

the student, teaching methods can include intensive individualized instruction, problem-solving assignments, and small-group work. Special education teachers ensure that appropriate accommodations are provided, such as having material read orally, or lengthening the time allowed to take the test for students who need special accommodations to learn the general curriculum or to take a test. In some cases, teachers also provide students with career counseling or help them learn life skills, such as balancing a checkbook.

Helping these students can be highly rewarding and gratifying for the teacher, but the work also can be emotionally demanding and physically draining. Teachers are often consumed with paper work and burdened with a heavy workload—not to mention administrative responsibilities. The teacher is responsible for assessing the student's progress toward gaining the knowledge necessary to pass the course as well as consider the students' progress coping with their learning disability.

I applaud the steadfastness of all teachers for their diligence in teaching our youth and preparing them for the future. I am grateful for special educational instructors, who not only must deal with the curriculum of a classroom, but must also manage all of the other factors that may impede learning. Because of this, I strongly support H. Con Res. 284 and I encourage my colleagues to join me.

RECOGNITION OF DENNIS GUEST FOR DISTINGUISHED SERVICE

HON. MARY JO KILROY

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 30, 2010

Ms. KILROY. Madam Speaker, I rise today to recognize Dennis Guest, Executive Director of the Columbus Metropolitan Housing Authority (CMHA), as he retires from a lifelong career as an affordable housing advocate. During 24 years at CMHA, Dennis supervised 250 employees administering Housing Choice Vouchers for approximately 12,500 families, distributing over \$77,000,000 to rental property owners, and managing 3,147 apartments in Franklin County, Ohio.

Dennis facilitated the Rebuilding Lives Initiative and fostered partnerships with the City of Columbus, Franklin County, Community Shelter Board, United Way, ADAMH Board, and other non-profit organizations to provide the best housing and supportive services to 34,000 residents. As a result of his hard work and dedication, CMHA is strategically positioned for success well into the future.

Prior to this position, Dennis served as the Director of Housing Management at the San Francisco Housing Authority and the Executive Assistant at the Oakland Housing Authority. He was also a VISTA Volunteer at the Seattle Housing Authority and Assistant Public Housing Manager in Detroit, Michigan.

Devoted to public service, Dennis sits on the Funders Collaborative of the Community Shelter Board, Joint Columbus and Franklin County Housing Advisory Board, Housing Vision Council of United Way, and is President of the Assisted Housing Services Corporation.

I ask my colleagues to please join me in wishing Dennis and his wife Bernadette a happy retirement after years of dedication to

the affordable housing needs of Columbus and Franklin County, Ohio.

HONORING THE CITY OF CHANDLER

HON. JEB HENSARLING

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 30, 2010

Mr. HENSARLING. Madam Speaker, today I would like to recognize the City of Chandler on its 50th anniversary of incorporation on July 10th.

Alphonso Chandler and his brother Haskell moved their families from Georgia to the area located between Kickapoo Creek and the Neches River in 1859. As one of the first settlers in the area, Alphonso built a general store on his property. A U.S. Post Office was added in 1873, under the name of Stillwater. The Cotton Belt Railroad later made its way to the area in 1880, and Mr. Chandler deeded land to the Texas and St. Louis Railroad for tracks and a depot. Mr. Chandler also donated property for schools, churches and a cemetery. A new community grew around the railroad.

What many may not know is that Chandler is the birthplace of Senator Ralph Yarborough who represented Texas in the U.S. Senate from 1957 to 1971. Many of his personal and public effects can be found at the Chandler Public Library.

Chandler has become a gateway to Lake Palestine, a beautiful body of water that is home to many migratory birds and waterfowl, as well as great fishing and recreational boating. Traveling on South FM 315, one might catch a glimpse of our nation's emblem, the bald eagle, soaring over the lake.

Chandler is a growing community and its citizens live by its motto, "City with a Heart." I would like to congratulate the City of Chandler on its 50th anniversary of incorporation and recognize its citizens, both past and present, who have given so much to build a vibrant community.

AFFORDABLE HEALTH CARE FOR AMERICA ACT

SPEECH OF

HON. CAROLYN B. MALONEY

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 24, 2010

Mrs. MALONEY. Madam Speaker, I rise in support of H.R. 3962, which will protect patient access to their doctors and prevent a 21 percent cut in Medicare payments to doctors, and also boost physician payments by 2.2 percent through November 30.

Congress has spent the last decade—under both Republican and Democratic leadership—overriding the Sustainable Growth Rate, SGR, formula to prevent America's doctors from facing pay cuts in Medicare and to ensure seniors can keep their doctor.

Last November, the House passed H.R. 3961, the Medicare Physician Payment Reform Act, permanently fixing the SGR. Democrats have long recognized that this formula is fundamentally flawed and have been working

to fix it only to be stymied by Republicans in the Senate. This bill, though necessary, will require Congress to review the formula again in December when the current fix expires.

Temporary fixes are not the answer. We must have a permanent solution to this problem to protect our Medicare patients and retired military veterans.

I urge my colleagues to work toward a permanent fix of the Sustainable Growth Rate.

HONORING SERGEANT DAVID PARKS

HON. FORTNEY PETE STARK

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 30, 2010

Mr. STARK. Madam Speaker, I rise today to recognize Sergeant David Parks's 31 years of exemplary service in law enforcement, in honor of his retirement from the Newark, California, Police Department.

Sergeant Parks began his law enforcement career as a 2-year public safety officer with the Brisbane Department of Public Safety. He was then hired as a police officer with the Newark Police Department in September 1981, where he served for 29 years.

As a police officer at the Newark Police Department, Sergeant Parks served 1 year as a fraud detective and 3 years as a Crimes Against Persons detective. In July 2004, he was promoted to the rank of sergeant and served in a variety of positions including patrol sergeant, community safety team sergeant, and detective sergeant.

During his tenure with the Newark Police Department, Sergeant Parks had held many collateral duties such as field training officer, FTO; FTO Sergeant, criminal evidence response team, CERT, member; CERT supervisor; trauma response team; traffic officer; acting sergeant; SWAT team member; Alameda County arson task force member; and composite sketch artist.

I join the City of Newark in expressing appreciation for Sergeant Parks's leadership and commitment during his service in the Newark Police Department. I rise to thank him for his stewardship for public safety and wish him well in his retirement.

HONORING SCOTT URBAN

HON. TIMOTHY J. WALZ

OF MINNESOTA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 30, 2010

Mr. WALZ. Madam Speaker, I rise today to recognize the accomplishments of Scott Urban, a teacher from Mankato West High School in Mankato, MN.

Scott was one of two recipients this year to receive the Minnesota WEM Foundation Outstanding Educator Award for Teacher Achievement.

This award recognizes exemplary teachers who support, inspire and assist students to attain greater learning. The recipients of this award are nominated by students, parents, colleagues, and community members—the people who know the difference a good teacher can make.

As a teacher on leave from Mankato West, I have had the honor to teach with Scott.

I've seen how Scott's passion for teaching and outstanding leadership inspires students to achieve their true potential. He encourages students to learn the material not for a test, but to increase their knowledge and shape their world view.

Scott's success with students is truly unmatched. Over the past 11 years at Mankato West, students in his AP government and politics class have maintained an 80 percent pass rate on the national AP exam, well above the state and national averages. Last year, 85 students took the exam in his class and 46 achieved the highest possible score, five out of five.

Students in Scott's advanced placement government and politics class come away with a superior knowledge of our political system and a deep appreciation for our democracy.

For 27 years Scott has challenged every student that walks into his classroom to go beyond what is expected. His efforts have impacted a generation of students and we in Minnesota are lucky to have him. I can think of no one else who deserves this award as much as he does.

Madam Speaker, please join me in honoring Scott Urban for his life of dedication and service to his community and his country.

BP DEEPWATER HORIZON OIL SPILL

HON. JOHN J. HALL

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 30, 2010

Mr. HALL of New York. Madam Speaker, the tragic BP Deepwater Horizon oil spill in the Gulf of Mexico has cost the nation billions of dollars in economic damages to the United States, as well as widespread devastation of our natural resources. There is an immediate need to act—to stop the leak, clean up the oil, and repair our fragile economy and ecosystem. But we will be making an irreparable mistake if we do not take this opportunity to examine our energy needs for the future.

Historians will look back on this era as a turning point. The BP disaster and its resulting damage to our economy and to nature will reshape Americans' support for renewable energy versus continued dependence on oil.

It is impossible for us to comprehend the magnitude of the oil spill in the Gulf; we may not be able to calculate the true costs for years. But in the midst of unprecedented tragedy, we see hopeful signs of change.

The military—one of the largest users of energy—is looking at alternative sources of power. In my district in New York's Hudson Valley, the United States Military Academy at West Point is beginning to use solar and wind energy.

Renewable energy is being produced in other places unimaginable not long ago. More than 1,300 billboards in Florida will be converted to solar and wind energy by the Lamar Advertising Company. This is notable because it showcases renewable energy as a practical and accepted corporate solution.

Further, billboards are visible. The solar panels and small wind turbines will create awareness about renewable energy, sending a

message that renewable energy is not some far away idealist dream. It's doable, and it's doable now.

The kilowatt production from this project will be significant. Just as important, the hardware is made in the United States. In Times Square, office equipment provider Ricoh just completed a solar-powered electronic billboard. Hardware came from companies based in California, Ohio, and Rhode Island.

Renewable energy is a growth industry here at home. In my congressional district, a solar-cell company moved into existing manufacturing space, which had been vacant. Where did the previous jobs go? China.

My congressional district is also home to SpectraWatt, which has started to manufacture advanced silicon photovoltaic cells at the Hudson Valley Research Park in Hopewell Junction, NY. When I toured this facility with Labor Secretary Hilda L. Solis in late March, 60 people were on the payroll. Since then, nine additional employees have been hired and additional hires are expected soon.

As we ponder the sobering consequences of the BP oil spill in the Gulf, I ask my colleagues to not only look at our immediate crisis, but to also consider an energy policy that spurs the development of renewable technologies. As we invest in renewable energy and rebuild our energy infrastructure, we can also boost our manufacturing base and create a broad array of quality jobs. Now is the time to rebuild: our economy and our environment depend on us.

HONORING JOHN BRYANT BEALL, SR.

HON. JEB HENSARLING

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 30, 2010

Mr. HENSARLING. Madam Speaker, today I would like to recognize Mr. John Bryant Beall, Sr. Mr. Beall is a World War II veteran who will finally receive a significant military honor at the Edom July 4th Celebration.

President Coolidge once said, "A nation which forgets its defenders, will itself soon be forgotten." I am proud of Mr. Karl Little, who helped Mr. Beall realize this honor, and everyone who is taking the time on Independence Day to honor him.

Mr. Beall will be awarded the Bronze Star Medal during a ceremony on July 4th. He joined the U.S. Army in February of 1943 and reached the rank of Private 1st Class before his discharge in November of 1945. Mr. Beall served on the front lines of combat in two campaigns in Central Europe.

Mr. Beall was one of five brothers that were raised in Edom. Mr. Beall, along with three of his brothers, served in World War II, while his oldest brother was too old to serve in the military. It is certainly a testament of courage and patriotism for the Beall family to risk so much in the defense of our nation.

I would like to take this opportunity, on behalf of the entire 5th Congressional District of Texas, to thank Mr. Beall and his family for their service to our country. We should be eternally grateful for our servicemen and women in the past and present who have fought to preserve liberty for our generation and generations to come.

HONORING THE BICENTENNIAL OF THE IRON AND STEEL INDUSTRY IN COATESVILLE

HON. JIM GERLACH

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 30, 2010

Mr. GERLACH. Madam Speaker, I rise today to recognize the 200th anniversary of the oldest, continuously operating steel mill in the United States located in Coatesville, Chester County, Pennsylvania.

During the last two centuries, men and women of great character, tremendous ingenuity and bold leadership have contributed to the longevity and success of Coatesville's iron and steel industry, which helped sustain a community and fueled America's growth and prosperity.

The steel mill that Isaac Pennock established on the banks of the Brandywine River in the early 19th Century developed into an industrial complex that housed the world's largest plate mill thanks to the efforts of Dr. Charles Lukens, Rebecca Lukens and several generations of leaders. Today, the world's largest steel producer, ArcelorMittal, operates the facility and employs 820 men and women there.

The plant is responsible for several historically significant achievements. Rebecca Lukens is recognized as America's first female chief executive officer. In addition, the rolling plates for the *Cordorus*, the first iron-hulled vessel, and the *Nautilus*, the first nuclear submarine, were manufactured at the facility. More recently, the "steel trees" from the World Trade Center, which stood tall after the September 11, 2001 attack, returned home to Coatesville where they were manufactured.

Dedicated employees with work ethics as strong as the steel plates they forge also have been integral to the success of the plant. These highly-skilled and extremely motivated workers have helped the industry adapt from an era of steam locomotives and iron-hulled vessels to an era of nuclear submarines and specialty steel products.

Madam Speaker, I ask that my colleagues join me today in honoring the 200th anniversary of the iron and steel industry in the City of Coatesville and recognizing the exemplary effort of employees, past and present, to produce world-class products and an enduring legacy for the City.

PERSONAL EXPLANATION

HON. PETER J. VISCLOSKY

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 30, 2010

Mr. VISCLOSKY. Madam Speaker, on Tuesday, June 29, 2010, I was absent from the House and missed rollcall vote 401.

Had I been present for rollcall 401, on a motion to suspend the rules and pass, as amended, H.R. 5623, the Homebuyer Assistance and Improvement Act, I would have voted "aye."
