

and help ease unemployment on the island. It will increase tourism, benefiting airlines, car rentals, travel agents, restaurants, hotels, and might even lead to hiring a few new park rangers. Democrats support creating jobs by building things up—investing in the long-term growth and health of this nation. H.R. 3726 does just that.

I would conclude by pointing out the obvious: We as a Nation have a responsibility to our territorial possessions. And if we shirk from that duty, we would be nothing more than the European empires which once ruled over vast swaths of Africa and the Americas. The U.S. Virgin Islands are a unique and fascinating place. Native people lived on these islands as far back as the Stone Age. And some of the evidence of that can be found on the site protected in this bill.

Christopher Columbus gave the islands early versions of the names we use today, Santa Cruz, San Tomas, and San Juan. And last, as we move forward in this legislation, recognize that these islands were then occupied by foreign nations, England, Holland, France and Denmark, a period that saw the native people enslaved and then driven almost to extinction. Remains of these times can be found on the land protected in this bill as well.

It is not only the history and the culture found in the continental United States that matters, but St. Croix is a part of these United States. And we owe it to those who live there now and those who were there long before this Nation came into being to value this history and to respect its culture. This legislation does that. This legislation deserves our support.

I yield back the balance of my time.
