

anybody that didn't have their case resolved in Pigford I would be resolved here under the 2008 farm bill. But Tom Vilsack took license and sat down with Eric Holder, and they're poised tomorrow to stick the taxpayers for another \$1.15 billion, Madam Speaker. And it's time the American people said enough. This election was about debt and deficit and jobs and the economy, and we have to have the will to say "no" and draw a bright line. And there isn't guilt on the part of this country that should cause us—it can't be assuaged anyway by borrowing money and paying out people that don't have it coming. We want to make sure we make those people whole who were discriminated against.

I want to look into this deeply. I want to follow the money. I want to track and sort the applications, put them all on a big spreadsheet and see what the data indicates. And I think we will find that there is a massive amount of fraud. And we may lose this vote tomorrow, Madam Speaker, we may lose it. And if we lose this vote tomorrow, it still calls upon us to shed sunlight on this issue so the American people know what happened so that we don't do it again, so that we don't queue this up to go down the list of the other minorities—the Hispanics, the women, the Native Americans, and so on.

So I come to speak of the Pigford Farms issue, which I am completely convinced has far more fraud in it than it has legitimate claims, and that the American people deserve equal justice under the law, and if they have a legitimate claim it should be able to withstand the scrutiny.

I stand in opposition to the funding of Pigford II and the people that perpetrated it, Madam Speaker.

I yield back the balance of my time.
