

of China and India while undercutting our own economy and our way of life? This is a product of a radical environmentalist-globalist coalition. They want to build a whole new world based on benevolent control by people like themselves. They have a vision of a harmonious and balanced world, and they don't mind scaring us into accepting it or imposing it upon us.

And that is where the real threat comes in. This is not just the EPA pushing democracy aside to centralize power and controls in Washington, D.C., which is, in and of itself, contrary to what America is supposed to be all about. This is about centralizing power into the hands of global government. That is what Kyoto and Copenhagen are all about. That's what the radical environmentalist and globalist alliance is all about.

Wake up, America. We still have time to turn this around. We must fight the globalist clique that is trying to shackle future generations of Americans to a burden of economy-killing debt. They are chains that will be hard to break, but we must have the strength and the commitment to do so.

We will not give up our freedom, and we are not powerless. We will stand together, Americans of every race and religion, of every ethnic group and social status. We will fight as united patriots, and we will win. Members of Congress need to hear from angry constituents, and I predict they will.

Yes, we need to overcome this power grab. We need to overcome this alliance between radical environmentalists and the globalists. But most of all, in order to win, we need to overcome apathy among the American people. It is when the American people rise up in a righteous rage that our freedom will be secure. This is a power grab that is aimed at destroying our freedom.

Wake up, America. We should not be giving more power to United Nation panels or anybody else or any other institution internationally that is composed of governments that are controlled by gangsters and thugs that we would never dream of electing here in the United States, countries that don't have any freedom of press. We're going to give authority to enforce environmental laws and rules that we've never voted on to bodies like that? Or we're going to go along with the EPA and push the Congress aside and elected officials aside and let that be imposed upon us by people who have never been elected to anything? No. We must stand up and defeat this power grab.

Wake up, America. Your freedom and prosperity are at stake.

I have three children at home: little Christian, Anika and Tristan. We owe it to them and the children of this country to pass on freedom and opportunity that has been passed on to us. The sacrifice, the sacrifice of generations of Americans to provide us the democracy that we have, the democratic way of fighting these battles that we have. We will not see that destroyed.

We will instead use the democratic process in this fight and hold true to the principles, and what was passed on to us by generations of Americans, and we will also be true to future generations of Americans. But now it's up to us. If we don't act, this conspiracy of lies, of distortions in the scientific community coupled with an alliance with a globalist who would centralize power in global government. No. We must defeat them, or we will not be living up to our responsibility, not living up to what we should be asked to do as Americans, and that is to pass on this freedom.

We are united patriots, and we will win.

With that, I yield back the balance of my time.
