

who's going to stand between you and the bad guys?

And that's why we've got to keep talking about the rule of law is the glue that holds our society together. And if we give it up, whether it is for what is viewed today as a compassionate, goodwill reason or not, if we give up the strength of the law that keeps our society together, we weaken our society. And then ultimately those people who would do you harm through violence and terror will be able to control the world we live in.

That's why our soldiers go to war to fight across the ocean to prevent that from happening in our country and to help countries where it is happening to establish rule of law so they can prevent the destruction of their society. That's why great American soldiers go fight those wars. That's why we have the police force and the fire department and all of these other departments that protect us.

But if you take away the tools by some group deciding we can just, by the stroke of a pen, eliminate a certain bunch of rules we don't like, where does it stop?

This is a serious issue of the rule of law. I raise it for discussion among the Members of this House and among the people of this country. Is this the way we make it better for our lives?

I yield back the balance of my time.
