Messrs. GRIFFITH and LATTA and Ms. SPEIER changed their vote from “aye” to “no.”

Mr. COFFMAN of Colorado changed his vote from “no” to “aye.”

So the amendment was rejected.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

The SPEAKER pro tempore. The question is on the engrossment and third reading of the bill.

The bill was ordered to be engrossed and read a third time, and was read the third time.

MOTION TO RECOMMIT

Mr. ROGERS of Michigan. Mr. Speaker, I have a motion to recommit at the desk.

The SPEAKER pro tempore. Is the gentleman opposed to the bill?

Mr. ROGERS of Michigan. In its current form.

The SPEAKER pro tempore. The Clerk will report the motion to recommit.

The Clerk read as follows:

Mr. Rogers of Michigan moves to recommit the bill (H.R. 1256) to the Committee on Energy and Commerce with instructions to report the same back to the House forthwith with the following amendment:

In section 919(c)(2) of the Federal Food, Drug, and Cosmetic Act, as added by section 101(b)(3) of the bill, amend subparagraph (B) to read as follows:

“(B) PROHIBITION AGAINST USE OF OTHER FUNDS.—Fees collected under subsection (a) are the only funds authorized to be made available for the purpose described in subparagraph (A).

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Michigan (Mr. ROGERS) is recognized for 5 minutes to support his motion.

Mr. ROGERS of Michigan. Mr. Speaker, I want to thank my friends for bringing up and working on an issue that we all know is troublesome, smoking in America. We certainly don’t want our kids to do it. We wouldn’t wish it on any family. And sometimes we disagree on the smallest things and the paths to get there. And I think this is one of those occasions. But some of those differences have huge consequences. We even offered an amendment to say to the FDA if you’re going to give them this authority, you

ought to be able to get nicotine out of cigarettes. And the majority said “no.”

So what we are going to do is we’re going to have them create this whole new government structure to approve or authorize or regulate a drug that, if used as directed, will kill you—for the first time in the history of the FDA. It is a problem. But as long as we get to this place of eliminating smoking, maybe we are moving forward.

But here is a huge problem, and I hope my colleagues listen well. Because for several years during the course of this bill, we have been told and told again and told again that this will not impact the general fund of the FDA. It will not. But, in fact, it will. There is a dangerous loophole in this bill, and we together today can close it. I will tell you why this is important. Because it does allow in the bill specifically for money to come from the general fund of the FDA to get this thing going for as long as 6 months. Six months doesn’t seem like a long time. But let me tell you, the FDA is strapped for resources and failing in many of its core missions.

Many of us here agree with that. We have often said it is not meeting its mission requirements. We need to give them more, more resources. This bill today takes away precious resources from some of the most dangerous diseases and cures that may be on their way at the time they don’t need it. Do you realize last year the FDA inspected roughly 6,000 of 189,000 food facilities under its jurisdiction? Three percent. Americans eat food imported from 150 countries where they are processed in 189,000 plants, scattered from China to Fiji. But in 2007, the FDA inspected just 96 of those plants.

You pose to the new FDA Commissioner a very dangerous set of policy decisions. Do I not inspect food plants to get this new regulation going today or for the next 6 months? The last salmonella outbreak had 550 illnesses and eight deaths. You will make, today, the FDA Commissioner choose between one more inspection and catching one more bad outbreak of salmonella or stepping up and starting to regulate, in this new way, tobacco at the FDA. The salmonella outbreak cost the industry about \$100 million just for tomatoes last year alone. People are dying because we are not meeting our obligations for food safety. This bill jeopardizes the Commissioner from meeting that core and important element in food safety in the United States.

But that is not all. Chronic pain. We are very close. They have new technology that is getting close to being approved by the FDA. You will make that Commissioner stand up and say, “I’m sorry that you have arthritis and have waited and prayed every day of your life for that cure, that new medicine that is going to alleviate your pain and give you a quality of life. I’m sorry, we have to wait 6 months for that cure.” Six months does mean a lot.

Pediatric cancer, we are very close to some great treatments, some great treatments. If it is your son or your daughter in your family, are you willing to say, let’s wait 6 months for that cure, for that medicine, for that very treatment that may save your life? You make the FDA Commissioner choose when you pass this bill today if we don’t close this loophole. It is not done.

Biologic drugs, we all know how important they are, what kind of cures they can bring, the innovation. They are already hurting economically. You’re telling them, “wait 6 months for that new cure for whatever disease ails you because we want to get this bureaucracy started at the FDA and take some of those resources.” What scientist are we going to ask that Commissioner to remove from the bench to do that study for 6 months to find that cure? That is what we are doing today if we don’t close this loophole.

Alzheimer’s, we have some great cures. But they keep telling us they need additional resources to meet the demands on the new medicines that are coming forward to either alleviate pain or alleviate the disease or slow it or even cure it, God help us all if we can do that soon. But you make the Commissioner decide, today, to stop that research, to stop that process, to slow down the clinical trial so we can institute this new bureaucracy on cigarettes at the FDA.

Some pretty exciting stuff on HPV, cervical cancer is in the works.

The SPEAKER pro tempore. The time of the gentleman has expired.

Mr. ROGERS of Michigan. I will end with this because I can go on and on about all the diseases that mean so much to all of us, a very simple thing, close this dangerous loophole, vote for this motion to recommit, protect the families, stand with them as they pray each night for a cure for their diseases.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore. All Members are reminded to address their remarks to the Chair. All Members are reminded not to traffic the well while other Members are under recognition.

Mr. WAXMAN. Mr. Speaker, I rise in opposition to the motion to recommit.

The SPEAKER pro tempore. The gentleman from California is recognized for 5 minutes.

Mr. WAXMAN. Mr. Speaker, my colleagues, this bill will not divert resources away from other important functions at the Food and Drug Administration. It is fully funded by a user fee from the tobacco industry. And that user fee will fund this effort, and none of the funds to deal with tobacco will come out of other activities at FDA. But there is an exception. In the beginning, until the user fees are collected and disbursed, we want FDA to get going. So we allow the FDA to borrow money, no more than for two quarters, from the general revenue. But they have to pay it back. That is the only use of general revenues that

would be borrowed under this motion to recommit.

Now, the American Cancer Society is supporting our legislation. Would they support our legislation if it diverted the FDA from review of drugs that cancer patients rely on to save their lives? The same is true of all the other health groups that support our bill. They believe this bill accomplishes effective tobacco regulation without diverting the FDA from lifesaving activities that the FDA must undertake.

The bill is supported by 1,000 public health and other groups, including the Heart Association, the Lung Association, the Cancer Society and the American Public Health Association. They would not support this bill if it did what the gentleman from Michigan claims it does, because his claim is inaccurate. And these groups know that. And that is why they are supporting the Waxman-Platts legislation.

Simply put, the Waxman-Platts bill makes absolutely clear that the tobacco program will not detract from FDA's other activities, and we shouldn't delay the regulation of tobacco, which is really the impact of this motion to recommit should it be adopted. We shouldn't delay this long overdue measure based on a misplaced concern about FDA's other resource challenges.

So I would urge my colleagues to vote against this motion to recommit and to vote for the underlying bill.

I yield back the balance of my time. The SPEAKER pro tempore. Without objection, the previous question is ordered on the motion to recommit.

There was no objection.

The SPEAKER pro tempore. The question is on the motion to recommit. The question was taken; and the Speaker pro tempore announced that the noes appeared to have it.

#### RECORDED VOTE

Mr. ROGERS of Michigan. Mr. Speaker, I demand a recorded vote.

A recorded vote was ordered.

The SPEAKER pro tempore. Pursuant to clause 9 of rule XX, the Chair will reduce to 5 minutes the minimum time for any electronic vote on the question of passage.

The vote was taken by electronic device, and there were—ayes 169, noes 256, not voting 6, as follows:

Stated for:

Mr. WU. Mr. Speaker, I rise to inform the House that I missed rollcall No. 187. If I had been present I would have voted "aye" on the final passage of H.R. 1256. Mrs. NAPOLITANO. Mr. Speaker, on Thursday, April 2, 2009, I was delayed in a Congressional Hispanic Caucus meeting and was not able to vote on rollcall No. 187. Had I been present, I would have voted "aye" on passage of H.R. 1256—Family Smoking Prevention and Tobacco Control Act.

Ms. GRANGER. Mr. Speaker, on rollcall No. 187, I inadvertently pressed the "no" button. I meant to vote "aye" on passage of H.R. 1256.

Mr. BISHOP of Georgia. Mr. Speaker, during rollcall vote No. 187 on H.R. 1256, I was unavoidably detained. Had I been present, I would have voted "aye."

Mr. SALAZAR. Mr. Speaker, today the House voted on final passage of H.R. 1256, The Family Smoking Prevention and Tobacco Control Act. I was unavoidably detained and was unable to be here for the vote. Had I been present, I would have voted "aye" on the bill.

Mr. BECERRA. Mr. Speaker, I was detained in an elevator in the Capitol building due to a mechanical malfunction earlier today. As a result, I missed rollcall vote 187 on passage of H.R. 1256, Family Smoking Prevention and Tobacco Control Act. If present, I would have voted "aye."

Mr. LUJÁN. Mr. Speaker, on rollcall No. 187 I was held up in a meeting and unable to vote due to delayed elevators. Had I been present, I would have voted "aye."

Ms. ROYBAL-ALLARD. Mr. Speaker, on rollcall No. 187, due to delayed elevators. I was unable to get to the Chamber in time to vote. Had I been present, I would have voted "aye."

Mr. GRIJALVA. Mr. Speaker, on rollcall No. 187, the elevator was delayed, and I missed the vote. Had I been present, I would have voted "aye."

Ms. VELÁZQUEZ. Mr. Speaker, on rollcall No. 187 I was held up in a meeting and unable to vote. Had I been present, I would have voted "aye."

Mr. LARSON of Connecticut. Madam Speaker, on April 2, 2009, I missed one vote regarding H.R. 1256, the Family Smoking Prevention and Tobacco Control Act. Had I been present, I would have voted "yea" on final passage (rollcall vote 187).

PERSONAL EXPLANATION

Mr. LEVIN. Mr. Speaker, I was unavoidably absent on April 1 during rollcall votes 175 through 182. Had I been present, I would have voted "yea" on rollcall vote 175 to table H. Res. 312; "yea" on rollcall vote 176 on agreeing to H. Res. 305; "yea" on rollcall vote 177 on agreeing to H. Res. 306; "yea" on rollcall vote 178 on passage of H. R. 1575; "yea" on rollcall vote 179 on agreeing to H. Res. 290; "nay" on rollcall vote 180 on agreeing to the Bean amendment to H. R. 1664; and "yea" on rollcall vote 182 on passage of H. R. 1664.

CONCURRENT RESOLUTION ON THE BUDGET FOR FISCAL YEAR 2010

The SPEAKER pro tempore. Pursuant to House Resolution 305 and rule XVIII, the Chair declares the House in the Committee of the Whole House on the State of the Union for the further consideration of the concurrent resolution, H. Con. Res. 85.

□ 1208

IN THE COMMITTEE OF THE WHOLE

Accordingly, the House resolved itself into the Committee of the Whole House on the State of the Union for the further consideration of the concurrent resolution (H. Con. Res. 85), with Mrs. TAUSCHER in the chair.

The Clerk read the title of the concurrent resolution.

The CHAIR. When the Committee of the Whole House rose earlier, 60 minutes of debate remained on the concurrent resolution.

The gentleman from South Carolina (Mr. SPRATT) has 30 minutes remaining and the gentleman from Wisconsin (Mr. RYAN) has 30 minutes remaining.

Who yields time?

Mr. SPRATT. Madam Chair, we resume this morning. When we'd broken off last night, we'd had a lively but civil and spirited debate. There were some things said last night that were just so wildly off the mark that they bear just a minute of consideration to correct the RECORD.

It was said repeatedly that this resolution was about the biggest tax increase in history. In fact, don't take it from me. Look at the CBO. After examining the President's budget, they said it will work out to be a net tax reduction of \$1.7 trillion over a 10-year period of time.

The size of the budget was mentioned several times in the debate. It's enormous, no question about it, but it's partly swollen by virtue of what has happened over the past year in the financial services industry, beginning
