

He was the beloved son of James Cochran and Linda Dennis. He also was a role model for his three younger siblings.

Today, as we celebrate the life and accomplishments of this exceptional Kentuckian, my thoughts and prayers are with Specialist Wright's family and friends.

We are all deeply indebted to Specialist Wright for his service and his sacrifice.

HONORING BLUE DIAMOND GROWERS

HON. DENNIS A. CARDOZA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 28, 2010

Mr. CARDOZA. Madam Speaker, I rise today to recognize Blue Diamond Growers, celebrating 100 years of quality service, both domestically and worldwide.

The seed for this American icon was planted on May 6, 1910, by 230 California almond growers, forming the California Almond Growers Exchange, a cooperative created to establish a market for quality almond production.

Sixty percent of California's almond growers joined the cooperative, giving birth to America's first almond brand, the Blue Diamond, named after the world's rarest and most precious of gems, a true symbol of quality.

In an effort to expand Blue Diamond's commitment to innovation and quality, the Blue Diamond forefathers made their first voyage to Italy and Spain, in 1917, to share cultural and marketing information. This marked the first promotion by an American cooperative to provide almonds to a foreign market. Soon after, Spain would become a leading market for California almonds.

Blue Diamond established a partnership with the Federal government in 1928 to obtain better rail rates, thus facilitating the first speech in America aboard a train headed cross country about the importance of equitable almond prices.

With continuing commitment to innovation, integrity, and satisfaction of customer needs, Blue Diamond developed the first cellophane bag to package almonds. The company funded the first nutritional research program, establishing almonds as a viable source of protein and energy. As a result, almonds are now an essential source of food in the Federal School Lunch Program.

Continually searching for new ways to make almonds enjoyable and fun, Blue Diamond introduced the first almond snack, Smokehouse Almond, an American favorite for airline passengers.

In 1950, Blue Diamond established the Almond Board of California, a federal marketing order, which helped to collect market information by funding research and promoting California almonds.

With a commitment to quality and a desire to provide for almond lovers everywhere, Blue Diamond led the way in opening the Japanese market and established its first foreign office in Japan in the 1950s.

Blue Diamond exported California almonds to Russia when it was still known as the Soviet Union. In the 1970s, Blue Diamond provided the Indian market with California almonds, a relationship that still exists today. India now imports over \$100 million dollars of

California almonds, making almonds the number-one U.S. export to India.

Blue Diamond is currently expanding the almond market in China, which ranks among the largest in the world for California almonds.

From Blue Diamond's modest beginnings as a small industry of three million pounds of almonds in 1910, California is now producing more than 1.65 billion pounds and 80 percent of the global supply. Blue Diamond's business has grown to nearly \$1 billion dollars with over half of the state's almond growers owning the cooperative.

Due to Blue Diamond's diligence and commitment to quality, almonds are now California's largest food export and rank as the largest tree crop in the world. Blue Diamond represents the best of the American entrepreneurial spirit and its products have become ingrained in many aspects of Americans' lives. It is a privilege to honor Blue Diamond Growers for its 100 years of leadership in developing and promoting the California almond industry both domestically and abroad.

LI-ION MOTORS CORP "WAVE II" X PRIZE WINNER

HON. PATRICK T. McHENRY

OF NORTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 28, 2010

Mr. McHENRY. Madam Speaker, on September 16, 2010, the X PRIZE Foundation, an educational nonprofit prize organization, and Progressive Insurance, awarded a total of \$10 million to three teams who successfully completed the rigorous Progressive Insurance Automotive X PRIZE competition. Among the three winning teams was Li-ion Motors Corp. in my district. Li-ion Motors emerged from an original field of 111 competing teams, representing 136 vehicle entries from around the world. The winning vehicles were showcased to an audience of individuals from the auto industry, national and international businesses, and U.S. government leaders.

Li-ion Motors' design of the "Wave II" was awarded \$2.5 million for the Alternative Side-by-Side Class category. The two-seat battery electric car was built on a lightweight aluminum chassis and weighed in at only 2,176 pounds, despite the weight of its powerful lithium ion batteries. The Wave II demonstrated outstanding low mechanical and aerodynamic drag that resulted in 187 miles per gallon equivalent, MPGe, in combined on-track and laboratory efficiency testing, and a 14.7 second zero-to-60 mph acceleration time. The vehicle also has a range of 100 miles in a real-world driving cycle.

This is a great day for all the individuals who work at Li-ion Motors and helped achieve this amazing accomplishment. This company is now eligible for a U.S. Department of Energy program that will help ready highly efficient vehicles for introduction to the U.S. market.

SUPPORTING ARMS SALE TO TAIWAN

HON. PETE SESSIONS

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 28, 2010

Mr. SESSIONS. Madam Speaker, I rise today to express my strong support for strengthening the bilateral relationship the United States has with Taiwan. Taiwan is an important ally and trading partner, and we must continue to support its defense.

Taiwan faces a continuous threat from the People's Republic of China, PRC, and must be capable of defending itself in the event of an attack. Section 2(b)(4) of the 1979 Taiwan Relations Act, which is the cornerstone of United States-Taiwan relations, declares that it is the policy of the United States "to consider any effort to determine the future of Taiwan by other than peaceful means, including by boycotts or embargoes, a threat to the peace and security of the Western Pacific area and of grave concern to the United States." Section 3(b) of the Act stipulates that both the President and Congress shall determine the nature and quantity of defense articles and services that Taiwan needs.

On January 29, 2010 the Obama Administration announced to Congress a planned arms package to Taiwan totaling \$6.4 billion. The package included 114 Patriot PAC-3 missiles, 60 Black Hawk helicopters, 12 Harpoon missiles for training purposes, two Osprey class refurbished mine hunters, and military communication equipment. This package was extremely significant and will help ensure the security of the Taiwan Strait. However, this package did not include the 66 F-16 fighter aircrafts, which were requested by Taiwan in 2006. I request that the Obama Administration give full, prompt, and fair consideration to Taiwan's request for the F-16 fighter aircrafts.

HONORING AND CELEBRATING THE 50TH WEDDING ANNIVERSARY OF VAN P. AND MARGARET SMITH

HON. MIKE PENCE

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 28, 2010

Mr. PENCE. Madam Speaker, I rise today to honor Van P. and Margaret Smith—of Muncie, Indiana—on the extraordinary occasion of their fiftieth wedding anniversary. Their dedication to one another, their family, their friends, and their community is a shining example of the foundational values which have made this nation great.

Margaret Ann Kennedy, born October 27, 1934, in Chicago, Illinois, moved to Muncie with her family as a young girl. There she attended Muncie Central High School and graduated from Ball State University in 1956 with a degree in Education. She went on to teach at Washington Elementary School in Muncie from 1956 to 1961.

Van P. Smith was born on September 8, 1928, in Oneida, New York. He graduated from Colgate University with a degree in Public Administration and Economics in 1950, and from Georgetown University with a Doctor of Jurisprudence in 1955. He has also received

honorary doctorate degrees from Ball State, Colgate, Indiana State, and Vincennes Universities as well as the Catholic University of America.

Van and Margaret met through mutual friends and were married on November 19, 1950. They made their home in Muncie, Indiana, where they continue to be active members of the community. The Smith's have a large and loving family, including five children and nineteen grandchildren. Margaret has been a loving and tirelessly devoted spouse, mother, and grandmother, while Van has been the leader and captain of their tight knit family.

Both Van and Margaret have given back to their local community for decades now, and I cannot praise them enough for their many generous charitable gifts. Margaret remains active with St. Mary's Parish, Tri Kappa Sorority, and the Harvest Soup Kitchen. For over 50 years, Van served as an owner and executive leader of Ontario Corporation, employing hundreds of Hoosiers. He was also instrumental in purchasing the Sherry Laboratories unit, where he still reports for work daily at the age of 82. He is recognized by community and business leaders as a respected and honored entrepreneur, dedicated to faith, family, and integrity. His accolades and achievements, though too numerous to list in this brief tribute, have had an immeasurable impact on not only my congressional district, but the entire state of Indiana and beyond. Perhaps most moving to me is the influence that Van and Margaret Smith have had on my life and on my family. My history with Van and Margaret goes back many years, and not only are they dear friends, but they have been a source of great guidance to me; words are inadequate to relay the depth of gratitude I feel for them both. The Good Book tells us that "the fear of the Lord adds length to life," and it is clear that the Lord has had His hand on this remarkable couple. Their contribution is indeed impressive on a local, state, national, and international level. However, their defining characteristic is the depth of their humility and the breadth of their generosity. As is evident to all who are fortunate to know them, Van and Margaret have strived to live their lives honoring to God, family, friends, and their community with integrity and character.

Madam Speaker, I again congratulate Van and Margaret Smith on their fifty wonderful years of marriage and humbly thank them for their years of community service and friendship. I honor and applaud them for their dedication and generosity and pray God's best for them and their family.

REMEMBERING AND HONORING
MR. JOHN HARWOOD OF ST.
LOUIS, MISSOURI

HON. W. TODD AKIN

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 28, 2010

Mr. AKIN. Madam Speaker, I rise today to honor John Harwood of St. Louis, Missouri.

On Saturday, September 25th, 2010 John Harwood passed into eternity. Mr. Harwood lived an exemplary life of service. He dedicated over a quarter of a century to helping fellow men live lives based on spiritual principles. He assisted many with the develop-

ment of personal character based on humility, faith, love and service. Mr. Harwood was known as a tough man, who had the courage of his convictions and unique powers of persuasion. Yet, he had a deep sense of service and dedication to fellow human beings. Mr. Harwood often stated that one of the secrets of life is to "learn to love another human being." He exemplified this philosophy in his own life, every day, as he held out his hand to many who needed a little experience, strength and hope on the way to a better way of being.

I ask my colleagues to join me in honoring John today.

IN HONOR OF THE LEBANON REGIONAL FFA CHAPTER FOR PLACING SECOND AT THE EASTERN REGIONAL FFA DAIRY PRODUCTS CONTEST AND QUALIFYING FOR NATIONALS

HON. JOE COURTNEY

OF CONNECTICUT

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 28, 2010

Mr. COURTNEY. Madam Speaker, I rise today to honor Lyman Memorial High School students Rachel Mackewicz, Kelly Pestey, Erin White and Emily Von Edwins. I want to offer my congratulations to these students who placed second at the Eastern Regional FFA Dairy Products Contest on September 18, 2010.

These students, along with their faculty advisor Mrs. Brenda Wildes, honorably represented themselves, their family and their community at the Eastern Regional FFA Dairy Products contest. By finishing in second place, the team not only placed higher than any previous Lebanon FFA team, but also qualified to compete for the national title at the National FFA Convention.

Since it was founded in 1928, The Future Farmers of America has promoted agricultural education for millions of students across the country. FFA's commitment to bringing students, teachers and agribusiness together helps to ensure that each generation of our nation's leaders comes equipped with the agricultural understanding necessary to lead our country. Last summer, I was fortunate enough to meet with some of these impressive young leaders at the Connecticut state FFA convention and saw firsthand the important impact the FFA has on middle and high school students across the country.

It is important to highlight the important role the FFA and this team of students in maintaining our rural heritage and promoting the agricultural ideals that serve as the backbone of our country. I ask all of my colleagues to join with me, and the people of Connecticut in recognizing the Lebanon Regional Future Farmers of America Chapter for their achievement and wishing them good luck at the national competition.

IN MEMORY OF ROBERT U.
CASSEL, WORLD WAR II VETERAN

HON. ROBERT E. ANDREWS

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 28, 2010

Mr. ANDREWS. Madam Speaker, I rise today to honor the life and memory of Robert U. Cassel of Mantua Township, New Jersey, who died September 1st, 2010 at the age of 95. A longtime resident of Gloucester County, Mr. Cassel has left a legacy of dedication and commitment to his community.

Mr. Cassel was born in Philadelphia and graduated from Woodbury High School in 1932. An avid learner, Mr. Cassel continued on to Lebanon Valley College to study biology, leading to his career as a chemist with the Mobil Corporation.

During World War II, Mr. Cassel's supervisor advised him that he was exempted from the draft as a result of the importance of his position. Understanding the call of his country, he ignored that exemption and entered the 94th Infantry Division, arriving in France three months after D-Day. He later became a battalion operations officer in the 301st Infantry Regiment. In that position, he was awarded two Bronze Stars for helping fellow battalion members escape a trap that could have destroyed the unit. During his service, Mr. Cassel collected several battle artifacts that he shared at veteran events and Veterans Day presentations at schools. He later donated these items to the University of Georgia. Until recently, he was also the editor of the Hoodlum News, a quarterly newsletter for the 301st Infantry Association.

Combining his passion for nature with his dedication to the community, Mr. Cassel was a founding member of the Gloucester County Nature Club in 1949. Furthermore, Mr. Cassel embodied a spirit of volunteerism, dedicating his time to the Battleship New Jersey Museum and Memorial, the Mennonite relief warehouse in Lancaster County, and the Boy Scouts of America.

He is survived by his wife Carol and his two daughters, Claire Cassel and Judith Cassel Williams, as well as three grandchildren, two great-grandchildren and a sister. Mr. Cassel is predeceased by his first wife, Eve.

Madam Speaker, Robert U. Cassel's endless dedication to Gloucester County and our country should not go unrecognized. I express my sincere condolences to his family for their loss and pay tribute to the memory of this exceptional man.

A TRIBUTE TO JWCH INSTITUTE
ON THE OCCASION OF THE NON-
PROFIT ORGANIZATION'S 50TH
ANNIVERSARY OF PROVIDING
QUALITY AND AFFORDABLE
HEALTH CARE TO THE COUNTY'S
UNDERSERVED COMMUNITIES

HON. LUCILLE ROYBAL-ALLARD

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 28, 2010

Ms. ROYBAL-ALLARD. Madam Speaker, I rise today to recognize the John Wesley Community Health Institute—also known as the
