

health concerns got worse and they ended up in the hospital.

We have a moral obligation to step up to bat and to make this happen. This reform bill is a good piece of legislation. And I recognize that there are some outlets, some people who want to maybe not be quite as straightforward with the facts that are presented here in this bill, and they want to touch upon those same issues of abortion and immigration, all the issues that have been addressed in this bill. When you have 25 national pro-life Catholics and Evangelicals organizations endorsing this bill, when you have the Catholic Hospital Association endorsing this bill, you can honestly say that the abortion issue has been taken care of and that this is a pro-life bill. Because the idea of pro-life is very broad and should have a very broad interpretation. Quality of life, shortened life spans, those are pro-life issues. Shortened and reduced quality because they don't have the proper health care, those are pro-life issues.

Freedom to invest in your business, start your own business, those are issues that our Founding Fathers talked about a great deal.

□ 2340

So we do have a moral obligation to pass this piece of legislation. When we pull out all of the parts of this bill, you will see that the American people support this. And the American people want this legislation. Here it is. I will read them real quickly. They would be more likely to support the reform if it has tax credits—these are all issues that are in here—if it has tax credits to small businesses, 73 percent more likely to support; if it has insurance exchanges, 67 percent more likely to support; if you can keep what you have, which is exactly how this is set up, 66 percent more likely to support the reform; if you ban preexisting conditions and denials, 63 percent; Medicaid expansion, 62 percent; dependent coverage through 26 years old, 60 percent; close the Medicare doughnut hole, 60 percent; subsidy assistance to individuals, 57 percent. These are all things that are in the bill. These are all things that are in the bill and are all the reasons why we need to pass it.

This is a basic human rights issue. This will be the most significant pro-life piece of legislation that has passed this House in a long, long time. This will be the most historic piece of legislation that has passed this House in a long, long time.

I yield back the balance of my time.
