Messrs. ROHRABACHER, ISSA and McCARTHY of California changed their vote from “aye” to “no.”

Ms. ZOE LOFGREN of California changed her vote from “no” to “aye.” So the amendment was agreed to.

The result of the vote was announced as above recorded.

(By unanimous consent, Mr. SHIMKUS was allowed to speak out of order.)

HOOPS FOR HOPE

Mr. SHIMKUS. I will be brief, my colleagues and friends.

You see the trophy here, it's in the middle of the Chamber because this is one of the events where it's a bipartisan game. Last night, the Members of Congress defeated a team from the American League of Lobbyists in the 11th annual Hoops for Hope charity basketball game.

After being pummeled last year, we came roaring back with a surprising 52–39 win. This could not have been possible without the assistance of my co-captain, BRAD ELLSWORTH, and Members JEFF FLAKE, FRANK KRATOVL, TODD TIAHRT, MIKE ARCURI, JOHN BOCCIERI, and Member emeritus KENNY HULSHOF.

I want to thank Visitation High School in Georgetown for their support, winning coach John Thompson from Georgetown, Coach Karl Hobbs from George Washington, Dave Johnson, who is a radio play-by-play announcer from WTO, and the American League of Lobbyists, especially Paul Miller and Dave Weingold.

Over the 11 years of this charity event, we have raised over \$400,000 in money going to Horton's Kids, Servant Christian Community Foundation, St. Anthony's Scholarship Fund, Washington Jesuit Academy, and the Luke Tiahrt Foundation.

I want to thank my colleagues for their support.

□ 1531

So the amendment was agreed to.

The result of the vote was announced as above recorded.

The Acting CHAIR. The question is on the committee amendment in the nature of a substitute, as amended.

The committee amendment in the nature of a substitute, as amended, was agreed to.

□ 1530

The Acting CHAIR. Under the rule, the Committee rises.

Accordingly, the Committee rose; and the Speaker pro tempore (Mr. WEINER) having assumed the chair, Mr. SABLON, Acting Chair of the Committee of the Whole House on the State of the Union, reported that that Committee, having had under consideration the bill (H.R. 3246) to provide for a program of research, development, demonstration and commercial application in vehicle technologies at the Department of Energy, pursuant to House Resolution 745, he reported the bill back to the House with an amendment adopted by the Committee of the Whole.

The SPEAKER pro tempore. Under the rule, the previous question is ordered.

The question is on the amendment.

The amendment was agreed to.

The SPEAKER pro tempore. The question is on the engrossment and third reading of the bill.

The bill was ordered to be engrossed and read a third time, and was read the third time.

MOTION TO RECOMMIT

Mr. BROUN of Georgia. Mr. Speaker, I have a motion to recommit at the desk.

The SPEAKER pro tempore. Is the gentleman opposed to the bill?

Mr. BROUN of Georgia. In its current form, I am.

The SPEAKER pro tempore. The Clerk will report the motion to recommit.

The Clerk read as follows:

Representative Broun moves to recommit the bill H.R. 3246 to the Committee on Science and Technology with instructions to report the same back to the House forthwith, with the following amendment:

Page 7, after line 8, insert the following new subsection:

(e) LIMITATION.—Notwithstanding subsections (a) through (d), this section shall take effect in the first fiscal year—

(1) with respect to which no other funding is authorized by law for the Department of

Energy vehicle technologies research, development, demonstration, and commercial application purposes of this Act; and

(2) that follows any fiscal year in which the actual annual Federal budget deficit did not exceed \$500,000,000,000.

Mr. BROUN of Georgia (during the reading). Mr. Speaker, I ask unanimous consent to dispense with the reading.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Georgia?

There was no objection.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Georgia is recognized for 5 minutes in support of his motion.

Mr. BROUN of Georgia. Mr. Speaker, my motion would seek to improve this legislation by allowing it to take effect at a time when our fiscal house is more in order and at a time when no other taxpayer dollars are being spent on the same activities that are authorized by this bill.

The motion specifies that no money may be spent for the activities authorized under this bill until such time as the funds which are already being spent for these same types of activities under authorizations, such as funds from the Energy Independence and Security Act and the American Recovery and Reinvestment Act, are expended.

Additionally, the legislation specifies that \$2.83 billion authorized under this act is only authorized to be appropriated if we are able to reduce the current deficit to \$500 billion.

Mr. Speaker, it is time to get our fiscal house in order. The American people deserve that. There are at least five major funding programs related to advanced vehicle technologies that the Department of Energy has announced just in the past 9 months. The Energy Independence and Security Act alone has three specific authorized programs that allocate taxpayer dollars in the form of grants or loans for advanced vehicle technologies.

Additionally, the stimulus bill passed earlier this year allocated to the Department of Energy hundreds of millions of dollars for fuel cell production as well as for the production of high-efficiency passenger vehicles and trucks.

Clearly, there is a lot of money out there for programs like this already. Maybe we should look now to take a step backward and remember that we really cannot afford to keep up this level of spending. The consequences for spending without heeding the consequences are staring us right in the face. By adopting this provision I've just laid out for this body, we will finally start to act seriously about bringing down our deficits and about addressing this country's long-term debt.

Mr. Speaker, everybody in this body agrees that energy independence is a key economic and strategic goal, but of even more vital interest to our economic and strategic prospects as a Nation is our ability to show fiscal discipline and to be the stewards of the

people's money that they elected us to be. These commonsense changes to this bill will allow us to exercise some fiscal constraint at a time when we have been literally mortgaging our children's and grandchildren's futures. Their futures depend upon our being fiscally responsible.

My motion to recommit will help move us in that direction. I urge my colleagues to support this commonsense motion to recommit.

Mr. Speaker, I yield back the balance of my time.

Mr. GORDON of Tennessee. I rise in opposition to the motion.

The SPEAKER pro tempore. The gentleman from Tennessee is recognized for 5 minutes.

Mr. GORDON of Tennessee. Mr. Speaker, I share my friend Dr. BROWN's concerns about the deficit. That's the reason that I voted for a pay-as-you-go amendment, and we passed that here in this Congress. Dr. BROWN wasn't here back in the early 1990s.

To remind him, at that time, we had the world's largest deficit. In 1993, we passed a pay-as-you-go amendment, which helped turn that deficit into a surplus where we were actually paying down the deficit. So I hope when that pay-as-you-go bill comes back from the Senate that Dr. BROWN will help us pass that. I will do something about our deficit. Let me address a couple of specific issues.

Again, I share Dr. BROWN's concerns about duplicate programs, and that's the reason, in this bill, we make sure that would not occur.

Title I, section 101(e)—Coordination and Non-Duplication: "In coordinating activities the Secretary shall ensure, to the maximum extent practicable, that activities do not duplicate those of other programs within the Department or other relevant research agencies." This was further laid out on page 17 of the report language. So, duplication, you don't have to worry about it.

This bill is an investment in our energy independence because another threat that this country faces is that of foreign energy cartels. Let me point out just a couple of things: for every 1 percent efficiency gain in the Nation's vehicle fleet, it translates into more than 2 billion gallons of fuel saved annually.

For that reason, this bill is supported and scored by the U.S. Chamber of Commerce and by the National Association of Manufacturers. It is also supported by General Motors, Ford Motor Company, Chrysler, the United Auto Workers, the Motor and Equipment Manufacturers Association, Daimler, Delphi, Caterpillar, the Engine Manufacturers Association, the Alliance of Automobile Manufacturers, the Natural Resources Defense Council, and the Sierra Club because this is a good bill.

Let me give you just one example of what we're trying to do here. There really isn't much research at all in heavy duty vehicles. This is an area in

which we can make enormous savings. Again, one example: there are approximately 900 garbage trucks in the country, but their fuel consumption is equivalent to, roughly, 2.5 million passenger vehicles—90,000 garbage trucks to 2.5 million passenger vehicles. It's estimated that, if we can just put as little as 100 hybrid electric garbage trucks on the road, it will reduce diesel fuel consumption by 7.2 million gallons, which amounts to 1 billion barrels of oil.

So this bill is a bill for investment and energy independence, which is a threat to this country, and we have made sure that there are no efforts to duplicate research any other way.

With that, Mr. Speaker, I yield back my time, and I suggest that we vote down this motion to recommit and stand with the Chamber of Commerce, with the National Association of Manufacturers and with so many other companies in this town.

The SPEAKER pro tempore. Without objection, the previous question is ordered on the motion to recommit.

There was no objection.

The SPEAKER pro tempore. The question is on the motion to recommit.

The question was taken; and the Speaker pro tempore announced that the noes appeared to have it.

RECORDED VOTE

Mr. BROWN of Georgia. Mr. Speaker, I demand a recorded vote.

A recorded vote was ordered.

Pursuant to clause 9 of rule XX, the Chair will reduce to 5 minutes the minimum time for any electronic vote on the question of passage.

The vote was taken by electronic device, and there were—ayes 180, noes 245, not voting 8, as follows:
