

as the Secretary considers appropriate to protect the interests of the United States.

The SPEAKER pro tempore. Pursuant to the rule, the gentlewoman from Guam (Ms. BORDALLO) and the gentleman from Utah (Mr. BISHOP) each will control 20 minutes.

The Chair recognizes the gentlewoman from Guam.

GENERAL LEAVE

Ms. BORDALLO. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and to include extraneous material on the bill under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from Guam?

There was no objection.

Ms. BORDALLO. Mr. Speaker, H.R. 601, introduced by Representative BISHOP of Utah, requires the Secretary of Agriculture to convey without consideration approximately 31.5 acres of National Forest System land in the Wasatch-Cache National Forest in Utah to the town of Mantua, Utah. The conveyed land will be used by the town of Mantua to develop a new town cemetery, a new town hall and fire station, an elementary school, a court, law enforcement facilities, and a memorial park.

Mr. Speaker, this bill passed the House in the 110th Congress. Also in the last Congress, our committee amended that measure to require that, as a condition of the conveyance, the town of Mantua shall use the land for public purposes only, and the land shall revert to the Secretary if used for another purpose, and that requirement is included in H.R. 601 as well. We have no objections to H.R. 601.

I reserve the balance of my time.

Mr. BISHOP of Utah. Mr. Speaker, I yield myself such time as I may consume.

As usual, the gentlelady from Guam did an excellent job in describing this particular bill.

I want to thank Chairman RAHALL and Chairman GRIJALVA for the hearing last year. This bill did pass the floor on a voice vote, and yes, this is not one of those landmark decisions that is going to be recorded in the annals of congressional history. Some people may think that this is a trivial issue with the amount of land that we are talking about. Unfortunately, if you live in a State where 67 percent of the State is under the control of the Federal Government, these kinds of land conveyances become very important and become vital to small communities like Mantua that need this particular land.

The land that was given to the Forest Service was given almost 60 years ago for the whopping price of \$1, and in that period of time, basically, the Forest Service forgot they had the land. It was lost. It was not part of their inventory. It has never been used. It is surrounded by land that is either private or in control of the city already, so the

land actually has limited value for the Federal Government, but has a major value for public purposes by the City of Mantua.

Part of it borders the cemetery, and they are in desperate need of expanding that cemetery. They are also in desperate need of creating a new fire station, which not only would supply the needs of the town but would also supply the needs of the national forest there in Box Elder Canyon at the same time, as well as a new town hall. It is for that purpose we have tried to see if this land conveyance can be done for a simple and easy purpose since we are dealing with public purpose for public purpose. It is merely who owns that land that is somewhat different. This is a piece of legislation of which the Forest Service is supportive and the city is supportive, and I appreciate the kind words that were said about this particular bill.

I reserve the balance of my time.

Ms. BORDALLO. Mr. Speaker, I have no additional requests for time and would inquire of the minority whether they have any additional speakers.

Mr. BISHOP of Utah. No, Mr. Speaker.

I yield back the balance of my time.

Ms. BORDALLO. Mr. Speaker, I again urge Members to support the bill, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentlewoman from Guam (Ms. BORDALLO) that the House suspend the rules and pass the bill, H.R. 601.

The question was taken.

The SPEAKER pro tempore. In the opinion of the Chair, two-thirds being in the affirmative, the ayes have it.

Ms. BORDALLO. Mr. Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX and the Chair's prior announcement, further proceedings on this motion will be postponed.

UTAH NATIONAL GUARD READINESS ACT

Ms. BORDALLO. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 603) to require the conveyance of certain public land within the boundaries of Camp Williams, Utah, to support the training and readiness of the Utah National Guard.

The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 603

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "Utah National Guard Readiness Act".

SEC. 2. LAND CONVEYANCE, CAMP WILLIAMS, UTAH.

(a) CONVEYANCE REQUIRED.—Not later than 120 days after the date of the enactment of this Act, the Secretary of the Interior, act-

ing through the Bureau of Land Management, shall convey, without consideration, to the State of Utah all right, title, and interest of the United States in and to certain lands comprising approximately 431 acres, as generally depicted on a map entitled "Proposed Camp Williams Land Transfer" and dated March 7, 2008, which are located within the boundaries of the public lands currently withdrawn for military use by the Utah National Guard and known as Camp Williams, Utah, for the purpose of permitting the Utah National Guard to use the conveyed land as provided in subsection (c).

(b) REVOCATION OF EXECUTIVE ORDER.—Executive Order No. 1922 of April 24, 1914, as amended by section 907 of the Camp W.G. Williams Land Exchange Act of 1989 (title IX of Public Law 101-628; 104 Stat. 4501), shall be revoked, only insofar as it affects the lands identified for conveyance to the State of Utah under subsection (a).

(c) REVERSIONARY INTEREST.—The lands conveyed to the State of Utah under subsection (a) shall revert to the United States if the Secretary of the Interior determines that the land, or any portion thereof, is sold or attempted to be sold, or that the land, or any portion thereof, is used for non-National Guard or non-national defense purposes. Any determination by the Secretary of the Interior under this subsection shall be made in consultation with the Secretary of Defense and the Governor of Utah and on the record after an opportunity for comment.

(d) HAZARDOUS MATERIALS.—With respect to any portion of the land conveyed under subsection (a) that the Secretary of the Interior determines is subject to reversion under subsection (c), if the Secretary of the Interior also determines that the portion of the conveyed land contains hazardous materials, the State of Utah shall pay the United States an amount equal to the fair market value of that portion of the land, and the reversionary interest shall not apply to that portion of the land.

The SPEAKER pro tempore. Pursuant to the rule, the gentlewoman from Guam (Ms. BORDALLO) and the gentleman from Utah (Mr. BISHOP) each will control 20 minutes.

The Chair recognizes the gentlewoman from Guam.

GENERAL LEAVE

Ms. BORDALLO. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and to include extraneous material on the bill under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from Guam?

There was no objection.

Ms. BORDALLO. Mr. Speaker, H.R. 603 was introduced by the ranking member on the National Parks, Forests and Public Lands Subcommittee, Representative ROB BISHOP. It directs the Secretary of the Interior to convey public land administered by the Bureau of Land Management to the State of Utah for use by the Utah National Guard. The land would revert to the United States should it ever cease being used by the Guard. This legislation was approved by the House during the 110th Congress but was not considered in the other body.

Mr. Speaker, I want to commend our colleague Representative BISHOP for his leadership in this matter and for

his willingness to work with the committee to resolve issues raised during the earlier consideration of this legislation. We have no objection to the passage of H.R. 603.

I reserve the balance of my time.

Mr. BISHOP of Utah. Mr. Speaker, I yield myself such time as I may consume.

Once again, I appreciate the kind words of the gentlelady from Guam. I also appreciate the help and assistance of the chairman of the full committee, Mr. RAHALL, and of the chairman of the subcommittee, Mr. GRIJALVA, in moving this bill forward.

This is another bill that was discussed in the last session and was passed over there. Part of it was actually incorporated into the one by the Senate. The other part was not. This needs to finish off the process. It has the support of the entire Utah delegation, which happens to be bipartisan this time. It was suggested by the Adjutant General of the Utah National Guard as well as by the Governor of the State of Utah. It deals with long-term growing pains of the Utah National Guard facilities, their Camp Williams headquarters in Utah.

As we discussed, part of the issue is that the State of Utah has outgrown the amount of land it owns within the camp for which there can be buildings. What we are asking in this land transfer is to make sure that the land would always stay where it is. It would be for military purposes, but land that belongs to the Bureau of Land Management would be transferred to the State for the building of facilities at the Utah National Guard, specifically for Utah National Guard purposes. It has to have that kind of purpose with it. This land transfer would allow the Utah National Guard to fulfill its military mission in land that is presently part of the camp, but technically not under the ownership of the State of Utah, for the sole purpose of building military infrastructure.

With that, I appreciate the kind words that have been said, and I reserve the balance of my time.

Actually, for the gentlewoman from Guam, I have no other speakers on this one. Do you have any other speakers?

Ms. BORDALLO. I have no further speakers.

Mr. BISHOP of Utah. Then I yield back the balance of my time.

Ms. BORDALLO. Mr. Speaker, I again urge Members to support H.R. 603, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentlewoman from Guam (Ms. BORDALLO) that the House suspend the rules and pass the bill, H.R. 603.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill was passed.

A motion to reconsider was laid on the table.

The SPEAKER pro tempore. Pursuant to the rule, the gentlewoman from

Guam (Ms. BORDALLO) and the gentleman from Utah (Mr. BISHOP) each will control 20 minutes.

The Chair recognizes the gentlewoman from Guam.

GENERAL LEAVE

Ms. BORDALLO. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days to revise and extend their remarks and to include extraneous material on the bill under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from Guam?

There was no objection.

Ms. BORDALLO. Mr. Speaker, I yield myself such time as I may consume.

The purpose of H.R. 637, as introduced by our colleague from California, Mr. CALVERT, is to authorize the Secretary, in cooperation with the Cities of San Juan Capistrano and San Clemente, California, to participate in the design, planning and construction of an advanced water treatment plant facility and recycled water system.

The continuing drought and the decrease in snow pack have led to a reduction in water supplies in many parts of the West. Water recycling projects can help communities protect against drought. H.R. 637 would authorize limited Federal financial assistance for two separate water recycling projects in southern California—one in San Juan Capistrano and the other in San Clemente.

□ 1615

Recycled water can satisfy many water demands.

The House favorably passed identical legislation in the 110th Congress. So I urge my colleagues to join me in supporting H.R. 637.

I reserve the balance of my time.

Mr. BISHOP of Utah. Mr. Speaker, I rise in support of H.R. 637. I yield myself such time as I may consume.

This was sponsored by the distinguished former chairman of the House Water and Power Subcommittee, Mr. CALVERT of California, and will help resolve water supply shortages in southern California by authorizing limited Federal assistance for water recycling projects in the Cities of San Clemente and San Juan Capistrano.

Historic drought and litigation to protect a three-inch fish will lead to decreased water deliveries in southern California, and as a result, less imported water will be recycled in the coming year. However, water recycling is a long-term necessity for southern California and other arid regions of the West. So all of these projects together will help ensure that there will be no such thing as wastewater.

So I urge my colleagues to support this bill. It deals with water, fish—and no swallows.

I reserve the balance of my time. However, I request once again of the gentlelady from Guam if she has other speakers.

Ms. BORDALLO. Mr. Speaker, I have no additional requests for time.
