

When the President came and spoke to the joint session of Congress a couple of weeks ago, only one person told the truth, and that was JOE WILSON. JOE WILSON is the only person who told the truth.

The ObamaCare bill is going to give free health insurance to illegal aliens, it's going to pay for abortions, it's going to do a lot of things that people don't like. But the bottom line is people are going to be out of work that are working today. It's going to hurt our economy. It's going to hurt the elderly, because they're going to have their health care services cut, and they're not going to be able to get their services from the doctor or from the hospital that they need and deserve because of ObamaCare. And the American people need to understand these things. Millions of people are going to lose a job and be out on the street, and it's going to hurt our economy.

So the American people need to understand these things and rise up and say "no" to ObamaCare. Let us have a bipartisan debate on all of these Republican plans so that we can find commonsense market-based solutions for health care.
