Mr. GENE GREEN of Texas. Mr. Speaker, on rollcall No. 411, had I been present, I would have voted, "yes."

CONFERENCE REPORT ON H.R. 4173, DODD-FRANK WALL STREET RE-FORM AND CONSUMER PROTEC-TION ACT

Mr. FRANK of Massachusetts. Mr. Speaker, pursuant to House Resolution 1490, I call up the conference report on the bill (H.R. 4173) to provide for financial regulatory reform, to protect consumers and investors, to enhance Federal understanding of insurance issues, to regulate the over-the-counter derivatives markets, and for other purposes, and ask for its immediate consideration.

The Clerk read the title of the bill.

The SPEAKER pro tempore. Pursuant to House Resolution 1490, the conference report is considered read.

(For conference report and statement, see proceedings of the House of June 29, 2010, book Π .)

The SPEAKER pro tempore. The gentleman from Massachusetts (Mr. Frank) and the gentleman from Alabama (Mr. Bachus) each will control 60 minutes.

The Chair recognizes the gentleman from Massachusetts.

GENERAL LEAVE

Mr. FRANK of Massachusetts. Mr. Speaker, at the outset I ask unanimous consent that all Members have 5 legislative days in which to revise and extend their remarks on this matter.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Massachusetts?

There was no objection.

Mr. FRANK of Massachusetts. Mr. Speaker, to begin, I want to yield for a colloquy 3 minutes to one of the leaders in the House and certainly in our committee in forging this particular legislation and in fighting to make sure that fairness is done throughout all of our efforts, the gentlewoman from California (Ms. WATERS).

Ms. WATERS. Mr. Speaker, Members, I would like to begin by thanking the chair of the Financial Services

Committee, my colleague, Mr. BARNEY FRANK, for the leadership that he has provided in bringing us to this point in doing regulatory reform. There were times I thought it would never happen, but because of his brilliance, and because of his leadership, and because of his ability to listen to all of the Members who serve not only on that committee but on the conference committee, we finds ourselves here.

But I would like at this point in time to engage my chairman to make sure that I understand one particular word that was used in this conference committee report.

So if I may make an inquiry of the gentleman from Massachusetts. I'm trying to understand the meaning of the world "initiated" in paragraph 5 of the conference report. Would "initiated" include any program or initiative that has been announced by Treasury prior to June 25, 2010? And if so, I assume that that means that programs such as the FHA refinance program, which would address the problem of negative equity and which I understand Treasury and the FHA are working on but is not yet publicly available, would be included as would the Hardest Hit Fund program, which is not fully implemented yet.

And this would not prevent, for example, within the \$50 billion already allocated for HAMP, perhaps adjusting resources between already-initiated programs based on their effectiveness.

Mr. FRANK of Massachusetts. If the gentlewoman would yield.

The answer is a resounding yes. And I certainly have been following her leadership in trying to make sure that these programs do more than many of them have done.

So the answer to her question is yes. Nothing new can be started after June 25, but it does not reach back and strangle in the cradle those programs that were under way. I confirm that the conference report would not prevent adjusting resources between already initiated programs based on their effectiveness.

Ms. WATERS. Thank you. I appreciate that.

Mr. BACHUS. Mr. Speaker, I yield myself 5 minutes.

Mr. Speaker, today I would like to address the good, the bad, and the ugly in this bill.

The good: There is consumer protection. There is more disclosure and transparency. There are some bipartisan provisions in this bill that add a whistleblower office to the SEC. But the bad and the ugly far outweigh those.

In total, this bill is a massive intrusion of Federal Government into the lives of every American. It is the financial services equivalent of ObamaCare, the government takeover of our health care system.

□ 1540

If finally enacted, it will move us further toward a managed economy, with the Federal Government's making decisions that have been and should stay
