

drove the Chevy Volt and look forward to driving the Ford Focus, an all-electric car.

We can reduce our dependence on oil if the U.S. Senate will get the message, get off the dime, and pass a clean energy bill like we have in the House to reduce our dependence on oil and reduce the threat of these horrendous oil spills.

INTRODUCING H.R. 5126, "HELPING SAVE AMERICANS' HEALTH CARE CHOICES ACT"

(Mr. FLEMING asked and was given permission to address the House for 1 minute.)

Mr. FLEMING. Mr. Speaker, last week, I introduced H.R. 5126, the Helping Save Americans' Health Care Choices Act.

This important legislation restores the popular Health Savings Accounts and Flexible Spending Accounts, which are diminished through taxation and restrictions under ObamaCare.

Millions of Americans rely on HSAs to cover deductibles, insurance copayments, over-the-counter medications, and a plethora of other medical expenses. Furthermore, it is an excellent tool to cut health care costs while ObamaCare, itself, provides no such tools. I find it extremely ironic that the name of the current law, the Patient Protection and Affordable Care Act, betrays the fact that it drives up costs for patients and for their employers.

If you truly support health care affordability, I ask all of you to support H.R. 5126, which restores this valuable tool that saves costs.

DEMOCRATS' JOB CREATION

(Mr. BOCCIERI asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BOCCIERI. Mr. Speaker, can you believe it? The United States House of Representatives under Democrat majorities have delivered the largest tax reductions in America's history to middle class families. That's right. Ninety-five percent of American workers got a tax cut in the stimulus bill. The stimulus bill acted as a backstop against further job loss, and it helped create some jobs along the way, like what is happening in my district.

Americal, in Canton, is adding hundreds of jobs. LuK USA, which makes drive trains for the automotive industry, invested \$18 million with a \$2 million tax abatement that was handed out through some of our recovery efforts, and now they're adding another \$60 million investment in expansion. Tekfor just added another \$31 million in expansion. These are real signs of economic life and prosperity right in the heartland of Ohio.

Let me remind my conservative friends on the other side, amidst the

constant drumbeat that we hear from conservative talk radio, that this is the record, that this is the record of job losses and that this is the record of job recovery that we have seen under this administration and under this leadership.

EXTEND SECTION 45G, THE SHORT LINE RAILROAD TAX CREDIT

(Mr. LEE of New York asked and was given permission to address the House for 1 minute.)

Mr. LEE of New York. Mr. Speaker, I rise today to express the need for an extension to the section 45G short line railroad tax credit which expired at the end of 2009. The expiration of this tax credit means that railroads, such as Rochester & Southern in my district, have had to curtail much needed maintenance to their infrastructure. The expiration of this tax credit affects nearly 500 lines across the country.

Originally enacted in 2004, section 45G ensures that the lighter density freight lines can invest enough in their infrastructure to stay connected to the national rail networks. With the discontinuation of this tax credit, railroads such as Rochester & Southern will be unable to do effective long-term capital planning.

Having run a business myself, I know how difficult it can be for a company to plan and to invest when continued uncertainty exists in how their expenses will be offset. That's why we need to pass an extension of the section 45G tax credit now, so we can put people back to work and so we can provide stability for both the workers and the companies which manage the nearly 500 short line rails across this country.

DISASTER IN THE GULF

(Mr. HASTINGS of Florida asked and was given permission to address the House for 1 minute.)

Mr. HASTINGS of Florida. Mr. Speaker, the very first thing I want to do is to express my condolences to the 11 persons who were killed on the oil rig in the gulf.

We are faced in this Nation, certainly in the gulf and along the Atlantic coast region, with the potential for a disaster of epic proportions, but the time now is not for us to get involved in blaming someone but, rather, in doing the things that are necessary to cap this gusher and to accelerate attention to clean energy.

Yesterday, Commandant Thad Allen, Interior Secretary Ken Salazar, Commerce Secretary Gary Locke, EPA Secretary Lisa Jackson, and persons from NOAA gave me the assurance, which I hope to convey to my constituents and to those of us who are concerned, that they are doing everything humanly possible to stop this disaster and that they will, assuredly, continue to do the same.

RESILIENCE AND DETERMINATION

(Mr. CAO asked and was given permission to address the House for 1 minute.)

Mr. CAO. Mr. Speaker, for the past several weeks, the eyes of the world have been directed to the oil spill in the gulf coast. People have been watching, hoping, and wondering:

How many lives will it claim? How many thousands of barrels of oil will it leak? How many years will it set back our efforts to rebuild our delicate coastal wetlands? How many livelihoods of fishermen and longshoremen will it destroy?

The Federal Government's response this time, fortunately, has been swift. As I told Secretaries Napolitano and Salazar as we flew over the affected area this weekend, we are grateful for the care, concern, and compassion they are showing the gulf coast.

Yet we in Congress must also perform our role by being vigilant and by focusing on providing immediate assistance with the containment—with cleanup initiatives that will ensure the accountability of those at fault and with the acceleration of Louisiana's oil and gas revenue-sharing, which, without legislative changes, will not allow Louisiana to receive money to rebuild our coastal wetlands until 2017.

Louisiana has taken up the call to address the country's energy needs. It is time this country heeds the call of Louisiana for the money to restore our coast.

NATIONAL TEACHER WEEK

(Ms. TITUS asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. TITUS. Mr. Speaker, today, I join with people across the country to celebrate National Teacher Week, which recognizes the exemplary and important work that teachers do in classrooms every day.

Research has shown that a good teacher is one of the most important factors in a student's academic success, so it is only appropriate that we take time during National Teacher Week to say "thank you" to these heroes who positively affect so many lives.

We must also support teachers during these tough economic times by investing in education. I was proud to support the American Recovery and Reinvestment Act, which saved more than 1,000 jobs for teachers in southern Nevada, and the Jobs for Main Street Act, which passed the House and included a \$23 billion jobs for education fund.

With hundreds of thousands of teachers across the country facing potential pink slips because of budget crises at the local and State levels, I urge my colleagues in both Houses to work quickly to support education by saving vital teaching jobs throughout the country.

ANSWERS AND ACTION TO THE TRAGEDY IN THE GULF OF MEXICO

(Mr. PENCE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PENCE. Mr. Speaker, the oil spill in the Gulf of Mexico is an ongoing tragedy, and the American people deserve action to protect our gulf, and they deserve answers.

The American people deserve to know what happened on April 20, and Congress should investigate it thoroughly. The American people deserve to know why the administration was slow to respond, why the necessary equipment was not immediately on hand in the area, and why the President did not fully deploy Cabinet-level Federal officials until he spoke at the White House on April 28.

Lastly, the American people deserve answers for a pathway toward energy independence. There would be those in this country who would exploit this ongoing disaster to deny the American people more access to American oil, but the American people know better. The pathway toward energy independence is an environmentally responsible expansion of domestic drilling for oil and natural gas. It is more wind and solar and nuclear and more conservation.

Republicans are determined to give the American people the answers about what happened on April 20 and about the slow Federal response, and Republicans are determined to give the American people answers and a pathway toward energy independence that uses all of the above.

THE NEED FOR COMPREHENSIVE IMMIGRATION REFORM

(Mr. POLIS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. POLIS. Mr. Speaker, I rise today to encourage my colleagues to live up to a challenge that has been put before us by the people of our country, by the people of Arizona, and by the people of my State. That is the challenge to replace our broken immigration system with one that works.

As I've traveled across my district, I haven't found a single constituent on the left or on the right who is happy with the state of immigration today in this country. There are over 10 million immigrants in this country who are working illegally, who are frequently undermining wages for working families, and who are taking away jobs from Americans.

We need to pass comprehensive immigration reform to ensure that this number doesn't grow to 15 or 20 million and so, in fact, we have no one who resides in this country illegally. We will require registration and will make sure that people follow the law. We will restore the rule of law to this Nation.

I am a proud cosponsor of the House comprehensive immigration reform bill, which will accomplish that. I call upon my colleagues in the Senate to introduce a bill based on the 25-page outline that they released last week, which would ensure, once and for all, that we will hear the voice of the American people come together to solve our immigration problem.

SUPPORTING A LOCAL JOBS BILL

(Mr. ELLISON asked and was given permission to address the House for 1 minute.)

Mr. ELLISON. Mr. Speaker, right now, our unemployment rate in the United States hovers around 10 percent. It's a little bit lower than that, but when you think about all of the people who are unemployed in some sectors, it is twice that. In some parts of our country, it is much more than that.

The fact is that we need a jobs bill, a real jobs bill that will put Americans to work. I propose that we support a local jobs bill that will help provide not only jobs for working Americans but will also provide vitally needed services to our cities. All over America, we have districts that are looking at laying off teachers and that are looking at laying off firefighters, police officers, and public works officials. We need these vital services to keep our cities moving properly.

Local officials around this country know that the Federal Government should be responding to these difficult shortfalls and cuts that are resulting in service cuts all over this Nation. We have work that needs to be done, and we have people who are ready to do it. It is time for Congress to step forward with a real local jobs bill.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (Mr. DRIEHAUS). Pursuant to Executive Order 12131, and the order of the House of January 6, 2009, the Chair announces the Speaker's appointment of the following Members of the House to the President's Export Council:

Ms. LINDA T. SANCHEZ, California;
Mr. WU, Oregon;
Mr. SCHAUER, Michigan.

RESIGNATION AS MEMBER OF COMMITTEE ON THE JUDICIARY

The SPEAKER pro tempore laid before the House the following resignation as a member of the Committee on the Judiciary:

HOUSE OF REPRESENTATIVES,
Washington, DC, May 5, 2010.

Hon. NANCY PELOSI,
Speaker of the House, The Capitol,
Washington, DC.

DEAR MADAM SPEAKER, I am writing to notify you of my resignation from the House Judiciary Committee, effective May 5, 2010. It was an honor to serve you and Chairman Conyers on this prestigious committee.

I look forward to continuing to serve on the Appropriations Committee and the Select Intelligence Oversight Panel in the 111th Congress.

Sincerely,
DEBBIE WASSERMAN SCHULTZ,
Member of Congress.

The SPEAKER pro tempore. Without objection, the resignation is accepted.
There was no objection.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX, the Chair will postpone further proceedings today on motions to suspend the rules on which a recorded vote or the yeas and nays are ordered, or on which the vote incurs objection under clause 6 of rule XX.

Record votes on postponed questions will be taken later.

HAITI ECONOMIC LIFT PROGRAM ACT OF 2010

Mr. LEVIN. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 5160) to extend the Caribbean Basin Economic Recovery Act, to provide customs support services to Haiti, and for other purposes, as amended.

The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 5160

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "Haiti Economic Lift Program Act of 2010".

SEC. 2. FINDINGS.

Congress finds the following:

(1) On January 12, 2010, Haiti was hit by a 7.0 magnitude earthquake, the worst earthquake to affect Haiti in recorded history. Aftershocks from the earthquake, measuring up to 6.0 on the Richter scale, continued for days afterwards.

(2) The earthquake has devastated Haiti's infrastructure, including homes, offices, factories, roads, ports, communications, and other facilities. The loss of life attributable to the earthquake was massive.

(3) Even before the earthquake, Haiti was the poorest country in the Western Hemisphere, ranking 149 out of 182 countries according to the United Nation's Human Development Index.

(4) In recent years, however, the Government and people of Haiti had taken important steps forward to promote economic growth and development, including making strides towards establishing a competitive apparel sector.

(5) United States trade preference programs, including the Caribbean Basin Economic Recovery Act (as amended by the United States-Caribbean Basin Trade Partnership Act, the Haitian Hemispheric Opportunity through Partnership Encouragement Act of 2006, and the Haitian Hemispheric Opportunity through Partnership Encouragement Act of 2008), which extend duty-free tariff treatment to certain apparel produced in Haiti, have made an important contribution to Haiti's economic development efforts.

(6) However, the Haitian apparel sector has been hard hit by the January 12, 2010, earthquake. A number of apparel factories based
