

He received numerous awards and honors throughout his working life, including the Governor's Award for Lifetime Achievement in Agriculture, Nez Perce County Grassman of the Year and Nez Perce County Outstanding Farm Citizen.

Peter's love of farming, the mountain pastures he called home, and his family was well-known to many. In his contributions to the community and to Idaho agriculture, he touched many lives, working hard and providing strong, principled leadership. Peter will certainly be missed. I offer my condolences to Peter's wife, Pat, and their family at this difficult time.●

HONORING THE LET'S GET READY PROGRAM

● Mr. KERRY. Madam President, Fenway Park, America's most beloved ballpark, will play host to a different collection of superstars on April 30: the young people from cities across Massachusetts including Boston, Brockton, Lawrence, Springfield and Worcester, whose achievements are not measured in batting average or RBIs or All Star Game selections; but in SAT scores, GPA and college acceptance letters.

These young people measure their success by the number of lives they change, the number of young people they help get into college, and the dreams they help make real for hundreds of Massachusetts high school students each year.

Tonight at Fenway Park, you will not find Josh Beckett or Dustin Pedroia or Kevin Youkilis. But you will find Pat Johnson and tonight, to the people at Fenway, he is every bit the superstar David Ortiz is.

Patrick is the incoming Boston College Site Director for Let's Get Ready or LGR, an organization relying wholly on the generosity, compassion and selflessness of college students that guides low-income high school students through the dizzying and daunting college admissions process. He is joined at Fenway tonight by LGR's other volunteers and supporters and by the students and families they work so hard to help.

The college students who volunteer with LGR serve as coaches. These college coaches provide SAT preparation and assistance with all aspects of the college application process to underserved students in five Massachusetts communities. The college application process has become a multimillion-dollar industry and too often low-income students find themselves at a disadvantage. They can not afford the private SAT tutors or professional personal essay advisers more affluent high school students take advantage of. Commercial prep courses cost anywhere from \$1,200 to \$5,000; LGR has a direct cost of only \$500 per student.

That \$500 goes a very long way. LGR helps to level the playing field and ensure the remarkable opportunities that can come from a college education are

not reserved for the well-to-do or well-connected. And level the playing field is exactly what the LGR coaches do. Ninety-two percent of LGR students go directly to college after high school, compared to 47 percent of low-income students nationally. LGR students increase their SAT scores an average of 110 points. LGR has provided support to over 7,500 high school students and engaged over 3,500 college students in meaningful service learning experiences.

I commend Pat and all the superstar LGR coaches at Fenway Park tonight and I thank them for their efforts to ensure no hardworking student with a dream of a college education is left on the sidelines.●

GRAND OPENING OF NUCOR CORPORATION'S DETAILING CENTER

● Mr. NELSON of Nebraska. Madam President, today I wish to recognize a major business expansion in my home State of Nebraska which will serve as an inspiration for all businesses struggling in the face of this economic recession.

The Nucor Detailing Center will celebrate its grand opening on May 1, 2009, in Norfolk. This is a state-of-the-art facility operated by Nucor Corporation, a Fortune 500 Company and national manufacturer of steel products.

Nucor's story is an impressive one. Nationally, Nucor has 20,000 employees; more than 900 of them are in Norfolk, NE. Despite a downturn in America's economy which has hit the steel industry especially hard, Nucor practices a no-layoff policy and has not closed any of its plants.

In fact, in Nebraska, Nucor is expanding with the opening of its Nucor Detailing Center. The Detailing Center is the fourth Nucor division to locate in Norfolk, which is the only city in the world claiming four Nucor divisions.

The Nucor Detailing Center started as a small group with just seven employees. Today, it employs 70 teammates with plans to grow to 200 in the near future. This grand opening, in the midst of an economic crisis, the likes of which our country has not seen since the Great Depression, is a testament to the indomitable spirit of the American businessman and to Nucor's belief in a return on its investment in its most valuable resource—workers.

Nucor has gained a reputation as North America's largest recycler and as a company which puts an emphasis on safety, the environment and social responsibility. Now, Nucor is adding to that reputation by being able to expand and excel even during troubled economic times.

Congratulations to Nucor Detailing Center on its grand opening! Nebraska is proud to have Nucor Corporation as one of our fine corporate citizens.●

LAFORCHE PARISH POLICE SOCIAL SERVICES SECTION

● Mr. VITTER. Madam President, today I wish to recognize and pay tribute to the heroic men and women of

the Police Social Services Section, PSS, of Lafourche Parish, LA, for their victim advocacy, courage, Federal leadership, and professional innovation in victim services. I would like to take some time to make a few remarks on their tireless efforts and work on behalf of crime victims.

National Crime Victims' Rights Week will be observed from April 26 to May 2, 2009. This year marks the 25th anniversary of the passage of the Victims of Crime Act of 1984, which created the Office for Victims of Crime and is responsible for nearly \$7 billion in support for crime victim compensation, assistance, and other programs that serve victims. On Thursday, April 23, Attorney General Holder will preside over a national candlelight observance and will join victims, victim advocates, criminal justice professionals, and members of the public to remember crime victims and reflect on progress made in improving victims' rights.

On Friday, April 24, the PSS of Lafourche Parish will receive the Award for Professional Innovation in Victim Services. Team members include: LT. Karla S. Beck, Ms. Deanna Dufrene, SGT. Valerie Day, Deputy Dale Savoie, Deputy Walter Tenney, Deputy Delaune Boudreaux, Advocate Tamera Joseph, Deputy Rebecca Shaver, Deputy Amy Guillot, Deputy Pam Guedry, and Reservist Bernard Lafaso. The team is unique in their innovative and significant efforts on behalf of victim services. The PSS Elderly Services Officer is a devoted, full-time, extensive case manager, visiting the local nursing home and community Council on Aging groups to provide assistance, services, and education to older victims, their family members and caregivers. They also implemented the Crime Victims with Disabilities Program to address victims with disabilities, and also developed a model curriculum, "Beyond the Barriers: Crisis Intervention Training," that has been used to educate law enforcement personnel throughout Louisiana. They were also awarded a grant in 2007 to establish Supervised Visitation Centers—a safe space for children to transition from one parent to another. Due to PSS, the Sheriff's Office has received numerous awards and national and State recognition. PSS started with one full-time deputy and one volunteer. Today, PSS has 12 full-time deputies, two auxiliary deputies, two volunteers, and administrative support, all of whom work together to improve the lives of victims in the aftermath of crime.

Today, I applaud the Lafourche Parish Sheriff's Office for being honored by the Department of Justice for their victim advocacy and thank them for their continued service to the people of Louisiana and the rest of the Nation.●
