best scientific talent in the nation.

In 1969, the founders bequeathed the Southwest Center for Advanced Studies to the State of Texas, and then-Governor Preston Smith signed the bill establishing UT Dallas, thus fulfilling the mandate to create science and technology educational opportunities in North Texas. By law, the University offered only graduate degrees until 1975. In 1990, the University admitted its first freshman class.

The transition from a graduate research facility to a university with an emphasis on engineering, mathematics, the sciences and management has been facilitated by the excellence of the UT Dallas faculty. Among them are four members of the National Academies—Dr. Ray Baughman, Dr. David Daniel, Dr. Brian Berry and Dr. Don Shaw—and Nobel laureate, Dr. Russell Hulse. Other Nobel laureates have included the late Dr. Polykarp Kusch and the late Dr. Alan G. MacDiarmid.

During the past decade, the University's teaching mission has expanded, its external research funding nearly doubled, its program offerings grew and its reputation has gained notice nationally. The student body has grown, even as quantitative markers of excellence—average entering SAT scores, graduation rates, numbers of distinguished scholarship holders and national merit scholarship winners—have also moved up.

UT Dallas has a unique past, and its aspirations to become a top national research university promise an even more remarkable future. Congratulations to everyone who helped make 40 years of educating the best and brightest a reality at UT Dallas. Thank you for all you do to improve Texas. God bless you and I salute you.
