

they see that Congress gets an automatic COLA. I think this is a good bill, and I urge its passage.

I thank the gentleman from California for having elevated me to the "distinguished" category as well.

Folks, we are on the right track here. This bill needs to be passed. We need to impose a freeze upon ourselves for the next fiscal year. I think it would send a message which would be well received by our constituencies across this land.

Mrs. DAVIS of California. I reserve the balance of my time, Mr. Speaker.

Mr. DANIEL E. LUNGREN of California. Mr. Speaker, I have no further requests for time.

I would just urge my colleagues to support this resolution. This is appropriate at this particular time. I think all Members of Congress recognize the difficult economic straits we are in. It is a simple resolution. It forgoes the pay raise for the year 2011, and I would urge my colleagues to support it.

I yield back the balance of my time.

Mrs. DAVIS of California. Mr. Speaker, I just wanted to comment very briefly because my colleagues were asking for basically a freeze on a status quo of the health care that we know today.

They spoke of repugnant policies. I want to talk just for a minute about the repugnant policies that we know of today, which don't allow people to get insurance if they have preexisting conditions that have ratings which discriminate, particularly against women, and which make it almost impossible for small business to be able to take care of and to help their employees when it comes to health insurance. So, yes, we have some policies that we have been trying to change. Unfortunately, my colleagues are asking for a freeze.

Yet I do want to applaud the fact that we are here on a singular effort today, and that is to forgo the cost-of-living adjustment for Congress. I think that's a good idea. It is a very timely idea, and it is very important that we move forward with it today.

Mr. MORAN of Kansas. Mr. Speaker, Kansans continue to suffer from the effects of the recession. Times remain tough for many. Small business owners are struggling to keep the doors of their businesses open. Families are struggling to pay their bills. When faced with difficult times, Kansans make sacrifices. They cut back where they can and stretch every dollar to make ends meet.

Times are also tough for the Federal Government. The national debt is more than \$12 trillion and it continues to grow every day.

When times are tough, Kansans expect their government to act like they do—to make sacrifices and cut spending. Yet, the Federal Government is spending more than ever before.

One of the first places Congress should look to cut spending is the annual cost-of-living increase for Members of Congress. Representatives and Senators do not deserve a raise, especially when many Kansans will not receive a raise this year and the unemployment rate remains high.

I have long been opposed to the hidden process by which Members of Congress get

an increase in their pay. The lack of transparency in the yearly raise only serves to increase skepticism, disillusion and distrust of government. Last year, I sponsored H.R. 1597, which eliminates the automatic pay increase for Members of Congress. If Members of Congress believe they have earned a raise, they should vote on it in full view of the public.

I am pleased today, that the House of Representatives is considering a bill in clear view of the public that would do away with the cost-of-living increase for next year. While this legislation, H.R. 5146, is only a one-year fix to the problem, it is an important first step and I am proud to be one of the sponsors of this legislation. I oppose the yearly automatic increase in pay and strongly support today's legislation to make sure Members of Congress do not get a raise next year.

Our employers, the voters, are right to be unhappy with Washington's spending spree. There should be no increase in congressional pay until Congress listens to the public and cuts spending.

Mrs. DAVIS of California. Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentlewoman from California (Mrs. DAVIS) that the House suspend the rules and pass the bill, H.R. 5146.

The question was taken.

The SPEAKER pro tempore. In the opinion of the Chair, two-thirds being in the affirmative, the ayes have it.

Mrs. DAVIS of California. Mr. Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.
