SUPPORTING THE OBSERVANCE OF NATIONAL DIABETES MONTH

Mrs. CAPPs. Mr. Speaker, I ask unanimous consent that the Committee on Energy and Commerce be discharged from further consideration of House Resolution 914 and ask for its immediate consideration in the House.

The Clerk read the title of the resolution.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from California?

There was no objection.

The text of the resolution is as follows:

H. RES. 914

Whereas there are nearly 24,000,000 people in the United States with diabetes and 57,000,000 with pre-diabetes;

Whereas diabetes contributed to the deaths of over 300,000 people in the United States in 2007, making diabetes the seventh leading cause of death;

Whereas every minute, 3 people are diagnosed with diabetes;

Whereas each day approximately 4,384 people are diagnosed with diabetes and approximately 1,600,000 new cases of diabetes were diagnosed in people 20 years or older in 2007;

Whereas between 1990 and 2001, diabetes prevalence in the United States increased by more than 60 percent;

Whereas over 24 percent of diabetes is undiagnosed, down from 30 percent in 2005 and 50 percent 10 years ago;

Whereas over 10 percent of adults and nearly a quarter (23.1 percent) of people in the United States age 60 and older have diabetes;

Whereas diabetes is a serious chronic condition that affects people of every age, race, income level, and ethnicity;

Whereas Hispanic, African, Asian, Pacific Islanders, and Native Americans are disproportionately affected by diabetes and suffer at rates much higher than the general population;

Whereas 15,000 youth in the United States are diagnosed with type 1 diabetes annually and about 3,700 youth are diagnosed with type 2 diabetes annually;

Whereas 1 in 3 people in the United States born in the year 2000 will develop diabetes in their lifetime, this statistic grows to nearly 1 in 2 for minority populations;

Whereas diabetes costs the United States an estimated \$174,000,000,000 in 2007 and \$1 in every \$10 spent on health care is attributed to diabetes and its complications;

Whereas approximately \$1 out of every \$4 Medicare dollars is spent on the care of people with diabetes;

Whereas every day 230 people with diabetes undergo an amputation, 120 people enter end-stage kidney disease programs, and 55 people go blind from diabetes;

Whereas there is not yet a cure for diabetes;

Whereas there are proven means to reduce the incidence of and delay the onset of type 2 diabetes;

Whereas people with diabetes live healthy, productive lives with the proper management and treatment; and

Whereas National Diabetes Month is celebrated in November: Now, therefore, be it

Resolved, That the House of Representatives—

(1) supports the goals and ideals of National Diabetes Month, including encouraging people in the United States to fight diabetes through raising public awareness about stopping diabetes and increasing education about the disease;

(2) recognizes the importance of early detection, awareness of the symptoms of diabetes, and the risk factors for type II diabetes, which include being over the age of 45, coming from certain ethnic backgrounds, being overweight, having a low physical activity level, high blood pressure, and a family history of diabetes or a history of diabetes during pregnancy; and

(3) supports decreasing the prevalence of diabetes, developing better treatments, and working toward an eventual cure for type I and type II diabetes through increased research, treatment and prevention.

Ms. SHEA-PORTER. Mr. Speaker, I rise today in strong support of H. Res. 914, recognizing November as National Diabetes Awareness Month. I would also like to thank Congresswoman DEGETTE for sponsoring this resolution.

Because someone in my family has diabetes, I know how awful it is. Diabetes affects nearly 24 million adults and children nationwide. Even more frightening is the fact that an additional 57 million more are at risk for Type II diabetes. According to the New Hampshire Department of Health and Human Services, diabetes is currently the 7th leading cause of death in New Hampshire. Approximately 7.2 percent of the population between 18–64 years of age have been diagnosed with diabetes.

We need to increase awareness about this epidemic. Not only is it a health issue, but it is a financial issue. Diabetes treatment costs total \$174 billion a year in this country. If we

place emphasis on prevention, we can drastically reduce these costs.

We must be more aggressive in preventing, diagnosing, and treating this disease. We also must continue striving for a cure.

Raising awareness and increasing funding to tackle the root of the problem is essential. As a proud cosponsor of this resolution, I urge my colleagues to join me in supporting the fight against diabetes.

The resolution was agreed to.

A motion to reconsider was laid on the table.

GENERAL LEAVE

Mrs. CAPPS. Mr. Speaker, I ask unanimous consent that all Members have 5 legislative days in which to revise and extend their remarks on House Resolution 914.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from California?

There was no objection.

TERMS OF SERVICE IN THE OFFICE OF COMPLIANCE

Mrs. DAVIS of California. Mr. Speaker, I ask unanimous consent to discharge the Committee on House Administration from further consideration of the bill (S. 1860) to permit each current member of the Board of Directors of the Office of Compliance to serve for 3 terms, and ask for its immediate consideration in the House.

The Clerk read the title of the bill.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from California?

There was no objection.

The text of the bill is as follows:

S. 1860

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. ADDITIONAL TERM FOR MEMBERS OF BOARD OF DIRECTORS OF OFFICE OF COMPLIANCE.

Notwithstanding the second sentence of section 301(e)(1) of the Congressional Accountability Act of 1995 (2 U.S.C. 1381(e)(1)), any individual serving as a member of the Board of Directors of the Office of Compliance as of September 30, 2009, may serve for 3 terms.

Mrs. DAVIS of California. Mr. Speaker, the statute we are amending limits the terms of the current Board of Directors of the Office of Compliance to two consecutive five year terms. The Board consists of five legal practitioners from around the country, each of whom is an expert in labor and employment matters. They were originally appointed in 1999 and 2000, and reappointed to second terms in 2004 and 2005. The terms of three Board members expired last month, and the terms of the remaining two Board members will expire this coming May. The Congressional Accountability Act does not allow for holdovers, so the current Board has already lost its quorum.

The Government Accountability Office (GAO) found in 2004 that term limits for Board members caused a loss of leadership, and negatively impacted the Office's continuity of

operations. To avoid that negative impact, the Committee proposes to amend the law to allow the current Board to serve for an additional term.

This particular Board has demonstrated extraordinary productivity and balance in its handling of multiple cases, and its issuance of a number of substantive regulations. The current Board operates collegially, and appreciates the operating environment in which they perform their responsibilities. Over the last decade, the Board has met its statutory mandate without cause for concern from the Congress. The Board has been a neutral body, committed to advancing safety, health, and workplace rights, while working with the Congress to promulgate regulations that reflect the unique nature of the Legislative Branch.

The Congress amended the Congressional Accountability Act five years ago to allow for a second term. The GAO's 2004 report on the operations of the Board noted that, in comparable administrative regulatory agencies, such as the Equal Employment Opportunity Commission, the Federal Labor Relations Board, and the National Labor Relations Board, there were no limitations on board members serving consecutive terms.

The Board members have provided an excellent balance, and unnecessary change to the composition of this Board creates a risk of loss of such balance. The Committee therefore recommends that the term limits for the current Board members be extended by an additional five year term. By enacting S. 1860, we will accomplish this purpose.

The bill was ordered to be read a third time, was read the third time, and passed, and a motion to reconsider was laid on the table.

GENERAL LEAVE

Mrs. DAVIS of California. I ask unanimous consent that all Members may have 5 legislative days to revise and extend their remarks in the RECORD on S. 1860.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from California?

There was no objection.

CONDITIONAL ADJOURNMENT TO MONDAY, NOVEMBER 23, 2009

Mrs. DAVIS of California. Mr. Speaker, I ask unanimous consent that when the House adjourns today on a motion offered pursuant to this order, it adjourn to meet at 3 p.m. on Monday, November 23, 2009, unless it sooner has received a message from the Senate transmitting its concurrence in House Concurrent Resolution 214, in which case the House shall stand adjourned pursuant to that concurrent resolution.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from California?

There was no objection.
