

union contract to limit what they could be required to do, what kind of checks and balances do you have to make sure that they do the right thing?" they said, "Oh, the checks and balances? That is that we send them out in pairs so they are watching each other, and they will report each other if they don't do exactly what they are supposed to."

Yet the last two people who were sent as offshore inspectors, unionized, to inspect the Deepwater Horizon were a father-and-son team. That is this administration and the union's idea of a good check and balance.

We have apparently hundreds of billions, and now it is estimated even over \$1 trillion, of Americans' money in foreign banks that was earned overseas, and it has been left there, and this government will never have a chance to tax that at all. So here we are in economic crisis.

This was proposed in September of 2008 by some leading economists here: Instead of a TARP giveaway slush fund, don't get the government involved in the socialist action of buying into business, buying into Wall Street, engorging Goldman Sachs and AIG. Let them go through reorganization like everybody else does.

But what you could do is say, okay, for you American people, companies that have money in foreign banks that has never come into American banks, here is the deal. You come in and purchase things that will get the economy going.

And we could direct that. There will be no tax consequences, no penalties. So you, with private money, can get things going. And then, of course, once that money is here, it does get the economy going; and, once it is in this country, then it is taxable for the future. Or we could start selling off some of the land. You know, we have got to start thinking outside the box.

One of the great things that happened under Abraham Lincoln was the Morrill Act. The Morrill Act allowed universities to be started with land grants. We have people on welfare. And I know there are some that just don't want to work, but there are some that do. How about if, instead of the welfare, we give them an alternative: We will give you so many acres that can provide land where you can live off of it and make a living. And we will give you seed money to start, but you have to sign an agreement you will never accept welfare again. How about that? We have got plenty of land.

How about using the energy sources we have and taking 25 or even 50 percent of the royalty and designating that to go for research for alternative energy sources, so that it happens without the government taxing and destroying the American economy?

And, how about dropping the corporate tax down to 15 percent, 2 percentage points below China? I am told by CEOs that have moved manufacturing industries to China that if we

lowered our corporate tax rate to 17, 15, 12 percent, they would be building new plants back in the United States. Those jobs would return. We need to do that.

□ 2350

We need to do that.

We need a zero baseline budget, no automatic increases. I have that bill. I filed it each of the three times that I have been here, each of the three terms.

I have got a U.N. voting accountability bill that simply says any nation, since they are sovereign they can do what they want to in the U.N., how they vote. They can applaud Ahmadinejad's crazy speeches, but for any country that votes against our position in the U.N. more than half the time, they get no financial assistance from the United States of any kind in the subsequent year. It is their choice. I said it before: you don't have to pay people to hate you. They will do it for free.

There are so many things we could do to get out of the economic malaise we are in. We need a balanced budget amendment. That would help.

I honestly believe we have got to pass a bill on Social Security that would shore it up. And, no, we didn't do it my first 2 years.

I proposed it to some of our leaders back then, our leading thinkers. They said it was a bad idea, but I still say it is a good idea, and that is for the first time since the inception of Social Security, you require Social Security tax money to go into the Social Security trust fund, real money in there to draw real interest. We could create instruments that would not create risk, that would allow us to draw interest without affecting the bond markets. There are so many things we can do.

We have been blessed so richly. I have said this before, but, Mr. Speaker, I want to conclude with it tonight, because people have been frustrated, I have been frustrated.

But the message is clear. John Adams wrote to Abigail after the signing of the Declaration of Independence. He was so excited, and he talked about the celebrations, and he finished his letter with this:

You will think me transported with enthusiasm, but I am not. I am well aware of the toil and blood and treasure it will cost us to maintain this Declaration and to support and defend these States. Yet through all the gloom I can see the rays of ravishing light and glory. I can see that the end is more than worth all the means, and that posterity will triumph in that day's transaction, even though we should rue it, which I trust in God we shall not.

With that, Mr. Speaker, I yield back.

BUDGETARY EFFECTS OF PAYGO LEGISLATION

Pursuant to Public Law 111-139, Mr. SPRATT hereby submits, prior to the vote on passage, the attached estimate of the costs of the bill H.R. 512, the Federal Election Integrity Act, as amended, for printing in the CONGRESSIONAL RECORD.

CBO ESTIMATE OF PAY-AS-YOU GO EFFECTS FOR H.R. 512, THE FEDERAL ELECTION INTEGRITY ACT OF 2010, AS PROVIDED TO CBO BY THE HOUSE COMMITTEE ON THE BUDGET ON SEPTEMBER 27, 2010

	By fiscal year, in millions of dollars—

^a H.R. 512 would amend the Federal Election Campaign Act of 1971 to prohibit any chief state election administration official from taking part in the political management or campaign for any federal office, except under specified circumstances. Enacting the legislation could affect federal revenues by increasing the collections of fines for violations of the law. Such collections are recorded in the budget as revenues and in certain cases, may be spent without further appropriation. CBO estimates that any additional revenues and direct spending would be insignificant because of the small number of anticipated violations.

Pursuant to Public Law 111-139, Mr. SPRATT hereby submits, prior to the vote on passage, the attached estimate of the costs of the bill H.R. 3421, the Medical Debt Relief Act, as amended, for printing in the CONGRESSIONAL RECORD.

CBO ESTIMATE OF THE STATUTORY PAY-AS-YOU GO EFFECTS FOR H.R. 3421, THE MEDICAL DEBT RELIEF ACT OF 2010, AS TRANSMITTED TO CBO ON SEPTEMBER 27, 2010

^a H.R. 3421 would prohibit credit reporting agencies from listing certain medical debts in consumer credit reports. Enacting the bill could increase the collection of civil penalties and this could affect federal revenues; CBO estimates that those amounts would not be significant.

Pursuant to Public Law 111-139, after consultation with the Chairman of the Senate Budget Committee, and on behalf of both of us, Mr. SPRATT hereby submits, prior to the vote on passage, the attached estimate of the costs of the House amendment to the Senate amendment to the bill H.R. 3619, the Coast Guard Authorization Act, for printing in the CONGRESSIONAL RECORD.

CBO ESTIMATE OF THE STATUTORY PAY-AS-YOU-GO EFFECTS FOR A DRAFT RESOLUTION PROVIDING FOR THE CONCURRENCE BY THE HOUSE IN THE SENATE AMENDMENT TO H.R. 3619, THE COAST GUARD AUTHORIZATION ACT OF 2010, WITH AMENDMENTS, AS PROVIDED TO CBO BY THE HOUSE COMMITTEE ON TRANSPORTATION AND INFRASTRUCTURE ON SEPTEMBER 28, 2010

	By fiscal year, in millions of dollars—												
	2010	2011	2012	2013	2014	2015	2016	2017	2018	2019	2020	2010–2015	2010–2020

^a Title VI of H.R. 3619 would authorize the U.S. Coast Guard (USCG) to extend certain expiring marine licenses, certificates of registry, and merchant mariners' documents. Because the extension could delay the collection of fees charged for renewal of such documents, enacting this provision could reduce offsetting receipts over the next year or two. Some of those receipts may be spent without further appropriation, however, to cover collection costs. CBO estimates that the net effect on direct spending from enacting this provision would be insignificant.

Title X of the legislation would establish new criminal and civil penalties. CBO estimates that any new revenues resulting from those penalties or related direct spending (of criminal penalties from the Crime Victims Fund) would be less than \$500.00 a year.

Other provisions of H.R. 3619 would direct the USCG to donate certain real and personal property to local governments or other nonfederal entities. CBO expects that, under current law, nearly all of that property would either be retained by the USCG or eventually given to other federal or nonfederal entities; therefore, donating those assets under the legislation would result in no significant loss of offsetting receipts.
