

There is a little asterisk, colleagues, on this poster. If you can't see it, I'm going to read it for you: "If the President is serious about job creation, there's one clear way forward, and that is for us to come together and pass legislation immediately that cuts spending and stops all of the approaching tax hikes." The bipartisan plan; that's what we need, Mr. Speaker. That's exactly what we need. That's what the American people are expecting of us.

Mr. Speaker, I'm going to shift gears just a little bit because it does pertain to the economy. I want to talk a little bit about illegal immigration. There is a situation in this country that has got to stop, and that is this idea that children born in this country of illegal immigrants are automatically United States citizens. Now, that's based on a misinterpretation of the 14th Amendment. I keep the Constitution with me all the time. Representative FORTENBERRY, Mr. Speaker, was talking about the Constitution, our sacred document, a little bit earlier. But the 14th Amendment was ratified to our Constitution in 1868.

□ 1550

There were no immigration laws in 1868. It had nothing to do with illegal immigrants and bestowing citizenship on a child born of illegal immigrants. No. It was all about giving rights, constitutional rights, to former slaves, just as was the 13th Amendment and the 15th Amendment.

The 15th Amendment: "The right of citizens of the United States to vote, shall not be denied or abridged by the United States or by any State on account of race, color, or previous condition of servitude." The 13th Amendment: "Neither slavery nor involuntary servitude, except as a punishment for a crime, shall exist within the United States, or any place subject to their jurisdiction." Slavery was abolished by the 13th Amendment. The 14th Amendment says, "All persons born or naturalized in the United States, and subject to the jurisdiction thereof." Illegal immigrants are not subject to the jurisdiction thereof.

And the reason I bring this up, Mr. Speaker, is because it costs about \$10,000 for every childbirth in this country. When 10 percent of those births are illegal immigrant births, you're talking about close to 400,000 times \$10,000, pretty soon you get to about \$40 billion worth of cost, something that this country cannot afford. And that is why people are insisting that we abide by our immigration law, not enact new law but just simply abide by what has already passed.

It's something that I'm going to continue to talk about. I look forward to having a dialogue with my other colleagues that have been so active and involved in this issue, folks like Representative GUTIERREZ from the great State of Illinois, and I think we can talk and do this in a bipartisan way and come together, because people

want a secure border and they want to abide by the rule of law. And they realize when they are among the 10 percent, Mr. Speaker, who are unemployed, that have been out of work for more than 6 months, and there are 16 million of them, that you can't afford to not have a secure border. You can't afford to have yet another magnet to attract more people to risk their lives trying to come into this country illegally. All of these things are inter-related. We need to be sensible about this, and we need to recognize so many of these problems.

Mr. Speaker, again as I said at the beginning of the hour, I appreciate the opportunity that my leadership has given to me to talk to our colleagues on both sides of the aisle about what we can do to restore this economy and have a recovery that is not a jobless recovery, to put people back to work. And it starts with lowering the amount of Federal spending. Can you believe that we are this year going to spend \$1.3 trillion more than what we take in in revenue? And we're on the track over the next 10 years to triple our national debt? In fact, it will be by the year 2020, if we continue at this rate, over \$20 trillion of debt. That is more than our gross domestic product. So let's draw a line in the sand, let's go back to 2008 spending, that's the least we can do, and let's not raise taxes on anybody.

With that, Mr. Speaker, I yield back the balance of my time.
