

The GRR is studying the need for improvements to the Tampa Harbor in order to meet projected increases in international commerce. As Florida's largest port (in tonnage), Tampa Port handles in excess of 50 million tons of cargo annually and is West Central Florida's largest economic engine contributing billions of dollars annually to the 7 county region surrounding Tampa Bay. Port Manatee supports 22,000 jobs and has a total economic impact of \$2.3 billion. As changes in the global shipping market evolve, both Tampa and Manatee Ports must be able to accommodate modern international vessel fleets which require deeper draft. The GRR will determine the national economic feasibility of further improvements to the Tampa main federal channel.

Address of Requesting Entity: 533 West Carlton Street, Wauchula, FL 33873

Description of Request: I secured \$95,000 to support the expansion and renovation of the emergency department. This initiative is vital to the health care infrastructure and clinical services available to Hardee County and the surrounding communities.

Florida Hospital Wauchula is a 25 bed facility specializing in emergency, outpatient and transitional care. In 2000, we became the first Critical Access Hospital in the state of Florida in an effort to enhance the health care services provided to our rural service area. The hospital employs 91 full-time staff, including 5 physicians on General Medical Staff. In addition to our 7-bed emergency department, Wauchula offers diagnostic imaging and lab services and a transitional care unit with short-term skilled nursing and rehabilitation services.

As a rural community with limited medical resources, Hardee County relies on Florida Hospital Wauchula to provide high quality health care. The emergency department handles over 12,000 visits per year; a volume that taxes the facilities capacity to its limit.
