## STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. REED (for himself, Mr. DODD, Mr. KERRY, Mr. SCHUMER, Ms. STABENOW, and Mr. KENNEDY):

S. 376. A bill to provide rules for the modification or disposition of certain assets by real estate mortgage investment conduits pursuant to division A of the Emergency Economic Stabilization Act of 2008, and for other purposes; to the Committee on Banking, Housing, and Urban Affairs.

Mr. REED. Mr. President, today I introduce, along with Senators DODD, KERRY, SCHUMER, and STABENOW, the Real Estate Mortgage Investment Conduit, REMIC, Improvement Act. This legislation could provide one of the keys to solving our national foreclosure crisis by unlocking mortgage securitization trusts so that more homeowners can stay in their homes.

In my own state of Rhode Island, 7.30 percent of all outstanding home loans are delinquent and 5.33 percent of all home loans are in the foreclosure process. This is the 10th highest foreclosure rate in the Nation, and the highest in New England. I have heard story after story of how difficult it is to get a loan modified or restructured if it is part of a mortgage securitization pool. As we have learned, part of the reason we are in the worst housing crisis since the Depression is that Wall Street firms packaged mortgages into pools and then sold different tranches of these pools to investors from all over the world. This diverse and convoluted ownership structure has made it difficult to get investor approval to modify or restructure them. Unlike in the movie "It's a Wonderful Life," most families can no longer walk into their local bank to talk to George Bailey about modifying or restructuring their loan.

The Emergency Economic Stabilization Act of 2008 required the Treasury Department to use its new authorities to incentivize servicers toward more loan restructurings. However, it has become clear that additional legislation is needed to free servicers of these loan pools from conflicting requirements regarding modifications and provide them with the ability to sell mortgages to Treasury for foreclosure avoidance.

Many servicers, managing pools of loans for investors, are constrained by the trust agreements from modifying loans to a level that families can afford to pay or from selling the underlying
