WHERE ARE THE JOBS?

(Mr. FLEMING asked and was given permission to address the House for 1 minute.)

Mr. FLEMING. Mr. Speaker, where are the jobs? Our Nation's unemployment rate continues to hover around 10 percent and 36,000 more Americans lost their jobs last month; yet, once again, the current administration is failing to listen.

Despite public opinion 2-1 supporting opening new areas of the Outer Continental Shelf to drilling, the administration announced last week that it would discard the 2010-2015 lease plan for new development on the Outer Continental Shelf and wait until 2012 to put a new plan in place. This decision flies in the face of the bipartisan action in 2008 lifting the decades-long ban on energy development on 500 million acres on the Outer Continental Shelf, and it certainly goes against the idea of energy independence and lower energy costs.

As the number one producer of oil and number two producer of natural gas in this country, we in Louisiana know that energy development means good-paying jobs. It has been estimated that the 500 million acres, when producing, would provide 1.2 million new jobs and contribute \$273 billion annually to our gross domestic product.

Where are the jobs, Mr. Speaker?

PARTISAN HEALTH CARE PROCESS

(Mr. WILSON of South Carolina asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WILSON of South Carolina. Mr. Speaker, the process that liberals are considering to take to pass the government health care takeover is almost as bad as the bill itself. The latest plan includes the House passing the Senate's version of the takeover bill, complete with the kickbacks and backroom deals that have become regular under the current liberal leadership.

An informative memo put together by Senator JOHN KYL and Congressman ERIC CANTOR helps explain this process to the American people. The memo
