CONGRESSMAN BROWN RECOGNIZES THE EFFORTS OF MR. RONNIE SANTOS, THE EAST COOPER PILOTS ASSOCIATION AND THE SOUTH CAROLINA AQUARIUM SEA TURTLE HOSPITAL

HON. HENRY E. BROWN, JR.

OF SOUTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, November 4, 2009

Mr. BROWN of South Carolina. Madam Speaker, I rise today to highlight the efforts of one of my constituents. After hearing the story of three endangered sea turtles struck by the sudden freezing coastal waters in New England, Mr. Ronnie Santos, who is proud member of the East Cooper Pilots Association, volunteered his time and resources to conduct an Angel Flight in his own personal aircraft to rescue the sea turtles and bring them back to the South Carolina Aquarium Sea Turtle Hospital in Charleston where they will be cared for.

I would like to commend Mr. Santos for leading by example and I thank him and all the hardworking staff and volunteers at the South Carolina Aquarium Sea Turtle Hospital in Charleston for putting in the long hours and doing the sometimes thankless work. Thank you for all that you do, you are all truly a symbol of what makes coastal South Carolina such a special place.

UNITED STATES SUBMARINE FORCE

HON. JACK KINGSTON

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, November 4, 2009

Mr. KINGSTON. Mr. Speaker, I rise to support H. Res. 773 that expresses respect for the United States Submarine Force. I rise to commemorate the service of the USS NARWHAL (SS 167) for her outstanding service. USS NARWHAL served our country for nearly fifteen years.

NARWHAL was one of five submarines docked for overhaul at Pearl Harbor on December 7, 1941. Gunners from the NARWHAL were in action that resulted in the destruction of two torpedo planes. NARWHAL suffered no damage.

Due to the size and unique design of the NARWHAL she was selected to carry out unconventional missions that led to the defeat of Imperial Japan. NARWHAL served in humanitarian and special operations roles in the campaign against Imperial Japan.

On May 11th, 1943 NARWHAL and NAUTILUS launched Army Scouts to regain control of the Aleutian Islands in Alaska. On July 15th, 1943 NARWHAL shelled the airfield on Matsuwa Island in northern Japan allowing LAPON, PERMIT and PLUNGER to escape from the waters of the Japanese Home Islands. NARWHAL played a vital role in assist-

ing the Filipino resistance to the Imperial Japanese Army. In 1943 NARWHAL transported hundreds of tons of ammunition and stores. On one voyage NARWHAL evacuated eight women, two children and a baby from the Philippines to Darwin, Australia. In 1944 NARWHAL continued to provide vital supplies in support of the liberation of the Philippines.

Submarine Sailors such as my childhood mentor, Coburn Kelley, served valiantly on boats like the NARWHAL. Coburn Kelley enlisted on December 23, 1941. He served 22 months on NARWHAL where he was qualified in submarine warfare and served on five war patrols.

I rise today to recognize the courage and sacrifice of our nation's Submarine Sailors who protected the liberties and freedoms of the United States during World War II. I am honored to keep alive their memory on this day November 4, 2009.

Mr. MITCHELL. Madam Speaker, I rise today to congratulate Don Brandt, who was recently named Utility CEO of the Year by the Solar Electric Power Association. This award honors Don's exemplary leadership and the outstanding progress the Arizona Public Service Company has made under his guidance.

Don has spent more than 25 years in the electric power industry, most recently as the Chairman and CEO of APS's parent company, Pinnacle West Capital Corporation. Under his leadership, APS has undertaken significant solar initiatives including the construction of Solana, which will be the world's largest solar plant near Gila Bend, Arizona. At the same, APS has committed to invest \$500 million to develop 100 megawatts of utility-owned solar generation, and created the Community Power Project, a pilot program to install solar panels on customer homes with no upfront cost. also partnered with the National Park Service to power the Grand Canyon Visitors Center with solar panels.

APS is creating viable business models around solar energy that not only push the envelope but also push our industry forward."

Madam Speaker, please join me in recognizing Don Brandt's contributions to making Arizona the solar capital of the world, and congratulating him on this prestigious award.

Wednesday, November 4, 2009

Mr. GRAVES. Madam Speaker, I proudly pause to recognize Cheyenne Titus, a very special young lady who has earned a spot on the National USA Karate Team. I join with Cheyenne's family and friends in expressing best wishes on her significant achievement. I commend Cheyenne on attaining such a high honor and wish her the best of luck as she competes in the World Karate Championships in Dublin, Ireland, this October.

Madam Speaker, I respectfully request you join with me in commending Cheyenne Titus for her success with Sensei Mark Long's Shotokan Karate team and for her effort put forth in achieving this prestigious goal.

PROVIDING FOR CONSIDERATION OF H.R. 3854, SMALL BUSINESS FINANCING AND INVESTMENT ACT OF 2009

SPEECH OF

HON. JARED POLIS

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 29, 2009

Mr. POLIS. Madam Speaker, I rise in support of this rule and the underlying bill H.R. 3854, the Small Business Financing and Investment Act. I would like to thank Chairwoman VELÁZQUEZ and my colleagues on the Small Business Committee for bringing us a comprehensive well thought-out bill. I would also like to acknowledge and thank my friend from Oregon, Representative SCHRADER for introducing this legislation and working hard on such an important issue.

Madam Speaker, while there are positive economic indicators and reasons to believe that we are on a path of recovery, this fragile,

budding recovery could be stalled if we do not provide our small businesses with the tools to maintain their operations, begin to expand and create new jobs, and restore consumer confidence.

H.R. 3854 will significantly improve access to credit and capital for small businesses at each stage of growth and in any economic climate. An update of the SBA's portfolio of lending and investment programs is 10 years overdue, and the current recession makes the task of helping more small firms, grow, prosper, and save and create jobs even more vital.

As we speak, once frozen credit markets are beginning to thaw, and the Small Business Financing and Investment Act will prove to be a welcome heat gun. This bill will improve credit conditions for small businesses and stabilize small business lending markets, improving the availability of capital for small firms. This includes increasing the guaranty on 7(a) loans to 90 percent, waiving fees on 7(a) and CDC loans, and improving the Business Stabilization Loans by increasing the loan amounts to \$50,000.

By raising SBA loan guarantees and reducing risk for lenders, this bill allows banks to make lending more accessible to small firms early next year. By helping small firms purchase new equipment and inventory, the bill will help stimulate the economy and help reduce overall unemployment. As an added benefit, an increase in lending activity will also improve the health of our banking industry.

Through this bill, bankers will be able to recapitalize—through their efforts of supporting business—instead of seeking Federal bailouts. Recognizing the benefit to their industry, H.R. 3854 has received the endorsement of American Bankers Association.

This bill will benefit businesses nationwide. It makes permanent the Rural Lender Outreach Program, Community Express, and Veteran Participation Loan Program. Each of these programs share a common goal of assisting borrowers who have not accessed SBA programs or who have traditionally had limited access to capital.

On behalf of my constituents in Colorado, I would like to particularly thank the Chairwoman and Committee for their work on drafting Subtitle B—expanded investment in small business renewable energy, and title VII (seven)—the small business early-stage investment program. The spirit of entrepreneurship in my district is only matched by our commitment and talent to lead in the renewable energy economy. These programs encourage new businesses to start; encourage all businesses to recognize cost saving through energy conservation; and promote new firms to develop and market renewable energy resources. And they are all strongly supported by the people of Colorado's second Congressional district.

Without discounting the struggles of those who have lost their jobs, it should be noted that Colorado enjoys one of the lowest unemployment rates in the nation at seven percent. This, in part, is due to the diversity of my state's economy, the predominance of small businesses, and the efforts by state and local governments to foster entrepreneurship across all industries.

Nationwide, small businesses create 64 percent of new jobs. This bill is expected to support \$44 billion in small business lending every year, and will help save or create 1.3 million

jobs each year. Small firms comprise 99.7 percent of all employer companies; this bill is more than an investment in small businesses, it is an investment in American job growth.

Madam Speaker, oftentimes, the psychology of recovery is as important as the funds spent to drive it. By passing this legislation, this Congress makes a plain statement that we have great confidence in our fellow Americans to help each other get back to work.

We state that with a little help local bankers and local merchants can come together to stock shelves and pay salaries. We tell our businesses that we will provide the tools to weather the remainder of the storm; we use traditional market mechanisms to do it; and we back our confidence with the full faith and credit of the United States government. This is a powerful message and I am proud to lend my voice to this cause.

Once again I recognize the efforts of Chairwoman VELÁZQUEZ and the Small Business Committee on job growth and I thank Representative SCHRADER introducing this legislation that we will have the opportunity to vote on today. I strongly support this rule and ask my colleagues to join me in supporting this rule and the underlying bill.
