THE CONGRESSIONAL YOUTH ADVISORY COUNCIL: A LEGACY OF SERVICE

HON. SAM JOHNSON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 27, 2010

Mr. SAM JOHNSON of Texas. Madam Speaker, I ask my fellow colleagues to join me in congratulating the 2009–2010 Congress-

sional Youth Advisory Council. This year 45 students from public, private, and home schools in grades 9 through 12 made their voices heard and made a difference in their communities, their country and their Congress. These students volunteered their time, effort, and talent to inform me about the important issues facing their generation. As young leaders within their communities and their schools, these students boldly represent the promise and the hope we all have for their very bright future.

President Ronald Reagan said, "Freedom is never more than one generation away from extinction. We didn't pass it to our children in the bloodstream. It must be fought for, protected, and handed on for them to do the same, or one day we will spend our sunset years telling our children and our children's children what it was once like in the United States where men were free."

To ensure that the blessing of freedom is passed from one generation to the next, the members of the CYAC spent time interviewing a veteran and documenting the experience for the "Preserving History Project." Today I'm proud to submit the brief summaries provided so the patriotic service of our dedicated veterans and the thoughtful work of the CYAC may be preserved for antiquity in the CONGRESSIONAL RECORD. A copy of each submitted student summary follows.

To each member of the Congressional Youth Advisory Council, thank you for making this year and this group a success. It is not a coincidence that this congressional tribute celebrates two generations of service. Each of you is trusted with the precious gill of freedom.

You are the voices of the future and I salute you. God bless you and God bless America.

The summary follows:

Charlie O'Reilly was inducted into the United States Army in Kansas City and completed Basic Army Training at Camp Chaffee, Arkansas. Charlie received badges for hours shooting proficiency. After completing his training at Camp Chaffee, Charlie was ordered to report for duty at Andrews Air Force Base, Washington D.C. He was assigned to the 601st AAA Battalion. Their mission was the defense of the Washington, D.C. area. In addition to his normal duties, Charlie was required to serve periodically in the control center where he would plot the position of aircraft around the military District of Washington. Charlie entered the Army as a Buck Private (E1) and when transferred from active duty to the army reserves he held the rank of an E4 (SP3/CPL). He completed his active duty service and was transferred to Fort George G. Meade, Maryland where he was released from active duty and transferred to the United States Army Reserve where he served for an additional six years before receiving his Honorable Discharge. Through my interview I learned of my grandfather's times and memories as a "troop." I learned that there is always hope for better days; that believing in yourself is a quality you must develop and once pursued should truly be cherished. Hope, faith, endurance, and happiness are key necessities for not only doing well in the military but surviving our society today. My grandfather learned many great lessons in the Army and over-all experienced a life-changing experience that he will value forever.—Tara O'Reilly

HONORING BEN DAVIS HIGH SCHOOL'S GIRLS BASKETBALL TEAM

HON. ANDRÉ CARSON

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 27, 2010

Mr. CARSON of Indiana. Madam Speaker, I would like to recognize and commend the Ben Davis High School Lady Giants for winning the 2010 Indiana State High School Athletic Association Girls Basketball Championship.

Ben Davis High School is a 3-year high school in the Metropolitan School District of Wayne Township, located in the 7th Congressional District of Indiana.

Since 1892, the school has provided Indianapolis students with nationally recognized academic and athletic programs. The high school is known for its debate and journalism activities, and it continues to expand on the artistic programs offered to its students.

The Lady Giants are an example of the success and pride that young people can achieve through receiving a well-rounded education.

In the Championship game, the Lady Giants defeated the Merrillville High School Lady Pirates with a final score of 99 to 52. Not only was this the Lady Giants' second straight championship win, but the team also set a new state record for making it their 58th consecutive victory.

I encourage all of my colleagues to join me in praising these extraordinary young women for their hard work and perseverance, and I encourage them to continue to develop and serve as an example for all students across the United States.

Tuesday, April 27, 2010

Mr. SKELTON. Madam Speaker, I wish to extend my congratulations and best wishes to Dr. Aaron Podolefsky as he prepares to end his tenure as president of the University of Central Missouri, UCM, in Warrensburg, MO. After 5 years of dedicated service to the University, Dr. Podolefsky will become the president of Buffalo State College in Buffalo, New York.

After a distinguished record of academic accomplishment as a scholar at San Jose State University in California and the State University of New York at Stony Brook, Dr. Podolefsky pursued a career as an educator and academic administrator, showing a commitment to public universities and the development of young minds across the country.

During his tenure as President of UCM, Dr. Podolefsky presided over a period of great change. You are the voices of the future and I salute you. God bless you and God bless America.

The summary follows:

I interviewed Master Sergeant Darrell Crews who retired from the Army with over twenty years of service and became a high school Army JROTC instructor. Master Sergeant Darrell Crews served in Infantry, Armor, and combat support during his career in the Army. He served in conflicts such as Vietnam and Desert Storm, seeing combat in both. He was also deployed in several other countries in the Middle East and was even stationed at a base in Germany. After serving he used the G.I. Bill to receive payment for college to become further educated. With his prior knowledge and experience with the military he is able to influence students to strive for their best in what they believe and that education is an important gift that should be sought after by all students. My interview with Master Sergeant Darrell Crews showed me how military service affects someone and that the skills gained throughout his career can be used to help others in their lives. Also, just like ordinary people, NCO's and officers have to use teamwork in order to make things happen which is one thing that Master Sergeant Crews truly believes in.—Eric Parker.
