

Government. Yes, there were hearings. There were witnesses in the bankruptcy court, but not one component of the bankruptcy of Chrysler, not one piece of it, was changed as a result of the sworn testimony before the bankruptcy hearing.

□ 2110

The Federal Government going in evaluated and assessed the asset value of Chrysler. They were the only ones that were evaluating the asset value of Chrysler going in. They took the secured creditors and ripped their assets out of their hands, handed them over to the unions. And at the tail end of the bankruptcy who's the only buyer? The Federal Government.

The Federal Government appraises it going in, sets the terms of the bankruptcy, no amount of testimony changes anything, the bankruptcy court accepted the dictates of the President or his people, and on the other end the only buyer is the Federal Government, who in their magnanimity hands over shares again to the United Auto Workers.

This is free enterprise capitalism? This qualifies for the flash card of what drives the economy in America? I don't think so, Mr. Speaker. And I'm not done. Three large investment banks, AIG, the insurance company, Fannie Mae, Freddie Mac, General Motors, Chrysler, the student loan program. That comes to more than a third of the private-sector activity according to Professor Boyes at Arizona State University. And along comes ObamaCare.

ObamaCare. The nationalization of all of these entities, all Fortune 500 companies, and now it comes to the nationalization, Mr. Speaker, of your skin. Your skin and everything inside it taken over by the Federal Government. And the very taxation of the outside started the first of July. If you walk into a tanning salon in America, 10 percent of that goes to Uncle Sam to help pay for ObamaCare, which is going to be some kind of revenue saving operation.

We need to, Mr. Speaker, repeal this ObamaCare. We need to pull it out by the roots. I have, in conjunction with MICHELE BACHMANN, worked intensively to repeal ObamaCare. She introduced a repeal on the first day. I introduced a repeal on the first week. We have a discharge petition at the well. It's discharge petition number 11. We have at least 136 signatures on it. I wouldn't be surprised if that went over 140. We are on our way to 218 signatures to repeal ObamaCare.

A discharge petition can circumvent a block by the Speaker. If 218 signatures appear on discharge petition number 11, that means ObamaCare comes to the floor of the House, where it would certainly be repealed in the House, however difficult it is to get it through the Senate. We need it gone. We need to put an end to ObamaCare in America. We have to pull it out by the roots, lock, stock, and barrel, not one

vestige, not one particle of DNA of ObamaCare left behind. ObamaCare has become a malignant tumor, and it threatens to metastasize on this free people, this formerly free people.

And if we are to have the vitality that comes from American liberty, we can't be living with the dependency that's created by ObamaCare. And Mr. Speaker, I pledge my strongest effort to repeal ObamaCare completely and entirely, to rip it out by the roots, to quote the last few words of the repeal bill that is the discharge petition, "as if it had never been enacted."

So Mr. Speaker, the American people demand the repeal of ObamaCare, I demand the repeal of ObamaCare. I ask my colleagues to join in the repeal of ObamaCare and to sign onto discharge petition number 11 so we can get there, give the American people back their liberty, let us become the vital people with the vitality that we have had in the past to take us to the next level of our economic destiny.

Mr. Speaker, that is our charge. That's our responsibility. And that will be the call and the cry of the American people come November.
