

The bill, as it comes to the floor, will have 14 substantive amendments debated: eight by Republicans; six by Democrats. This rule will provide for ample debate on this important bill and allow Members to vote on many proposals to improve it. The bill is a great example of bipartisan cooperation. It addresses the need for risk-based determinations, surface transportation and biometrics.

I would urge, Mr. Speaker, a “yes” vote on the rule and on the underlying bill. I urge a “yes” vote on the previous question.
